'VARSITY WANTS FOOTBALL MEN

Four of Oregon's Star Pigskin Kickers Graduate—New Material Wanted.

NEW BLOOD EXPECTED FROM HIGH SCHOOLS

Taylor of H. M. A. and Kellogg of Baker City, Noted Strong Men, Would Be Valuable Additions to Team—Other Possibilities.

(Special Dispatch to The Journal.) University of Oregon, Eugene, June 12.—Owing to the fact that Oregon loses by graduation this year four of her best football men, next season there will be an extraordinarily good chance for new material.

While graduation leaves four places empty, there will be room for five or six good men, since last fall one or two players of the team were relatively weak. That the needed men to fill the holes on last year's championship team will be found seems assured. Such men as Taylor, of Portland, Kellogg of Baker City, McCoy of The Dalles, Hildebrand and Thornton of Roseburg stand very good chances of the team under the most strenuous conditions. Besides these there will be plenty of other strong candidates from all over the state whose merits are not so well known. Dark horses frequently have made Oregon's best men.

All of the other members of the team intend to return. These are Hammond, Gilles and Scott who played as guards; Arnsperger, Pinkham and Moulton, tackle; Captain Moore, at end; Kuykendall, who played quarterback while LeTourneau was laid up; Clarke and Zacharias, halves.

The most prominent men on the second team of last year who will be back are Hathaway, Trout, Hawley, Obersteuffer, Woods and Voight. "Mike" Walker, an old O. A. C. player of two or three years ago, who was in the university last year, will try out, probably for a line position, and "Sharkey" Huston, the fast second-baseman of this year's baseball team, will also try to try for quarter or an end position. McIntire is another man who was out of college last fall, but who has had two years' varsity experience.

DO WISE ONES EVER BUNT THIRD STRIKE?

Is bunting the third strike good baseball? That depends.

Sometimes it is, says Ned Hanlon, manager of the Reds.

"Do the unexpected," says Hanlon. "Bunting the third strike is just one of the tricks the other fellows are not looking for."

"Catch your opponents unawares and you have them beaten at every move. You lessen their confidence, make them nervous and upset them generally."

"You can't be doing the unexpected unless you have nerve, and that is one of the things that helps wonderfully to win games."

The old Baltimore crowd was made up of players who were aggressive, offensive—scrappy, if you please—but their best assets were their nerve and their irrefragable determination to do what the enemy didn't think they would do.

"Underlying their great work were these characteristics. You can develop into stars if you'll just use your noodle continuously and develop your nerve."

PORTLAND YOUTH WILL ROW AT POUGHKEEPSIE

Max Smith Jr. of this city has won a place on the freshman crew at Cornell university and will take part in the intercollegiate boat races at Poughkeepsie, New York, which begin June 25.

There were several hundred candidates for places on the crew.

Young Smith, who has won such honor at the big university at Ithaca, is a son of Max Smith, proprietor of the Savoy restaurant.

Smith received his early education under Dr. Hill at Bishop Scott academy and is a graduate of the Portland academy.

The honor of winning a place on the crew is increased because of the provision by the university faculty that only students in the best standing in their class duties may take part in any of the great sporting events.

Estacada Wants Ball Game. Estacada wants a baseball game for next Sunday at Estacada. Any team desiring a match can address Manager F. E. Hoyer at that place. The Estacada team has a record of four victories out of six games, and especially desires to meet city teams of the West Enders class.

File Up Big Score. The Lane-Davis seniors of branch 3 defeated the Nashville ball team Sunday by the score of 24 to 2. The feature of the game was the batting of the Lane-Davis players, whose next game will be with Lewis at the latter's grounds Sunday afternoon.

FOREST GROVE COLTS, WHO HAVE WON NINE STRAIGHT VICTORIES THIS SEASON

Top row, reading from left to right—Britton, first base; Davis, third base; Jack Wirts, manager and utility; Moore, center field; Matlock, utility. Second row—R. Schults, second base; Getter, catcher; Willie Schults, left field; Bettles, pitcher. Bottom row—Brown, right field; Koppie, shortstop.

BIG SALARIES ARE PAID TO WORLD'S BEST BALL PLAYERS

Crawford, Keeler, Stone, Jones, Jajole, Davis, Stahl and Collins get good pay for six months' work:

Crawford, Detroit	\$3,500
Keeler, New York	5,200
Stone, St. Louis	3,600
Jones, Chicago	5,000
Davis, Athletics	3,800
Stahl, Washington	3,500
Collins, Boston	4,200
Jajole, Cleveland	3,500

Every club has its high-priced beauty. One player stands prominently to the front on each club and draws heavy pay envelopes. Crawford is Detroit's leader, with Bill Coughlin second in line. Sam has an income of \$2,500 for six months' work. Keeler was raised this year from \$5,000 to \$5,200. He is a great ball player and earns this amount. Griffith, the manager, draws \$5,000. Stone, the champion batsman, is a comparatively cheap man at \$3,600. He is worth the money—every bit of it. Jake Stahl got \$3,500 for managing the Washington club last year. He will probably be cut if he stays this year. Manager Jones of the White Sox has been raised from \$4,500 to \$5,000. Larry Jajole is the king-pin in the salary line, getting \$6,500 for the season. Collins, the former Boston manager, drew something like \$5,000 while he was manager. He signed for this season for \$4,200. "Chick" Stahl, the new manager, will be paid \$3,800. Harry Davis, the lanky first sacker on the Philadelphia club, is Connie Mack's highest-priced man. In nearly every instance the star drawing big money is a "prize" ball manipulator.

