East Is Asking for Prones

During the past week or so every handler of prunes in Oregon as well as in California and Washington, has been awamped with in-

California Spud Market Dull. The potato market is very dull for Oregons in California. While the news reports from there state that there is still a very good de-mand for eastern stock for seed purposes, po

mand for eastern stock for seed purposes, no mention at all is made of Oregons. Private advices received by local shippers state that the call there is duli and lower prices are ruling as a result of the increasing receipts and demand for new stock. The local market is attll to receive and above with refere ruling states.

still in very good shape with prices ruling above those quoted in California.

Shortage Tells in Rice.

For several months reports have come from the southern rice-growing states to the effect that supplies of old crop were not sufficient to supply the trade until the new crop is ready. These reports have been entirely ignored by the trade and hand to mouth buying resulted. Now with the confirmation of the shortage in old crop and the prospects for a curtailed new crop on account of very unfavorable weather, rice prices are advanced. According to the local trade a number of the mills of the south have been forced to remain closed for some time because of the lack of

Cherry Supplies Are Plentiful. Supplies of local cherries are now quite leatiful and in consequence there is a lesser emand for the California product. Prices

or good stock.

Arrivals of strawberries were fair this morn-

ing but local demand was limited owing to the cooler weather. For good stock prices ruled between \$1.50 and \$1.75 a crate.

String beans from the south are much more plentiful and the price is being shaded. A small amount of local stuff arriving. Too

Tomatoes from Indio are in very fine shape and are selling from \$2.75 to \$3.00.

The car of Brawley cantaloupes, due for several days, was again posted as due today.

Eggs Are Steady but Unchanged.

Receipts of eggs have not been so liberal of late and this has caused a further strength-ening of the murket. Buying for storage and apot consumption is on an extensive scale; most of the storers buying f. o. b. at country

of prunes in Oregon as well as in California and Washington, has been swamped with inquiries from the east regarding the prospects for the prune crop. From every section of the Atlantic coast the inquiries are pouring in. Most of them are saking for quotations on the new crop but to date very little has been sold by western people. The reason for this is not that the westerners are unwilling to sell prunes—they simply are unwilling to take all the chances on the crop and market. It has been the experience of most every Pacific coast prune shipper to sell large amounts of prune futures to ensterners would not complain. If, on the other hand the crop turned out to be greater than expected, the orders would in many instances be cancelled. If they were not cancelled it is stated that the prunes would never be allowed to arrive in good condition; rejection being the last weapon in the hands of the easterners to make the selling of options all one-sided and in his favor. The western seller had no chance either way the market turned. This is the reason why they are gonerally opposed to the selling of prune futures.

The trade is bearish on cattle but no serious drops are at present anticipated from today's figures. It is expected that best stuff will sell to \$4 flat or a fraction under before the market begins to strengthen.

Only a few head of hogs came in during the 48 hours, arrivals totaling \$8 head as against none last Monday or the previous year and 90 head in 1905. Price just steady.

Receipts of sheep were liberal considering the heavy run on Saturday. Market holding.

Today 28 head of horses came in.

A year ago today all markets were weak but unchanged in value.

Sheep for Montans.
(Special Dispatch to The Journal.)
Baker City, Or., June 10.—John Fleming of Montans, has purchased 35,000 head of sheep through Lee Brothers of this place, and will ship 29 carloads Monday on Bay Bros.' account. The rest of the 35,000 head will be grazed in Baker county.

Horses Sell High.

(Journal Special Service.)

Wallowa, Or., June 10.—The present price of horses is such that good ones are fast leaving Wallowa county. A horse that but a few years ago could be purchased for \$40 now brings \$200, and they are hard to find at that price. The best kind of horses are now being bred in this county. CHICAGO WHEAT VALUES.

The Chicago wheat market had a sharp up-turn early but ispsed back into weakness after the government report was issued. Liverpool was strong from the start, opening and closing with a good advance. Visible supply shows a decrease of 612,000 bushels, while the primary receipts increased considerbaly. Good showers were reported all through the wheat country and this caused the heavy bear selling.

to allow females to congregate in the resorts.

Deprived of the profits derived from the sale of intoxicants, it became necessary to secure the revenue from some other source, and an admission fee was consequently exacted from all those desiring to attend the "vaudeville shows." Unable to partake of anything stronger than "soda pop" and in addition compelled to pay for admission, the patronage of the concert halls rapidly decreased. So poor became the business that it was only the hope of the election of Devlin, which was supposed to be synonomous with a "wide open town,"

GUESTS GARLANDED WITH PORTLAND ROSES

Trade Booming Excursionists From Omaha Showered With Flowers as Trolley Trip Proceeded Over City Streets-All Getting Acquainted as Planned.

In other cities Omaha's business men low in Portland were welcomed with smiles, handclasps and food; here they were garlanded with roses. Portland and Omaha are friends now.

Yesterday the representatives of the two cities were introduced and became acquainted; today they have become friends and companions. This afternoon 88 of the leading business and professional men of Omaha will leave

professional men of Omans will leave the city, carrying with them memories as pleasant as, if not more pleasant, than have been accumulated at any stopping-place along the route of their itinerary. Their cars were made bowers of bloom this afternoon while the Nebraskans were seeing the sights of the city.

