Amendment to Charter Which Provides for Additional Pipe Line to Bull Run Creek Passed—Other Measures Passed.

It was a good day for the issuance of bonds yesterday, and a poor one for any increase in the salaries of municipal officers.

The people of Portland, by their suffrage yesterday, provided for the issuance of bonds amounting to a grand total of \$5,225,000. They turned down increases in salaries which would have meant thousands of dollars additional. The amendment to the charter providing for the issuance of \$1,000,000 water bonds for the construction of an additional pipe line to Bull Run creek was adopted by a vote of 5,658 for and 3,588 against. This result and also those following showed the complete vote with the exception of precincts 27 and 42, which had not come in at noon.

The amendment carrying a bond issue of \$1,000,000 for the construction of parks and boulevards was passed with a vote of 5,498 for and 4,859 against. The \$500,000 dock bond issue was carried by a vote of 3,890 for and 3,477 against. The bridge bonds of \$450,000 were passed by a vote of 3,988 for and 2,398 against. The fireboat and water main bonds amounting to \$375,000, were adopted by a vote of 7,840 for and 4,058 against.

The amendment providing for the district assessment plan in improvement of streets was carried by a majority of more than 4,000. A like majority also carried the amendment providing for the remembrance of four fifths of the property owners against an improvement.

All the amendments providing for increase in municipal salaries were defeated by majorities ranging from 2,000 to 4,000.

The amendment providing for the increase of the salaries of councilmen from \$25 a month to \$100 a month was defeated by an overwhelming majority.

The amendment providing that the council should have power to conduct a free employment bureau was adopted by a large majority.

There will be no office of sergeant of police, that amendment being defeated. The people decided to annex Rose City Park and the territory immediately surrounding, by a majority of more than 2,300.
