GIRL DISAPPEARS NEAR WEDDING DAY

Lilly Pratt of Tacoma Vanished Eight Days Ago, Leaving Absolutely No Trace.

(Special Dispatch to The Journal.)
 Tacoma, Wash., June 4.—Miss Lilly Pratt, the 22-year-old daughter of Mr. and Mrs. John Pratt, mysteriously disappeared a week ago yesterday and un-

remitting search on the part of friends and the police of both Tacoma and Seattle has failed to start a single clue that would indicate her fate. She was to have been married today to Mr. D'Arcy Dawson, a young man of Seattle. For a day after her disappearance the family supposed she had gone on a visit to Seattle. When she left Mr. and Mrs. Pratt were away from home. One of the neighbors saw her take a car for down town, and that is the last trace of her. She had been sickly for some time, and Mr. Pratt fears she has either committed suicide or wandered away.

of logs on hand and the inability of the railroads to move the lumber as the mills cut it. The Washington Logging & Brokerage company estimates 200,000,000 feet of logs in boom in Puget sound, sufficient to supply the mills for three months. Independent loggers have another 20,000,000 ready for market. It may be 49 or even 50 days before the loggers resume. Approximately 3,000 men are thrown out of employment, but railroad contractors can use all these and more.

LOGGERS' SHUTDOWN ALMOST COMPLETE

(Special Dispatch to The Journal.)
 Tacoma, Wash., June 4.—Superintendent Bottelle of the Tacoma street railway has adopted a new method of safeguarding the public. Illustrated advertisements and instructions, showing the proper way to alight from a car, have been inserted in the newspapers. The printed instructions for getting off a car in the proper manner are:

Fort Benton, Mont., June 4.—Albert Patterson, a well-known sheepman of this section, is dead from ptomaine poisoning as the result of eating canned beef. Patterson was traveling overland and upon his arrival at the Fort Shaw Indian agency made a hearty meal of the canned article. He was taken ill immediately and when medical aid reached him was dying.

Tillamook Herald: Wild berries are ripening at these days, and the gold and red of the salmonberry predominates. Old Bruin won't have to diet on skunk cabbage this year, for there will be loads upon loads of berries in the woods.

HIGH WATER WRECKS OAKS CAR SERVICE

Because of the high water in the Willamette several feet of the new fill between the city and the Oaks has slipped into the water, making it impossible to operate the double track laid during the winter, especially for the Oaks traffic. The double track was in use only a short time Memorial day.

Sparrow Hawk Killing Off Sparrows. Lawrence Correspondence Topeka Capital.

Charles Wall, who lives north of town, says that the English sparrows in this part of the country, which have become such a pest for a good many years, are no longer increasing in numbers and that they have almost entirely ceased to be the nuisance they formerly were.

The reason he gives is that the sparrow hawk are killing them off and that the sparrows cannot multiply as fast as the hawks do away with them. The sparrow, he says, stay near the

Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at nights, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Don't try other brands. Give a trial. Price 25 cents. Sold by all druggists.
