THOMAS FLYER AND POPE HARTFORD

Sustain their world-wide reputation of being not only the fastest and most powerful, but the most reliable of road cars.

In the annual Portland hill-climbing contest a regular stock Thomas Flyer Runabout not only won in its own class, but distanced all competitors for the time prize by 27 seconds. Considering that the course was only one mile and a half, rough and full of sharp turns, this is a remarkable showing.

The Pope Hartford won easily in the \$3,000 class, winning over the nearest competitor, a six-cylinder car, by 12½ seconds.

We are also Northwestern distributors for Pope Toledos, Thomas Forties, Oldsmobiles, Franklins and Buicks.
