

BERRY PACKERS FOUND AT FAULT

Hood River Shipping Firm Gets Warning From Canada.

FRUIT MUST BE LIKE THE LAYER ON TOP

Inspectors Report Packages Are Not Conforming to the New Law and Notify Shippers, Who Send Warning on to the Packers.

(Special Dispatch to The Journal.)
Hood River, June 28.—A communication received by the Davidson Fruit company from the office of the department of agriculture at Ottawa, Canada, states that commission merchants there who have been receiving shipments of Hood river strawberries from the Davidson company may be fined for violating the law relating to packing of berries to deceive the buyer. The letter says that a number of cases of berries were found to be packed with fruit much superior to that in the bottom of the box, and that this was detected by an inspector who reported it to the Dominion officials. They have informed growers here that in the future Davidson that 15 per cent of the fruit in the interior of the box must be as good as that on top. The fine for a first offense is 25 cents and for all subsequent offenses \$1 per package. Should the fine be imposed the commission merchant will be forced to pay it, who in turn is expected to fall back on the shipper. In case this is done it is said the shipper will hold the grower who it is claimed is the one at fault, responsible and deduct the amount levied from his account.

(Journal Special Service.)
San Francisco, June 28.—A new law known as the "Fruit Marks Act" went into effect in Canada this year and under it with it is said to be the cause of the trouble. Other districts ship fruit into Canada from Oregon and Washington and it is said by growers that they should be warned. The part of the law applying to the fruit is that it shall be packed in such a way that it shall be considered a false representation when more than 15 per cent of the fruit is inferior in grade to, or differs in variety from, the fruit on the surface of such package. Summary conviction is permitted and penalties of fines of 25 cents per package with the alternative of imprisonment are provided.

GRAFT CHARGES CALL FORTH A GRAND JURY

Judge Chadwick Gives Reasons for Calling and Incidentally Explains Jury Law.

(Special Dispatch to The Journal.)
Colfax, Wash., June 28.—The charges of graft which have recently been circulated in this (Whitman) county in connection with the prosecuting attorney's office, are soon to be investigated. Judge Chadwick will call a grand jury at an early date for that purpose. Judge Chadwick said:
"I have decided to call a grand jury. It cannot well be avoided. I have asked the attorney general for advice as to the time when it can be called. Under the present jury law a jury cannot be called except on the second Saturday of each month. That would bring the earliest possible date on the second Saturday in July. That will probably be the next day on which the call will be made. The bar association will elect jury commissioners next Saturday and these commissioners must draw a jury for the ensuing year, within 20 days. I expect the jurors will be drawn soon after the commissioners are appointed and the grand jury will be drawn from this list, which is supposed to contain practically all of the qualified jurors residing in the county."
Sentiment in favor of a grand jury has been very strong since the graft charges were circulated.

GRANTS PASS WILL REJOICE TWO DAYS

(Special Dispatch to The Journal.)
Grants Pass, Or., June 28.—Grants Pass is preparing to have the biggest celebration in its history. It is to be an all-southern Oregon event and will fill two days, the fourth and fifth, brim full. There will be horse races, foot races, rock drill contests, balloon ascensions, a big parade in which every business house of the city will have a float or be otherwise represented, band music, fireworks, log-sawing contests, an all-night open-air dance free for all, barbecue, and a speech by Senator Fulton. There will not be a dull moment from sunrise on the morning of the fourth, till sunrise on the morning of the fifth.

PENNSYLVANIA FIGHT IS ON STATE ISSUES

(Journal Special Service.)
Harrisburg, Pa., June 28.—At the Democratic convention here yesterday a resolution endorsing William J. Bryan was tabled and the announcement made that the issue in the election will be made on the state capitol grant. The erection of the new capitol at a cost of \$9,000,000 will be the base for the fight. John G. Harman was nominated for state treasurer.

Don't Miss Your Astoria Train.

Beginning Saturday, June 29th, regular Astoria evening train will leave Union depot 8:00 p. m., running through to Seaside and Clatsop Beach points.

Of a prominent Portland firm has already sent in his answer and it's certainly unique. We're delighted to have his brains work for us, but the results are what count. See page 11.

WHY NOT CURE IT?

DO YOU HAVE RHEUMATISM EVERY YEAR?

If You Do You Are Doctoring the Symptoms Only—Dr. Williams' Pink Pills Cure the Disease.

There are almost as many ways of treating rheumatism as there are doctors. Most of these treatments are directed at the symptoms and are considered successful if they relieve the pain and stiffness. But the blood has not been purified and the rheumatism is sure to return, especially after a season of exposure to cold and dampness. The patient goes through this experience year after year and begins to think that permanent relief is impossible.

The only way to treat rheumatism is through the blood. This is the method of Dr. Williams' Pink Pills—they not only cleanse the blood of the impurities which cause the disease but build up and restore the broken-down system.

