REALTY MARKET SHOWS ACTIVITY

Transactions Yesterday Totaled \$60,573—Belated Instrument Is Filed.

Realty transfers filed for record yesterday totaled \$60,573. The largest single instrument filed was the deed conveying a portion of Balch gulch from Percy H. Hiyth to the Colonial investment company for \$35,000. A belated incident of Portland's first and only real estate boom came to light in the clerk's office yesterday when a deed dated December 30, 1903, from George H. to S. C. Armistage conveying property at Paradise Springs and Fulton Park was filed for record. Two new sales are reported in the North Portland warehouse district. At Fifth and Irving streets, G. W. Holcomb has purchased a 55-foot lot with improvements for \$25,000, and at the same street intersections G. W. Beer of Pendleton, has purchased an unimproved lot for \$11,000. D. M. Smith has purchased from W. O. Baross a quarter block at Sunnyside for \$3,900.

GARFIELD PARTY DUE NEXT MONTH

Secretary of Interior Will Investigate Oregon Land Situation With a View to Extension.

Secretary of Interior James E. Garfield, R. A. Hallinger, commissioner of the general land office, F. H. Newell, head of the reclamation service, and Clifford Pichot, chief forester, will arrive in Portland July 13, to consider and to investigate the Oregon land situation. This information was received by United States Attorney William C. Bristol upon his return from Denver yesterday. The visit of the officials is expected to result in much good in Oregon land matters. For several months efforts have been made to extend the operations of the government in Oregon in regard to land fraud investigations, but the officials at Washington have so far negated the proposition. It is believed that by a personal inspection of the situation, the officials will find conditions warranting a greater appropriation, and the sending of more help here.
