TODAY'S MARKETS

Cheese Market Shows Sky High Values as Compared With Those of a Year Ago —The Producers Reap All the Benefit.

CHEESE MARKET HOLDS STRONG

Supplies Not Heavy Enough to Fill All Orders—Much Higher Than Year Ago.

Today's market features:
First watermelon appears in market.
Cheese market has great strength.
Four cars bananas arrive.
Regular crates "canta" arriving.
Mississippi tomatoes in good shape.
California steamer brings produce.
String beans are lower again.
Strawberries sell very high.
Butter market rather easy.
Hop orders are coming again.
War in crackers may materialize.

Cheese Market Has Great Strength.

There is a very strong tone in the cheese market. While receipts are increasing the supplies cannot be compared with those of this period in any previous season. Today cheese is quoted along the street at 15½c for flats, while on this date a year ago the market was slow and dull at 11c a pound. "We have never seen the cheese market to show such great strength at this time of the year as at present," says William Owens of West & Owens, representatives of large cheese factories. "A year ago the market was considerably lower than at this time. Just now we are having hard trouble to supply the trade."

R. Robinson, a well-known cheese seller, says: "It's easy to tell how strong the cheese market is at this time as compared with previous years when I mention the fact that we are now paying the producer 14c a pound for his best cheese, while a year ago we were buying the same grade at 9½c. We have on the dock at this time about 600 boxes of cheese, but practically every case of it is sold. The same condition existed a week ago, and the prospects at this time are that next week's market will be fully as firm. At this time a year ago there was very heavy storage of cheese, but supplies have been so scarce to date that the regular trade could not be supplied at all times."

Creamery Butter Is Easier.

A considerably easier tone is shown in the creamery butter market. Supplies of cream are slightly increased, while the outlet of butter is much curtailed. A week or so ago everyone in the north was very anxious to buy, but now none of them are even making offers. A week ago they were offering 1½c to 2½c a pound more than the local trade, but now they are not even interested. While the market is easier the trade in general does not anticipate a decline, because even a fractional drop would cause a deluge of storage orders which would send the market to a higher point again.

Egg market is very steady with quotations holding at unchanged figures.

While there is no weakness apparent in the poultry market, the trade is not so anxious to buy at current figures. No surplus supplies as yet.

War in Crackers May Materialize.

It is reported that the Empire Cracker & Candy company, a new independent Spokane concern, is about to lock horns with the cracker trade of this city. For some time a war in crackers has been raging in the Spokane territory, and it is stated that the new concern has been having everything its own way. This victory is said to be responsible for its reported deterulination of invading the larger cities and the Portland market, said to be the hardest to tackle, will be tried first. While nothing definite regarding the project has as yet been made public, it is likewise reported that the new concern is seriously considering the advisability of building a large and up-to-date plant in this city.

Says Hops Are Looking Well.

There is much controversy regarding the appearance of the hop yards of the state at this time. Mr. Weidner, representing O. Weidner & Co. of this city, who has just returned from a five days' trip reviewing the hop yards in Polk, Yamhill and Washington counties, reports that these sections will produce as many or more hops than last year. "It is true," he says, "that some yards are not looking as well as the past season. These yards have produced large yields for a number of years, and as most growers did not fertilize this season the yards are resting. The yards that were poor a year ago look like they will produce a heavy crop this season. It is the cry every year that the yards are looking poor, but still we harvested last year around 138,000 bales, and I look for as heavy a crop this season."

According to Mr. Weidner the brewers in the United States, as well as in Europe, have a large stock of hops on hand. "With these conditions," he says, "we do not expect any heavy buying the coming season. This will leave a large surplus held by the growers and dealers. I figure that growers in Oregon have 24,000 bales at this time. Those in California I credit with 10,000 bales and in Washington 12,000 bales, a total of 55,000 bales for the coast."

Brief Notes of the Trade.

California steamer arrived with produce.
Four cars bananas arrived in best condition. Mostly green.
Strawberries selling very high. Price ranges from $1.25 to $2 today.
Mississippi tomatoes are shown in good shape today.
The first first watermelon of the season arrived this morning. It came from Coachella and was sold by Page & Son for $2.
Regular-size crates of cantaloupes are now being received from Thermal and Coachella. Price going lower.
String beans are lower again with liberal arrivals by steamer.

