

# DIG DEAL IN REALTY

W. H. and H. A. Moore Buy of A. J. McDaniel Three Choice Properties Involving Cash Consideration of \$72,000—Other Sales.

A real estate transaction involving \$72,000 was closed yesterday whereby W. H. Moore and H. A. Moore purchased from A. J. McDaniel three choice pieces of Portland property as follows:

One hundred by 150 feet at the northeast corner of Water and Montgomery streets, covered by a two-story brick warehouse, consideration \$50,000; a vacant quarter-block at the northwest corner of East Third and East Salmon streets, consideration \$12,000 and a handsome two-story residence on East Eleventh street, between East Alder and East Washington streets, consideration \$9,000.

George L. Peaslee, of Peaslee Bros. Printing company, has purchased from T. W. Zigler, a 25x30-foot lot on the east side of Park street, between Stark and Oak for \$15,000. The site adjoining the property recently purchased by Bushong & Co. and on which a five-story building is soon to go up. It is thought probable that a building will soon be erected on the Peaslee lot to be occupied by the Peaslee Bros. Printing company.

The Park hotel, at the southeast corner of Park and Gilliam streets, was sold again yesterday for the third time within the past year, and each time a handsome profit was made by the seller.

James Muckie, a wealthy Columbia river lawyer, purchased the property yesterday for \$60,000, through the agency of D. B. Mackie, who represented an Italian syndicate, headed by Angelo Cereghino.

The hotel covers a quarter-block and is a three-story brick.

## FOURTH COMMITTEE REPORTS PROGRESS

G. A. R. as Body Will Turn Out for Independence Day Parade—Other Arrangements.

Progress all along the line was reported by the sub-committee at the meeting of the fourth of July celebration committee last night. It is believed that by next Thursday night, when the general committee meets again the full program of exercises for the two days' celebration will be ready for publication.

Announcement was made that the G. A. R. as an organization would take part in the parade. Arrangements have been made by the fireworks committee to have a band of 25 pieces at the fair grounds on the evening of the Fourth when the fireworks are set off.

The committee on decorations requests merchants to leave the rose carnival decorations as they are and add the national colors to them.

## INTEREST LAGS IN BAY TOWNS

Roseburg Residents Claim Railroad Project Is Not Aided as It Should Be.

A strong sentiment prevails in Roseburg and vicinity that the Coos bay towns are not taking the proper interest in the movement recently inaugurated to build a railroad connecting Roseburg with the Coos bay country. At a railroad promotion meeting held in Roseburg about six weeks ago, a committee was appointed to solicit subscriptions to the proposed railway project, with the result that the committee raised over \$100,000 in less than 24 hours and reported that an additional \$100,000 could be raised in Douglas county.

At the same time subscription books were opened in Marshfield and North Bend and the people were invited to subscribe to the capital stock of the proposed road. So far the pages of the stock book remain clean, not a dollar having been subscribed. The Roseburg people are somewhat discouraged at the outlook, as they had reason to expect the enthusiastic cooperation of the Coos bay country. While it is admitted that the road would be of great help to Roseburg, it would be of incalculable value to the Coos bay country, which is now without any sort of rail connection with the outside world and from present prospects, so far as the Southern Pacific is concerned, will remain so indefinitely.

Those having the matter in hand at Roseburg have received an offer from eastern capitalists to build and equip the road provided the local people would subscribe \$100,000 toward the purchase of stock in the corporation and provide the right-of-way and terminal grounds. It is believed by the Roseburg promoters that as a result of the development league convention, renewed interest will be aroused in the building of the proposed road and that a sufficient guarantee will be raised to insure its building.

## WHEAT LANDS SOLD AT TOP NOTCH PRICE

Probably the largest sale of wheat lands ever consummated in Gilliam county was recently closed in this city, when W. H. and H. A. Moore sold to A. J. McDaniel and D. L. Kye 2,700 acres located on Rock creek for \$30,000. This price is equal to about \$22 an acre and is pretty nearly the top price so far reported for eastern Oregon wheat lands. The tract is considered one of the finest bodies of wheat land in the eastern part of the state and anything like a fair season is good for a bumper crop.

## ETHEL BARRYMORE ENDS HELIGG SEASON

The dates of Miss Ethel Barrymore's engagement at the Heligg have been changed from July 2 and 4, to July 5 and 6. She will appear here on those dates with a matinee July 2 in "Captain Jinks." Miss Barrymore's engagement will close the season at the Heligg. There are to be no more regular attractions at that house until her appearance. It is not likely that Miss Maude Adams will be seen in this city this season. Her tour of the west will, it is said, close at Oakland, California.

## Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wraps, what his medicines are made of and verifies by analysis. This he feels he can well afford to do because the ingredients of which his medicines are made are studied and understood and the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The Favorite Prescription is a most potent strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neurasthenia, hysterical spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

## TWO ACCIDENTS MARRED PARADE

Neither Attended by Serious Results, but Escapes Were Miraculous.

## YOUTHFUL RIDER WAS THROWN FROM HORSE

Animal Became Frightened at Cub Bears While Passing the Federal Building—Maccabees' Float Gave Way, Hurling Women to Ground.