GAME TODAY IF NO MORE SHOWERS FALL

YESTERDAY'S RESULTS. Oakland, 5; San Francisco, 2. Portland and Los Angeles, no game.

STANDING OF THE CLUBS.

Los Angeles	20	23	.464
San Francisco	25	27	.481
Oakland	22	31	.414

If there are no discouraging showers this afternoon Portland and Los Angeles will cross bats at Recreation Park. Captain Dillon and his heavy hitters arrived in plenty of time to play yesterday, but the rain prevented a game. Manager McCredie of the Beavers has a deal on for two pitchers and an infielder, but the result is still uncertain.

SPORTING EDITORS TO UMPIRE CHARITY GAME

Interest in the lawyers-doctors-venus-bankers baseball game on June 22 is on the increase. The college parade promises a good turnout and the game itself should be a hummer. The bankers think they will have a walkover, but the professional men are rapidly rounding into their old university form and will surprise somebody. Last Sunday morning the doctors and lawyers played a picnic nine on the diamond, and scored a shut-out. The sporting editors of the Telegram, Oregonian and Journal, and the Register, W. G. McKee and J. K. Turner—have been engaged to umpire the game.

JOHNNY SUMMERS WANTS A FIGHT

American Featherweights Fighting Shy of British Champion.

(Journal Special Service.) New York, June 12.—Johnny Summers, the little Britisher, is just sparring for a fight. He and his stubby trainer, Alf Wicks, are at New Dorp, Staten Island, fiddling their time away when they might be in the ring pummeling the heads of half a dozen likely-looking and ambitious American candidates for the featherweight championship of the world.

SHRUBB WILL RACE WILLIAM SHERRING

Alfred Shrub, the champion British long-distance runner, will be matched to meet William Sherring, the winner of the Marathon event at Athens. Sherring is said to have turned professional. The race will be run at Buffalo on July 1. It is said that the arrangements have been concluded for the match, and the only thing that remains unsettled is the amount of the stakes. The race will probably be the greatest event of the kind ever seen in this country. Shrub ran rings around all competitors in England and Australia, and traveled the world over in the hope of finding a worthy foe on the track. He came to America in the hope of meeting the Indian Longboat, but before his arrival Longboat was reinforced by an amateur, and all the Englishman's hopes in that direction were shattered.

VASSAR MADE RECORDS DURING PAST SEASON

Vassar has gone into the record-breaking business in athletics. At the recent games in Poughkeepsie, Mildred Vilas, '07, of Cleveland and Inez Milholland, '08, of London established new athletic records. Miss Vilas made a fence vault of 4 feet 10 inches, the previous record was 4 feet 10 inches, made by D. B. Merrill, '02, in 1901. Miss Milholland put the eight-pound shot 31 feet 8 1/2 inches, breaking the record of 29 feet 1 1/2 inches, made by E. H. White in 1902. Miss Milholland is an English girl and is an enthusiastic suffragette. She is the strongest girl who has ever attended Vassar, and when she undertakes to go before parliament the London bobbies will have their hands full.

ATHLETIC CAPTAINS ELECTED AT EUGENE

(Special Dispatch to The Journal.) University of Oregon, Eugene, June 12.—Yesterday the champion team of the northwest, and probably the team of the United States, elected Dan Kelly of Baker city captain for the 1908 season. Kelly, it is understood, will not go east next year, but will return to Oregon. Richard Hathaway, a Portland student, was elected captain of the baseball team for the season of 1908. Hathaway has played consistent ball all season at third base, and was chosen without opposition.

THE NEW REMEDY Take It Now That Vacation Days Are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health. To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise, and perhaps a vacation. But Mi-o-na stomach tablets taken with regularity, in a very few days will drive away indigestion, dizziness, distress after eating, headache, sleeplessness, and the many other symptoms of bad digestion and sluggishness of the digestive organs that keep people from enjoying themselves. Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off. Strengthen the whole digestive system with Mi-o-na and you will soon find that both stomach and bowels do their work as they should. We absolutely agree that your money will be refunded should you buy a 50-cent box of Mi-o-na stomach tablets and not be satisfied with the results. Purity and Cleanliness

Cleanliness is necessary for purity in foods, and especially in beer. No one realizes this important fact more than Pabst. In the great Pabst Brewery at Milwaukee, everything is as neat and clean as in your own kitchen. Every grain of barley is washed and scoured before it is made into malt. Even the air in which the malt is grown is washed by being drawn through fourteen zinc screens, over each of which flows a constant stream of pure water. The great shining copper brew-kettles are washed and sterilized before each brew of