Death of Mrs. Howitt.

Mary Kelly Howitt, wife of T. R. Howitt, daughter of the late Plympton and Elizabeth A. Kelly, died today at her home in Gresham. The funeral will be held Sunday, June 9, at 2:30 p. m., from the Methodist church, in Gresham, interment in Multnomah cemetery.

Monday positively the last day of discount of west side gas bills.

WHAT DEALERS SAY OF LOCAL MARKETS

By Everding & Farrell.

Receipts of eggs are, to the best of our belief, lighter, but there is no change in the matter of prices or demand, for berries are coming freely and they make quite a difference in the matter of egg consumption.

Butter is firm for all grades, and it is very evident that there will be no cheap butter this year.

Poultry is doing very well, hens and large springs selling freely, but very small springs are not wanted at all. Shippers should be sure and send none of less than 1½ pounds each. Large spring ducks sell fairly well and a few large spring turkeys would go for fancy prices.

Veal, if fancy, are still selling well and at top prices, and the same is true as to small solid hogs, although larger hogs and and those less firm of flesh are quite neglected.

Hides are weaker all round, and it is not likely that they will again rule as high as they have been for a long time.

Old potatoes, if solid, will clean up well at top prices.

SHARP DROP IN LIVESTOCK

Hogs and Cattle Drop Twenty-Five Cents—Sheep Lose Twenty-Five to Fifty.

Portland Union Stockyards, June 8.—Livestock receipts:

	Hogs.	Cattle.	Sheep.
Today	...	700	1340
Week ago	31	96	440
Year ago	106	183	440
Year ago	25	25	600

While no hogs were received in the yards during the past 24 hours livestock receipts in general were very heavy for the last of the week and sharp declines resulted in quotations. Hogs dropped 25c on the general weakness.

Cattle were weak with supplies far too heavy for the week's end. This resulted in a drop of 25c all around. Receipts for the 24 hours totaled 700 head as against 96 head last Saturday, 183 head this date a year ago and 25 head in 1905. On this date a year ago the market was weak but unchanged.

Sheep show a very sharp break in values with the heavy arrivals. Former prices were cut 25 to 50c and even at the lower figures the market is just holding its own. Receipts were 1340 head as against none last Saturday, 440 head this date a year ago and 600 two years ago. A year ago sheep were weaker but unchanged in value.

Today 50 head of horses arrived in the yards. Official livestock prices:

Hogs—Best eastern Oregon, $6.75@7.00; stockers and feeders, $6.00@6.25; China fats, $6.25@6.50.

Cattle—Best eastern Oregon steers, $4.00@4.25; best cows and heifers, $3.25; bulls $2.00.

Sheep—Sheared, mixed, $4.50; lambs $5.50.

LIVESTOCK IS STEADY

Eastern Markets Hold Well—Hogs Left Over.

Chicago, June 8.—Livestock receipts:

	Hogs.	Cattle.	Sheep.
Chicago	12,000	400	4,000
Omaha	7,500	12,000	250
Kansas City	7,000	600	7,500

Hogs are steady at yesterday's closing prices with 6,000 left over. Receipts a year ago were 15,000. Mixed, $6.05@6.30; heavy, $6.15@6.27½; rough $5.80@6.05; light, $6.10@6.35.
Cattle steady.
Sheep steady.

NEW YORK STOCK MARKET

Harriman Issues Are Helped by a Washington Rumor.

The New York stock market continues bullish, today's closing being generally higher. It was generally believed by the trade that no action would be taken by the government against Harriman and this helped prices. Harriman & Co. were said to be buyers of Union Pacific shares, this resulting in a net advance of 1¾ points in that issue and 1¾ in Southern Pacific. The bank statement was bad.

KANSAS REPORT BOOSTS WHEAT

Condition of That State Is Now Given as Fifty-Six Per Cent.

Kansas Report Is Bullish.

The official estimate now gives 56 per cent as the condition of the Kansas wheat market. The report states that 21 per cent of the seeded area has been plowed up for various reasons.

CHICAGO WHEAT VALUES.

