

W. W. TINKLE IS LOCATED

After Rambling About for Four Years, Woodburn Man Regains Memory and Will Return to Wife Who Has Mourned Him as Dead

(Special Dispatch to The Journal.) Woodburn, Or., June 22.—W. W. Tinkle, who mysteriously disappeared from Woodburn August 28, 1903, has been heard from, and the biggest mystery in the history of Woodburn cleared up. Mrs. Tinkle, who with many others, had concluded that her husband was murdered and his body concealed, received letters from him this week stating:

W. W. Tinkle.

ing that he had suddenly awakened to his identity while working on a ranch near Modesto, California. He wrote that he would be here in less than a week.

When Mr. Tinkle left his home here, about 9 o'clock in the morning, he delivered some papers at a neighbor's, left his wheelbarrow there and proceeded to a hardware store, where he purchased some pans, stating that he would call for them after going to the postoffice. He was next seen at the bank at 10 o'clock, where he drew out \$15.

After that he seemed to have vanished. Neighbors made a thorough search of the surrounding country, and the news of the disappearance flashed on the wires all over the land, old friends at his former home at Pueblo, Colorado, being also very much concerned and mystified over the strange case. The Portland papers at the time took a deep interest in the mystery and published columns about it.

Mr. Tinkle is a Royal Arch Mason and 66 years of age. Upon his return to Woodburn next week, it is thought more light can be thrown upon the matter.

ROOSEVELT APPROVES POLITICAL TRICKERY

President Is Involved in a Smooth Game Framed by National Machine.

(Publishers' Press by Special Leased Wire.) Washington, June 22.—There will be delegations in the national Republican convention pledged to President Roosevelt. They will enter the convention under instructions to vote for Roosevelt and whomever he may favor for the presidential nomination.

It is not the purpose to have votes cast for Roosevelt on the balloting. It has been decided, however, to be an imperative necessity for the administration leaders to absolutely control their forces in the convention so as to prevent an attempt to unite the strength of "favorite sons" against them. It is the idea to have delegations pledged to Roosevelt only in those extreme cases where it is impossible to hold a delegation otherwise instructed.

PAPER MAKERS STRIKE FOR INCREASED PAY

(Special News by Longest Leased Wire.) Stevens Point, Wis., June 22.—The plant of the River Paper company was closed this afternoon by a strike of all the employees who demand a raise of 25 cents per day. A letter was recently received by the papermill workers in Wisconsin from General Organizer Papollute of Holyoke, Massachusetts, according to the men tonight. This letter is taken as the opening of labor troubles in the papermill, although all of its contents were not given out.

(Special Cable by W. T. Stead.) The Hague, June 22.—Americans are still very much to the fore in the peace conference. The illness of the Chinese ambassador virtually makes Mr. Foster China's representative, while Mr. Denison represents Japan in all committees. America only receives two presidencies of honor on committees, Mr. Payne of the American Peace society, and Myrta Davis, the American student delegate.

Mr. Garrison Willard has been defending the non-resident policy. Mrs. Cora Richmond of Chicago has presented an address from the American New Thought society, and the spiritualists to Mr. Nieldorf and a memorial to the conference signed by 40 American bishops is to be presented on Tuesday.

ATTORNEYS SAY AGED VETERAN CASE IS WEAK

Forty Witnesses Tell Story—But Two Saw Haywood and Orchard Together.

(Special News by Longest Leased Wire.) Boise, Ida., June 22.—Forty witnesses of the 150 summoned by the state to testify against W. D. Haywood, on trial for murder, have told their stories under oath. Only two of these witnesses ever saw Haywood and Orchard together, and the occasions on which the assassin and the accused men were in company, they appear to have been wholly innocent. The plottings and conspiring detailed by Harry Orchard have not in any way been established by the state, unless the self-admitted assassin's word be taken as reliable testimony.

If the jury of 12 farmers finds a verdict of guilty in this case it will be based entirely on inferential logic. The Orchard told the truth and his unsupported evidence is sufficient to convince the jurors of the defendant's guilt.