Mr. John Riley of Casenovia, N. Y., says: "In my work as a blacksmith I am exposed to great changes of temperature. Some time ago I noticed that my health was breaking down. The symptoms were general physical weakness, loss of appetite and nervousness. It was evident that my blood was weak and impure. I became no better as time went on and finally this condition of my blood, with the constant exposure, brought on rheumatism. It was of the inflammatory kind and was very painful in the joints, especially of the feet and wrists. Many days I could hardly walk and suffered intense pain. I took to my bed several times for a day or so and once for six weeks. A fellow blacksmith advised me to try Dr. Williams' Pink Pills and as I had gained no help from other treatments I decided to give them a trial. Within a reasonable time I noticed that I was getting better and in a few weeks I was cured. That the cure is permanent is shown by my not having lost a day of my trade since then. I can truthfully say that Dr. Williams' Pink Pills put me on my feet again."

Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

NEW GRIEVANCE FOR JAPANESE

San Francisco Police Commission Denies Permits for Intelligence Offices.

(Journal Special Service.)
San Francisco, June 28.—A new grievance was given to the Japanese of this city yesterday when the police commission denied the application of five Japanese for the privilege of renewing their permits to keep intelligence offices in this city and refused two Japanese applicants who desired to obtain new permits for the same business on the ground that the applicants were not citizens of the United States and that heretofore the policy of the board has been always to give preference in these privileges to citizens against those who are not and cannot become citizens. The Japanese based their petitions on the treaty rights granted in the document which was so freely quoted during the school controversy, but the police commission takes the view that the matter comes within the police powers of the state and city and that the treaty can have no effect. The commissioners' decision says in closing:
"The action of the board will enable the applicant to apply to the court, where judicial determination can be had concerning his rights under the treaty. This is the most orderly proceeding to be taken, and this board will facilitate in every way any steps taken in that direction."

NEW CONTRIVANCE TO DELIVER MAIL SACKS

(Journal Special Service.)
Chicago, June 28.—The government has practically decided to adopt a new device for the delivery of mail from rapidly moving trains. The new contrivance is called the Burr mail exchange. Its general use by railroads will, it is said, obviate wrecks and personal injury which frequently occur from throwing mail sacks from mail trains running at high speed. The Burr exchange has been selected after 2110 severe tests, which were conducted in 1906 and 1907. Some of the trials were made in actual service on Rock Island fast mail trains and at six stations between Des Moines and Atlantic City. As a result Guy Adams, mail expert of the Rock Island, reported that the device has accomplished a great deal more than the government had asked of it. It will require at least \$45, possibly \$50, to equip each mail car with the Burr exchange. Mail is delivered from a trap door placed in the car door and operated by air.

FOOTBALL CAUSES DEATH OF ATHLETE

(Journal Special Service.)
Palo Alto, Cal., June 28.—After suffering agony for three years as a result of injuries received in a football match while a member of the Santa Rosa high school, Harry E. Miller, a young man of 26, died here. A sturdy athlete and clever player, Miller was a star on the Santa Rosa eleven three years ago. In a close struggle with a rival high school team he was injured severely, his back being wrenched. Tuberculosis of the spine set in. His parents came to live in Palo Alto in the hope that the change might benefit him. Recently the invalid declined rapidly, and he was racked by pain in the days preceding his death. Miller's grit stood him in good stead to the end, and his attitude was one of cheerfulness at all times.

BAPTISTS APPROVE OF SUNDAY CLOSING

(Special Dispatch to The Journal.)
Ashland, June 28.—Resolutions approving the action of District Attorney Manning and Mayor Lane in closing the saloons of Portland on Sunday, were passed by the Rogue River Baptist association, which just closed its annual session here.

Rainier Mineral Soap

Mined in Oregon, Made in Oregon
If You Do Not Try It You're Not a Good Oregonian
FOR TOILET and BATH

One cake will cure the worst case of eczema or skin disease. Did you ever hear expressions from those who use it, and did ever another soap have as good a name?
Over one million bars of this soap have been sold in New York within six months.
The doctors of the highest standing, hospitals and nurses are its best friends.
If New York people prize it so highly, why not use it at home?

All Druggists And Grocers
Rainier Mine Co., Rainier, Or.

Our Free Trousers Offer

Ought to interest every man in Portland. It's certainly liberal enough.
When you consider that our prices are fully twenty-five to thirty-five per cent lower than any other high class tailor in this city it must be readily apparent that an extra pair of trousers free with every suit costing not less than \$22.50 is value quite unusual.
It's a tailoring concession that is positively without equal, when you sum up all the merits of the proposition. There is the high quality of our fabrics, the high standard of our work, the exceptional style of our productions, the assurance of a perfect fit, the guarantee of satisfaction. Really, you'll have to admit that you're getting the "long" end of the bargain.
We do it to induce new patrons to try Columbia tailoring—also to reduce our summer stock—also to keep our tailors busy during mid-season.

ALBANY TO HAVE PUBLIC LIBRARY

(Special Dispatch to The Journal.)
Albany, Or., June 28.—Albany is to have a public library. At the last

meeting of the city council a committee was appointed to take the matter in charge and select a suitable place for quarters. The library will be maintained out of private funds and the public generally will contribute to its support. The members of the committee are as follows: H. H. Hewitt, Frank J. Miller, Mrs. J. E. Weatherford, Mrs. E. Young, Mrs. H. F. Merrill, Dr. M. H. Ellis, Miss Lucy Gard and F. P. Nutting.

We Have You Money
On trunks. We manufacture travelers' needs. Freeless Trunk company, 143 Third street.
