Just Such a Home for You

'Way up above the fog, free from the dust and noise of the business part of town and yet only a few minutes away. These are the features that are causing such activity in

Council Crest Park

The plans for a number of new homes are now being made. More visitors to the Crest than ever before, and the actual start of building homes has made things active in Council Crest Park.

We have some of the choicest building locations left and prices are eminently reasonable, and the terms are about as you wish them.

Phone us, Main 550, to call for you to go and see Council Crest Park.

H. W. Lemcke Company.

This is a hard, common-sense business talk. If you are seriously interested in securing a home site where it will be for your best interests, read every word of it. If you are merely looking for free ice cream, strawberry shortcake, picnic lunches, and a good time in general, then pass us by. We are not catering to your appetite, your love of recreation, or your children. We are talking directly to your business judgment, which, if properly developed, will show you the way to provide all these "free" offerings for yourself. This is the way; follow us:

You have had many chances to buy East Side residence lots; they all look about alike to you—easy terms, etc. But let us tell you there is as much difference in lots and locations as in June brides—you want to choose your own bride, don't you? The first thing you notice about our proposition—Irvington Park—is that you instantly choose it—you fall in love with it at first sight.

First Allurement, Its Beauty It is sightly, high, a magnificently situated natural park-like stretch of land, with an outlook in every direction on Portland's unmatched scenery—the mountains, the river, the distant hills, Vancouver, the barracks, with a large variety of trees tastefully distributed so that each lot has plenty of shade, at the same time being cleared ready for building and planting a garden. Its beauty makes it your instantaneous choice.

A Business Proposition By reason of this natural position, and its ready accessibility—a 20-minute car ride from the heart of the city—it is bound to be the home section of the elite—the Lake Shore Drive settlement of Portland. When Potter Palmer first bought a home site on Chicago's famous Lake Shore Drive, he paid a very small sum (comparatively) for it. Some people thought he and Marshall Field and others of their kind rather foolish to put money into lots out there where nothing much was doing, but these far-sighted young men saw that the natural direction of Chicago's expansion must be that way, so there they bought, and there their few dollars grew into thousands and millions. Irvington Park will repeat Potter Palmer's experience for every purchaser who holds on. Its location is pronounced unquestionably the choicest in Portland for homes of the wealthy by real estate experts whose judgment is not biased by personal interests.

A Small Fortune for You You can own a lot in Irvington Park today if you have a $10 bill in your pocket and can spare $10 a month till $200—the ridiculously low price we ask for these splendid 50x100 foot lots—is paid in; then the deed is yours. In six months you can sell it for twice that amount—in a year, for three times; or you can just let it lie and in the years to come realize thousands.

It Is Not Just An Ad The unthinking reader says carelessly, "Oh, that's just an ad;" and passes this chance by; the thinking reader says: "That's sound argument; I'll step in and have a talk with Holbrook." We want to meet the thinking men and women, who are not satisfied to see others get all the benefits of this new western country. We have a proposition that will interest you.

MACHINE WILL DO BOOKKEEPING

Clerks to Be Replaced by Wonderful Mechanical Invention.

(Journal Special Service.)

Chicago, June 6.—Men and women who for years have earned their living through cleverness at figures, are to be displaced by a machine. The inventor, Samuel E. Carlin, has produced what unprejudiced investigators have designated as a mechanical wonder, a machine that will add, subtract, divide and multiply, and that will calculate in vertical and horizontal lines simultaneously, and show a balance of any account at any moment of the day. Nearly every bank in Chicago has inquired into the Carlin wonder worker, and all are declared to be anxious to put it to use.

The machine, it is claimed, can be used in any place where books are kept. It is operated through the medium of an ordinary typewriter, to which is attached an electric motor. All the operator has to do, is to sit at the machine and strike it. It is declared that a novice at bookkeeping can hit off bank balances as well as an expert, once he learns the mechanical details of the machine's operation.

Baptist Convention at Newberg.

(Special Dispatch to The Journal.)

Newberg, Or., June 6.—The fifty-fourth anniversary of the West Willamette Baptist association is in session here, Rev. C. H. Davis presiding. Many delegates are being entertained. Rev. G. W. A. Stewart of Berkeley, California, delivered an address Tuesday evening. The afternoon sessions are devoted to study classes, led by different delegates, and are very beneficial.

Preferred Stock Canned Goods.

STREET CAR PARADE

Striking Feature That Will Prove Fascinating for Rose City Park Opening.

