

STAMPS STATEMENT AS ABSOLUTELY FALSE

Postmaster Minto Denies Accusation of Seattle's Assistant Postmaster to Effect That He Was Reprimanded for Alleged Padding of Local Postal Receipts.

Postmaster John W. Minto stamped the statement of Assistant Postmaster Collett of Seattle, to the effect that Mr. Minto had been severely reprimanded for padding Portland postal receipts, as absolutely false and without foundation. Mr. Minto stated that he could not see where the Seattle man had the slightest foundation for his quoted statement because only the friendliest relations existed between the Portland office and the postal department at Washington.

Seattle and is considered by postoffice employees the best evidence that they were not made in a legitimate manner. Had they been made without resorting to the underhand methods used by the Seattle people they would have been uniform for the entire year, the same as at Portland and other offices in every state in the country.

Georgetown Large Buyer.

Further evidence that the Seattle sales were not made entirely in Seattle is taken from a story in the Georgetown, Washington, Gazette-News, which says that the Georgetown brewery recently purchased \$1,800 worth of stamps in Seattle.

That the brewery at Georgetown was not the only firm that was made to pay tribute to Seattle's greatness and incidentally to increase the salary of Postmaster Stewart and his assistant, is known because of the fact that another firm in Georgetown was approached and asked to buy \$300 worth of stamps from the Seattle postoffice. The proprietor refused to do so, and made known the fact that underhand methods were being employed to swell the Seattle receipts.

Few Receipts Given Out.

Mr. Collett says further that he has been no disposed to conceal the monthly receipts of the Seattle office, but all attempts to secure these statements by outsiders have heretofore failed and even now in the story given out by Collett, only receipts for a few months were made public.

Instead of Mr. Minto being reprimanded by the department at Washington, inspectors who have investigated the Portland postoffice from time to time, have stated that it had the highest standing in Washington, which they say was greatly strengthened by Mr. Minto's action in declining to pad last year's receipts, which would have amounted to over \$1,000 of placing his salary in the \$5,000 class.

VANCOUVER WOMAN CODDLED "LITTLE JIMMY" GARFIELD

A little old lady at the Portland hotel yesterday was looking for Secretary of the Interior James Garfield, although she called him "Little Jimmy." She engaged the attention of persons about the desk and was sure that "Jimmy" was at the hotel, although he is not due to arrive until July 13.

She insisted that she recognizes ability when she sees it and is not afraid to say so.

Why, I knew Jimmy when he was a baby. And I knew that he would be a great man some day. He was the brightest, cunningest little fellow you ever saw. He used to toddle around me and follow my footsteps when he could hardly walk. When he learned to talk he always saved his longest conversations for me. Many an hour have we put in together and some of the stories Jimmy used to tell me were wonderful. He told me what he was going to do when he became a "great, big man." Always the same, he was to be a man like his father.

"And he is and will be. I have not seen him for a number of years, but I know that he will live up to his babyhood predictions. I am very anxious to see him and am positive that he is to be in Portland today. Are you sure he has not arrived?"

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

Gained Ten Pounds in Six Weeks

MR. RADNOR WILD.

Mr. Radnor Wild, of West Philadelphia, Pa., who is 73 years of age and has recently celebrated his golden wedding, says that Duffy's Pure Malt Whiskey is the best stimulant and tonic he has ever known. It increased his weight ten pounds in a very short time.

The Wilds came to this country from Oldham, England, 37 years ago, and moved to No. 6202 Grays Avenue, where Mr. Wild still resides.

"I am 73 years old and recently celebrated the golden anniversary of my wedding. I am taking Duffy's Pure Malt Whiskey and find it the best stimulant and tonic that I ever used. I gained ten pounds in six weeks since I commenced using it. I have recommended it to a great many people, and will continue to do so, as I regard it as a Godsend to suffering humanity."—RADNOR WILD, West Philadelphia, Pa., Feb. 15th, 1907.

Mr. Wild's experience is similar to that of thousands of men and women who have been restored to health, normal weight and vigor by the use of Duffy's Pure Malt Whiskey as prescribed.

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public. This private process insures quality and flavor. Its softness, palatability and freedom from those injurious substances found in other whiskey make it acceptable to the most sensitive stomach. It acts as an antitoxin which destroys and drives out all disease germs. Its results are free from that depressing effect caused by poisoning the blood with many medicines. It is a tonic and invigorant for old and young, and its medicinal properties make it invaluable to overworked men, delicate women and sickly children. Duffy's Pure Malt Whiskey has been analyzed many times by the best chemists during the past fifty years and has always been found to be absolutely pure.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, make sure the seal over the cork is unbroken and that our guarantee is on every bottle. Price \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

WILL AVOID MIX-UP AT SEATTLE-SESSION

Dr. Horsfall Learns a Lesson at Montreal and Will Handle the Crowd Without Confusion.

Seattle, June 14.—The fiasco at San Francisco a few years ago, where Christian Endeavorers poured into the city at the rate of a trainload every half hour for two days, confused strangers in a strange city, will not be repeated during the days of the Seattle convention in July. Dr. F. L. Horsfall, chairman of the reception committee, was a member of the general committee during the convention at Montreal, and the lessons learned at that time have been turned to account for the Seattle convention.

Members have been completed for their reception and entertainment and it is expected that they will be taken care of without any trouble.

Members of the reception committee will board excursion trains from 150 to 175 miles from Seattle. They will ascend the number of Endeavorers due to arrive in the city and will wire the facts to Dr. Horsfall. The Seattle Electric company will have sufficient cars waiting for the passengers of every train and the delegates will be immediately taken to the rooms prepared for them on their arrival. Members of the reception committee will accompany them to their quarters and see to their comfort.

Chairmen of delegations due to arrive have been requested to ask the members to limit their baggage, and arrangements have been made for its proper handling.
