DAN CUPID BIDS FAIR TO SMASH ALL FORMER RECORDS

With building operations, bank clearings, exports and increase in population breaking records with every report, Dan Cupid has started to do a little record breaking himself. The little blind god has droned along, just moderately busy, contenting himself with keeping up a fair average in the number of marriages each month, for nearly two years.

The last record Cupid made was in October, 1905, when he sent 255 couples to County Clerk Fields for marriage total for last June was 244.

Keyser, 251 Alder street, possesses a queer one, dated 1759. An engraving of St. George and the dragon is very plainly stamped on one side and a monogram which is not so easily discernible decorates the other side. According to the best authorities the coin is one from the old German provinces, presumably Brunswick.

There is a close relation between the rulers of some of the German provinces and the English kings so the connection of the dragon and St. George does not lack harmony. The coin was

ROCKPILE LAW APPROVED BY WOMEN IN CASES OF NON-SUPPORT

That the women of Portland approve the new law which provides that husbands who fail to support their families may be sent to the rockpile is shown by the fact that they have continued to invoke its aid since it went into effect. Two new charges have been lodged in the county court against husbands by wives who allege that they have not been supported.

day, June 29, when it is expected a large crowd will leave for the cool and inviting resorts by the whispering billows. The large side-wheeler has been thoroughly overhauled at the company's shipyard in North Portland. She will operate on a schedule like that of last year, departing from here daily except Sundsy and Monday in accordance with the tides at the mouth of the Columbia. The outlook for excursion business is considered good, especially because of the fact that many Portlanders are new arrivals here, anxious to revel in the beautiful panorama rolled up on both sides of the Columbia.

Freight for the new line began to arrive at Oak street dock this morning in response to a brief announcement to the effect that the steamer would leave tomorrow morning, and indications now point to her going out with a fairly good load. The Teal left The Dalles at 7 o'clock this morning and should be here early this evening unless detained at Cascade locks, which were put out of commission last night by a break in one of the cables that control the gates. With the Teal added to the fleet of steamers plying between Portland and The Dalles the people on the upper river will have little cause for complaint on account of lack of transportation facilities. The Charles R. Spencer will make an excursion run to the Cascades next Sunday, leaving here at 9 o'clock in the morning. The D. P. & A. Prof. W. F. McDaniel, formerly Superintendent of Public Schools, Montezuma, Ohio, writes from the Census Office Building, at Washington, D. C., as follows:
"I can cheerfully recommend your Peruna as an excellent remedy for all catarrhal troubles, and also as an invigorating tonic."

Constipation, Liver Trouble. Mr. W. O. Clement, Assistant Mana-er "Rome Georgian," Rome, Georgia, Mr. W. O. Clement, Assistant Manager "Rome Georgian," Rome, Georgia, writes:

"It affords me pleasure to voluntarily testify to the true merits of your wonderful Peruna.

"I have for several years been suffering from disordered liver and chronic constipation, for which I had tried a great many remedies, but none did me any good. My whole system was so thoroughly overcome that I was easy to catch cold, and the consequence was that a chronic case of catarrh was fast developing.

"I have been taking Peruna for six weeks, and am happy to say that it has had the desired effect. My liver is in good condition, constipation disappeared, and I no longer feel any of the symptoms of catarrh.

"In truth, I sm now in better health and feel stronger than I have for several years, and it is all due to the wonderful effects of Peruna."