One of the striking features of the opening of Rose City Park next Saturday will be a streetcar parade. Arrangements have been made by Hartman & Thompson with the streetcar company to have cars start at nearly all of the terminals of the line at approximately the same time. These cars will all converge at Third and Yamhill streets, where they will unite in one procession and proceed to Rose City Park.

The leading car will be provided with a full brass band, playing martial music all the way to the grounds. The musical program will be continued at Rose City Park. Special concerts will be held in the groves during the entire afternoon. If the weather is not too warm the little folks, for this will be Children's day at Rose City Park, will be assembled in military parade and under the escort of the band will march through the beautiful groves of the addition.

Bevies of children in all parts of the addition will be in charge of competent women, who will arrange such games as blind man's buff, hide and seek, drop the handkerchief and all of the childhood games that can be thought of for the enjoyment of the little folks. The plans for the day, taken altogether, will be very comprehensive, catering to the pleasure of the little folks and also to the parents. For the entertainment of the latter, aside from the band concert, arrangements are being made for a vocal concert.

It is thought probable that a grand illumination of some kind will be had in the evening, if the weather will permit. Special music will be engaged for this purpose. The cars will run all day and if the weather permits, into the evening for the accommodation of the older people.

THREE PIONEERS OF MONTANA PASS AWAY

Death Claims F. P. Cowell, Samuel Melville and William Porter.

(Journal Special Service.)

Helena, Mont., June 6.—Three Montana pioneers have crossed the great divide and still another is lying at the point of death at Virginia City. The latter is Lucius Kellogg, one of the oldest residents of Albert Gulch, and prominent in Masonic circles.

F. P. Cowell, one of the leading sheepmen of northern Montana is dead at Long Beach, California. He came to Montana when 16 years old from Iowa, and had been a resident of this state for 40 years, residing near Chinook.

Samuel Melville is dead in Butte, aged 76 years, after an illness of four weeks. He turned his attention to mining and acquired a considerable amount of property, among these being interests of more or less prominence. He was also prominent in politics. First as a Democrat, and then as a Populist. He was elected to the legislature on the Populist ticket and introduced a number of measures.

William Porter, 80 years old, was fatally injured in a runaway accident at Hamilton. He had been a resident of Montana since the early sixties. He held a high place in Masonic circles, having joined St. Patrick's lodge in that order in New York, in 1852. He afterwards had his membership transferred to Butte lodge and was past high priest in the Royal Arch Masons. Mr. Porter was a native of London.

THERE ARE FEW

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe. Sold by all druggists.

Hermiston City Election.

(Special Dispatch to The Journal.)

Hermiston, Or., June 6.—By order of the Umatilla county court a special election is to be held June 18, to decide the question of incorporating the town. An election of city officers will be held at the same time. The following will be voted for: Mayor, six councilmen, recorder, marshal and treasurer.

GOOD YEAR'S WORK IN SCHOOL CLOSED

Woodland, Washington, Has Become Distinguished for the Efficiency of Her Schools.

(Special Dispatch to The Journal.)

Woodland, Wash., June 6.—The Woodland public schools will close today. The commencement exercises will be held at the schoolhouse this afternoon. The grades will close with a picnic.

This year's work has been a most successful one. Under the administration of Principal W. Ernest Crowe and his teachers the Woodland schools have been brought to the front and are recognized as the best in the county.

In all interscholastic meets of the county Woodland has been victorious. Every debate has been won, a good record in athletics established, and in the recent state eighth grade examination, which proved a Waterloo all over the state, Woodland won first rank in the county.

Brains and Athletics Mix.

The five who will be graduated today from the eighth grade are:

Lamar Blackburn, Dennis Swart, Frank Bennett, Earl Frasier and Percy Russell. The last four, whose work and class standings are of the very highest, are the boys who have been most active in athletics.

The two-years' high school work has been most successful and three will graduate from the tenth grade, Clara Goerig, Martha Griffith and Claude Bozarth. Miss Goerig and Mr. Bozarth have distinguished themselves as debators. They were not defeated once. Their class standings have been very high all year.

Principal Crowe will enjoy a visit to his parents in Indiana this summer. Miss Ruby Carver will visit her home in southern California. Miss Minnie Morden will attend summer school at Pullman. Miss Taylor will take a much-needed rest.

A Dangerous Deadlock,

that sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guaranteed absolutely satisfactory in every case or money back, at Red Cross Pharmacy. 25c.