	June 8.	June 7.	Gain.	1906.
July	$ .96⅞	$ .95⅞	$ .01	$ .84½
September	.96⅝ B	.95⅝	.01⅛	.83⅝
December	1.00⅛	.99⅜	.01⅛	.84½

The Chicago wheat market started sharply lower on account of persistent selling by local bears. This cost the market ⅝c to ¼c of yesterday's price. However, the bears retreated soon after the opening, initial values being generally the low mark for the day.

The subsequent sharp advance early in the day was caused by the publication of the Kansas report, giving the condition of the crop in that state as 56 per cent of a normal one. The Australian wheat shipments were likewise a bullish feature. Broomhall gave them as 564,000 bushels for the week as against 756,000 bushels a week ago and 168,000 bushels for this week a year ago. The closing of the market shows net gain of 1c to 1¼c a bushel.

A representative of Logan & Bryan, Chicago brokers, who has just returned from a trip through six of the best wheat countries in Kansas, says:

"Things certainly look bad for the Kansas wheat crop this season. The wheat all shows the effect of the recent heavy frosts in that section."

EAST SIDERS RAISE FINE LEGAL POINT

Property Owners Bring Suit Against City to Avoid Sewer Assessments.

Twenty-nine east side property owners this morning filed in the circuit court a suit against the city of Portland to avoid having to pay assessments for the Irvington sewer. The plaintiffs allege that they do not live in Irvington, but in Vernon and Lester Park, and that the ground slopes away to the Columbia river from where they live, and not toward the Willamette, as it does in Irvington.

It is alleged that the Irvington sewer would not benefit them in any way, and that it would be unjust to tax them to pay for it. The suit is brought against the city, Mayor Lane and the council. The complainants are William Beckett, H. Gray, T. L. Hughes, H. H. Coop, W. B. Dolan, F. C. Walker, F. L. McClicking, Mary M. Hunter, F. C. Norris, N. A. Norris, H. H. Nelson, A. H. Berg, Isaac Butcher, T. C. Leighold, N. Hall, Charles Aungst, Ralph Allwen, A. A. Leavens, A. J. Arendt, L. Lumbquist, O. Lumbquist, P. L. Mathews, Emma Hemmel, R. E. Brown, J. A. Graef, Jessie Brooks, W. E. Eastman and J. Taubert. They want the assessment levied on them declared void and the attaching liens on their property removed.

COMMITTEE ASKED TO BUY FIRE HORSES

The recommendation of the fire commission to purchase 18 head of horses for the fire department was referred to a committee. The horses are to weigh between 1,450 and 1,600 pounds, and must be sound in every respect.

All bids to supply stationery for various departments of the city were rejected, for the reason that they were not itemized. New bids will be advertised for, and other bids were ordered returned unopened.

EFFORT BEING MADE TO FINISH CASE

The suit of the Contracting Engineering company against the Star Sand company, an action to recover $2,700 on alleged breach of contract for material to be used in constructing the foundation for the Wells-Fargo building, is on trial before a jury in United States circuit court. An effort is being made by the attorneys in the case to finish the trial this afternoon.

SLOWER TRAINS FROM CHICAGO

New Schedule of Running Time on Western Roads in Effect Tomorrow.

(Journal Special Service.)

Chicago, June 8.—New schedules under which the minimum time between Chicago and western points will be lengthened will be put into effect tomorrow by all of the railroads running west from this city. The new schedules are the result of several months of joint deliberation.

The time for the fastest passenger trains between this city and Omaha will be increased two hours, that between this clay and Kansas City will be increased one hour, and proportionate increases in the minimum running time will be made to nearly all other points. The time of the "limited" trains to Los Angeles will not be greatly affected, but the time between Chicago and San Francisco will be increased about four hours.

The railroad officials deny that the putting on of slower trains is in retaliation for the action of the western legislatures in the cutting of rates. The officials declare that the schedules that have been in effect for the past year or more have been found too fast for economical operation. Last winter, on account of unusual weather conditions, few of the western roads were able to operate their trains according to schedule. In increasing the running time the managers are acting in the belief that it will be more satisfactory to have schedules which can be maintained, even if ordinary delays to trains are encountered, than to disappoint passengers by delivering them at their destination later than the schedule time in case of any delay en route.
