

# GOVERNOR VARDAMAN IS CONVERTED AT REVIVAL

### Mississippi Executive Confesses His Sins in Presence of Four Thousand People and Promises Parson Catts to Lead a Better Life in Future.

James K. Vardaman

(Journal Special Service.) Jackson, Miss., June 26.—Governor Vardaman last night joined the long list of recruits credited to Rev. Mr. Catts, a revivalist, who has been winning scores of converts daily. The governor has attended the meetings regularly, and last night when the evangelist made a powerful plea to those who saw the wickedness of their ways to come forward and signify their intentions to do better, Governor Vardaman, to the surprise of several thousand spectators,

arose and strode resolutely to the front. In the presence of 4,000 people Governor Vardaman worked his way through the crowds and, facing the altar, said: "I have been a sinner, but tonight I surrender all and give myself to Christ, asking forgiveness. I shall henceforth serve him." Rev. Mr. Catts works his audience up to a high state of excitement. It frequently happens that women are overcome by hysterics and have to be carried out. Evangelist Catts himself collapsed several nights ago and fell from the pulpit.

# From Portland to Pacific Ocean Beaches in Two and a Half Hours

## BAY CITY ON TILLAMOOK BAY

Bay City is 57 miles directly west of Portland. If Stark street were continued along the base line to the coast, it would pass through Bay City. It is beautifully located on the east shore of Tillamook bay. By the Pacific Railway & Navigation company's line, now under construction, the ride will be 25 miles and E. K. Little, who is building the line, says the run can be made in less than two and one-half hours. Tillamook was named by the Indians and means "the gathering of the waters." This name was probably suggested by the fact that five rivers enter the bay. They are the Trask, Tillamook, Willam, Klubbis and Miamis. These rivers drain one of the richest sections of the United States. The Nehalem, 13 miles north, passes through another very productive region in Oregon. It is also tributary to Bay City, its ocean shipping point. Bay City is the only market in an empire of exceptional resources. Tillamook county has an area of 1,100 square miles. It is Oregon's best and most profitable dairying country. There is grass all the year round and 10,000,000 gallons of milk were produced last year. Tens of thousands of acres of land are available for this use. The average profit per cow, per year, in 1905 was 165. Here is one of the richest timber countries in the world. It is estimated that there is now standing, ready for the ax, 5,000,000 feet of spruce; 5,000,000,000 feet of hemlock and 20,000,000,000 feet of fir. Sawmill opportunities are unexcelled. Bay City cannot help becoming one of the greatest lumber exporting ports in all the world. It will take 100 years to exhaust the timber now standing. Bay City is the only outlet. The country around Bay City is not excelled anywhere for its fertility of soil. Garden truck of the very highest quality is easily raised without irrigation. Small fruits and apples are great producers. For berries it cannot be beaten. Bay City is the only outlet and market of deep water navigation on Tillamook bay is at Bay City. The "Lytle" road, the Pacific Railway & Navigation company's line, has its headquarters at Bay City. This road already has 16 miles in operation from Hillsboro to Buxton. A contract has been let to the Portland Bridge company for the construction of 20 miles from Bay City north. By October, more will be ready for operation. The line will enter Portland over its own tracks by next year. Within itself the requirements that promise to make it the largest and best city on the north Oregon coast. Its destiny is a matter of development. It is already a thriving town, growing rapidly and when within two and one-half hours ride from Portland it will advance rapidly enough to make investments in its property a substantial source of profit to all who purchase now. It is the history of all new cities that the greatest profit is made by those who buy before rail connections are built and hold their land until the road is completed. This is certainly true of Bay City.

## A FREE SITE IS OFFERED FOR THE FIRST SAWMILL

Special inducements are offered for factories that will locate in Bay City. Opportunities for profitable investment are better in Bay City land right now than in any other part of Oregon or the northwest. # HAVE YOU SEEN That Tray Full of Silver Half Dollars IN WOODARD, CLARKE'S WINDOW?

### It's for Someone---You? It's the Excitement of the Week!!!

Everybody's working on the prize name-and-business phrase contest! It can't be wholly an interest in the cash award of \$100 or the chance to win one of the additional 150 prizes, though we admit all this is well worth the small amount of time required. But it's a fact we've struck a popular chord! Every one knows the inventor of clever advertising ideas goes to the top among the money makers. And we are certainly giving the hidden genius a chance to show himself. We are raking the whole northwest with a fine tooth comb and we'll get the live ones! Any man, woman or youth who wouldn't wake up and try for this prize will sleep right through the trump of doom! The \$100 is worth the effort, any one of the 150 additional prizes is worth the effort, and the opportunity to present yourself before one of the biggest firms in the northwest—a firm that advertises like hot cakes—as the originator of a clever advertising phrase—is worth 100 times the effort. It may mean your fortune!

Get the back numbers of the paper—as far back as June 21, and read up on this vitally important contest. Get imbued with the spirit of it! Fill up on it! Then show us what your brains are worth. Here are some BUSINESS PHRASES well known to you. Can you beat them for MEATINESS, TERSENESS, ATTRACTIVENESS? "The Most for the Least," "The Big Bargain Store," "See Us—We Can Interest You," "An East Side Bank for East Side People," "We Pay 4 Per Cent," "Prices on the Square," "Something Doing Every Minute," "Oldest and Best," "A Trial Will Convince," "When You See It In Our Ads It's True," "If Not Right Welch Makes It Right."

## THE REQUIREMENTS:

It is part of the game for you to tell us what large, well advertised firm is making this offer; it isn't guess work—here's the key: We have jumbled the letters of our firm name, and in each announcement we print several of them; we began June 21, and on Saturday, June 29, we will give you the last ones. To enter this contest arrange these letters correctly to spell our name and paste them on a sheet of paper; mail the paper to the address below, together WITH YOUR SUGGESTION FOR A GOOD BUSINESS PHRASE, so as to reach us NOT LATER THAN JULY 1.
