WEATHER REPORT.

The north Pacific disturbance has crossed the Rocky mountains and now extends as a trough of low pressure from Alberta south to Utah. It has caused general rains on the Pacific slope as far south as San Diego, Cal. The following maximum wind velocities have occurred: North Head, Washington, 48 miles west; Seattle, 45 miles southwest; Portland, 26 miles south; Baker City, 26 miles sonth; Pocatello, 32 miles southwest. Although there is no well-defined disturbance in the eastern states, light to moderately heavy rains have occurred in the lower Missourl, upper Mississippl and Ohio valleys. It is much cooler in the north Pacific states, and generally warmer along the east slope of the Rocky mountains. The north Pacific disturbance has

ONE OF TODAY'S JOURNAL CLASSIFIED ADS. IS PROB-ABLY

WORTH A DOLLAR A LINE TO YOU

It is rather an exceptiona day when this newspaper does not print a classified advertisement that is worth a dollar a line to somebody. And, in most cases, that "somebody" might as well be you.

Perhaps in a half dozen lines there is a real estate opportunity advertised which-if you could take full advantage of it -would, in a few months, yield you a profit equal to a very big ad, at a dollar a line. Perhaps a few lines of type offer you an opportunity to secure a better job-and that ad., surely, would be worth a dollar a line to you! Your "dollar-a-line" ad. may

appear in almost any classification in the paper. It may be a three-line ad., or a ten-line one. It may be an effer of something or a quest for something. In any event, when you FIND IT your business instinct will IDENTIFY IT-so that it is important that you lose no more time in looking for it!