Two accidents marred the pleasure of the big parade yesterday afternoon though neither was serious. Albert Holman, son of W. C. Holman, 434 Salmon street, was thrown from his horse opposite the postoffice on Morrison street and received painful bruises to his left thigh but was otherwise unharmed. The other accident was miraculous in that it did not result in fatalities when four large horses hitched to the Maccabees float became frightened and breaking from the control of their driver plunged into the dense crowd at the corner of Sixth and Morrison streets. Police and bystanders by prompt work prevented serious trouble.

People Hardly Realized. Both accidents happened near the same place and so quickly that they were almost over before the people realized what had taken place. The horse ridden by young Holman became frightened at two cub bears being drawn in a little wagon just at the head of the division of children riders. Suddenly scenting the wild animals the horse threw himself over backwards, falling across the left leg of his rider. Patrolman E. Adams sprang to the horse's head as he struggled to his feet and by main strength swung the animal away from the prostrate rider. The boy was taken to Nau's drugstore, where his injuries were examined. At first it was thought that the thigh had been broken but a later examination showed that the accident was not serious and the boy was removed to his home by his father.

Float Fell on Women. The accident to the Maccabees' float was caused by the breaking of some of the front stays holding the decorations, allowing the mass to fall upon the wheels. These horses plunged into the leaders and the four started straight for the densely-crowded curb at Sixth and Morrison. The team ran into a butcher's cart, however, and fell a tangled heap at the edge of the sidewalk. Patrolmen Murphy, Humphreys, Russell and Adams sprang to the horses' heads and with the aid of bystanders held the animals, thus preventing a serious accident. Patrolman Adams was kicked in the groin and Patrolman Russell was injured about the legs and feet by the struggling horses. Both were relieved and went to their homes. The other two policemen were bruised up but not seriously.

The women on the float were badly shaken up, being hurled through the air to the pavement when the horses started to run. None were seriously injured, however. Those receiving injuries were Mrs. F. J. Marshall, Archer Place, who had her hand cut; Mrs. W. A. Wilson of the La Grande Creamery, who was badly shaken up; Mrs. Margaret Cavannah, 335 Missouri avenue, bruised and shaken and Mrs. William Wright, 304 1/2 Russell street, who received injuries to her hip, back and temple. C. E. H. Ayres, a spectator of 24 Hubbard street, Montavilla, was slightly bruised by being caught by the horses as they fell. None of the injuries were serious, however, and the people were sent to their homes after being cared for at the Nau drugstore.

Your grocer returns your money if you don't like the Schilling's Tea; we pay him.

# Free Fire Works Free Ice Cream

## For All the Boys and Girls In Oregon, Washington and Idaho

To Help them to Celebrate the

I am spending \$22,000 in order to advertise "Golden Grain Granules," the pure rich cereal health-coffee, which is recognized as the standard of perfection. If properly cooked it has the peculiar flavor of 45-cent Mocha and Java. It is the young folks' delight—it builds them up, it strengthens them and they just love this drink as much as grown-up people.

I want the young folks to have their share of pleasure as well as health, and that is one reason why I make this offer through the columns of The Journal, which reaches thousands of homes in the northwest.

Prizes will be awarded July 2nd and the money shall be mailed the same day—The amounts given will range from 10c to \$5.00—Every child will get a prize—Any child from Six to Sixteen years of age, can take part in this Contest, with the exception of boys who smoke cigarettes.

(Boys who smoke cigarettes do not care for their health and I have no time nor money for them.)

In awarding the prizes I shall not take the spelling into consideration, as I presume the parents will in many cases help making up the letters, but the age of the child, the handwriting and the childish logic will have weight in judging the merit of every letter.

## Conditions of Contest

1. Order a package of Golden Grain Granules from your grocer.
2. Send me the empty carton having contained Golden Grain Granules.
3. Send me a letter, telling me how you like the coffee.
4. Send me the name of your grocer.
5. Send me the name of your school.
6. Explain either in writing or drawing how 13 packages of Golden Grain Granules can be packed in a case, leaving no vacant space in the case. Ask your grocer to show you the case, which will prove that it can be done. It is done daily in our factory.
7. Tell me why Golden Grain Granules often is called the American Family Drink and why it should be used in every home.
8. Tell me the exact weight of the package you get from your grocer. Your grocer will tell you, he has scales in his store.
9. State your age.
10. Write your name and address plainly.

If your grocer should happen to be short of Golden Grain Granules tell him to rush an order to any of the following jobbers, viz.:

All letters must reach me at my office before 12 o'clock noon, June 30. Oblige me by sending the letters as early as possible.

## JOHN BLAAUW, Advertising Manager "GOLDEN GRAIN GRANULES" 12 Front Street, Portland, Oregon

P. S.—This offer is only made through The Journal. Cut out this ad so you do not lose it. Show it to other children. Perhaps your teacher will allow you to stick it up on the wall in your school room, so all your classmates can get the same chance as you have. You may also tell your grocer, if you please, to paste this advertisement on his window, so all the children in the neighborhood can be in on this deal. Become a booster and boost! Some of the letters I get from the children will be published. THE NAMES OF ALL THE CHILDREN TAKING PART IN THIS CONTEST WILL BE PUBLISHED IN THE JOURNAL.
