COLLEGE CREWS RACE TOMORROW

Seven Big Institutions Will Compete for Supremacy at Poughkeepsie.

THREE CHAMPIONSHIPS WILL BE DETERMINED

Six Warships Are Already on Hand to Cheer Naval Academy Eight to Victory—Winners of Intercollegiate Races in Past Years.

Poughkeepsie, N. Y., June 25.—Oarsmen from Pennsylvania, Cornell, Columbia, Wisconsin, Syracuse, Georgetown and the Annapolis Naval Academy will compete tomorrow in the annual intercollegiate rowing regatta on the four-mile stretch of the Hudson river known as the Poughkeepsie course.

Three championship events will be decided—the varsity eights, the varsity fours and freshman eights, and the fight for premier honors promises to be full of interest and excitement.

The participation of the naval academy crew in the regatta for the first time gives added interest to the event this year.

In anticipation of the event, the advance guard of the big army of spectators arrived today, and judged by it, the races will be witnessed by a record-breaking crowd.

The town wears a holiday appearance, the colors of all the universities represented being displayed conspicuously in the principal streets.

A warlike aspect will be given to the regatta by the presence of six of Uncle Sam's peace-makers carrying nearly 500 embryos of the naval academy.

The midshipmen are now taking their practice cruise aboard these modern monitors, Florida and Arkansas and the torpedo-boats Talbot and Manly.

Specific Blood Poison
I cure this leprous disease completely. The system is thoroughly cleansed and every poisonous taint removed. The last symptom vanishes to appear no more, and all is accomplished by the use of harmless, blood-cleansing remedies.

Contracted Disorders
I have reduced the time required for curing contracted disorders about one half. This is an important achievement. It replaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center, the prostate gland, can become involved. To many men it means the difference between perfect health and a lifetime of misery and functional weakness. My method is mine alone. My treatment is original; in some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

My Success in Permanently Curing That Condition Commonly Known as "Weakness" Fully Demonstrates the Absolute Correctness of My Method of Treatment.

Stricture
Surgery is not only harsh, painful and dangerous, it is entirely unnecessary in the treatment of stricture. I employ a painless method by which the obstructing tissue is dissolved and all the membranes of the organs involved thoroughly cleansed and restored to a healthy state.

Varicocele
The perfection of my method of curing varicocele is no less than a marvelous achievement, and a most striking example of the wonderful possibilities of mild and gentle forms of treatment. Cause is removed. The patient is free from the folly of resorting to surgery in the treatment of this disease. I cure varicocele in one week, without cutting or pain, and seldom is it necessary to detain the patient a single day from his business. A cure is a certain, established throughout the organic system. Why suffer varicocele and endanger your health and manly power? My method is original and my treatment is independent of the harsh, painful and dangerous methods usually employed.