Although the hour was early yesterday morning when the special train bearing the excursionists reached the Union depot, there was a large crowd of Portland people present to great the visitors. Governor Chamberlain and Mayor Lane presented the keys of the state and of the metropolis to the guests of the state and city. Many former Nebraskans found old friends on the train and a pleasant hour was spent in renewing old acquaintances and making new ones, after which the visitors were left to their own devices for the day. Means of entertainment were not lacking and the Omaha mens wandered over the city or spent the time as guests at the homes of old-time residents in the Golden Rod state.

Today the reception committee, made up of representatives from the various business and commercial organizations in the city, me the excursionists at the depot at 10 o'clock and took them for a streetcar trip to the various points of interest throughout the city. At noon the visitors were excorted to the commercial cubrooms, where an informal reception was tendered them until 1 o'clock, when lugcheon was served in the dining room of the city. that Erickson's kept open until the present time.

At the stroke of 1 this morning Hugo Fritz retired from the ranks of impressarios and will now turn his attention solely to the dispensation of liquor. With the orders of the administration that no concert or exhibition could be maintained in any place where liquor was sold or women employed there in any capacity Fritz partitioned off his third street and Burnside street bars and used the center of the large establishment as a theater. An orchestra of several women furnished the music and vaudeville acts of considerable merit were booked weekly. The place was kept under strict espionage by the police, but no evidence was ever secured of the sale of liquor.

Patrolman Sherwood, a new member of the department, who looks the part of a typical rustic, was detailed with Patrolman Burchell one night to make an investigation. Two bottles of beverage isbeled "Cincinnati" were selzed as evidence and the propretor and two women were arrested. In the police court the prosecution falled to make out a case and the defendants were discourse the concert hall was opened by August Erickson several years ago and until the action of the administration in enforcing the concert hall ordinance did a thriving business. When informed of the closing of the resort by a Journal representative this morning Chief Gritzmacher was greatly surprised. The police official stated that there had been but little complaint about the place, the only objectionable feature of the resort being the presence of women in the boxes. that Erickson's kept open until the pres-

NOTICE TO STOCKHOLDERS—The annual meeting of the Mexican Rubber Culture company will be held at the office of the company, room 313, Chamber of Commerce building, Portland, Oregon, on Tuesday, July 8, 1907, at 11 o'clock in the forenoon for the purpose of electing directors and the transaction of such other business as may lawfully come before the meeting for action, F. C. Barnes, secretary.

The men are clear headed and practical business men, and without exception they paint the possibilities of Oregon in glowing terms.

Oscar R. Allen, secretary and treasurer of the Allen Brothers company, one of the largest jobbing houses of Omaha, expresses the universal sentiment of the visitors in his discussion of Oregon and of Portiand. He is surprised at the possibilities of the country and most of all at the vast number of ungrasped and unworked opportunities.

The majority of the men comprising the excursion have never visited the northwest prior to their present trip, and the impressions gained are new. The men are clear headed and practical

afternoon at 3 o'clock.

The excursion although representing business houses, is not a business-getting proposition, according to the members of the party. At this time the business men are not seeking business but acquaintanceship. From the visit, business relations are expected to spring but that is a future consideration and not a present intention.

Resolutions Passed by Opposition Party in Tokio to Force Acts of Reprisal.

(Journal Special Service.) Tokio, June 10. - The Progressive

parties council today adopted the folowing resolution: "The anti-Japanese feeling in the Pacific coast states, especially in San Francisco, which culminated in an assault on Japanese trading places this month, constitutes one of the most flagrant violations of the rights guaranteed by the treaty conclud-ed on the basis of equal footing between the two nations. Necessary and proper steps must be taken by our government in order to maintain our national dignity and permanently insure the safety of the rights and property of our com-patriots in America.

Washington, June 10.—The threatened international incident of Japan
versus the United States, as a result
of the San Francisco disurbance, is
merely an exhibition of ward politics
on a large scale. The only international feature is that there happens to
be in this country a number of Japa
sympathizing with the opposition party
at home. The traditional friendship
between Japan and the United States
will not be disturbed. The San Francisco incident is regarded as not bigger
than a window-smashing affair.

ORCHARD'S TESTIMONY DISCUSSED INFORMALLY

A meeting of the Presbyterian ministers was held this forenoon in the First Presbyterian church, corner of Tweifth and Alder street. Dr. Parfell of the San Joaquin valley, California is on his way home from Boise, where he has been attending the Haywood trial. He gave an informal talk to those present about the Orchard testimony, which he heard. Dr. Ruffell was in the Pacific hotel the night Governor Steunenberg left the hotel to go to his death from the bomb at his gate.

Rev. Mr. Burkholder then lectured on "Denominational Papers," after which followed an informal discussion.

The Portland Methodist preachers meeting met as usual in Taylor street church this morning at 10 o'clock. Dr. W. B. Hollingshead read a paper entitled "What Do the People of Today Demand of the Preacher." isters was held this forenoon in the

It is reported that a secret but persistent campaign to undermine Speaker Cannon's boom for the presidency is under way in Chicago, with Governor Densen's allies among the Republican politicians as its backers. The discovery has caused a stir among Cannon supporters.
