

SUCCESS FROM FIRST MOMENT

Spirit of the Teacher Infuses the State Assembly at Salem.

PUBLIC OF CAPITAL CROWDS THE HALLS

State Superintendent Ackerman Key-notes His State's Sentiment on Compulsory Education—Reception to Visiting Teachers.

(Special Dispatch to The Journal.) Salem, July 2.—Success marked the opening day of the State Teachers' association and more than 500 teachers were in attendance at yesterday's sessions.

While up to last evening only 222 teachers had enrolled as members of the state association, the attendance at the meeting is not to be judged by that entirely, for many of the teachers who are in attendance will not join the state organization.

Salem has extended the hospitality of her homes to the teachers and the streets have been decorated with flags and banners in honor of the occasion.

Ackerman's Address. Superintendent J. H. Ackerman's address on "Compulsory Education" was one of the strongest of the series.

In olden times we heard much of men's rights and children's duties, but the modern world has come to realize that this idea should be reversed, and hence we believe in children's rights and men's duties.

Mr. Ackerman said in part: "In a commercial sense, up to a certain age the child's time is his own and by legislative enactment we have recognized this principle when the child labor laws and compulsory attendance laws were passed."

Today's Program. The general session program today was as follows: Morning session—Reports of secretary and treasurer; president's address.

Secondary and higher education—High school curriculum, high school English and high school debating.

City superintendents and principals—High and grammar schools' relations, the world's peace movement and parents' meetings.

Advanced section—Discussion of criticisms on public schools, history and teachers' clubs.

Intermediate—Music, drawing, western literature, nature study and social aspects of the school.

Primary—Nature study, literature in the grades, philosophy of numbers, number work demonstration and the kindergarten.

Music—Music for grammar grades and public school music.

A subject of general remark is the excellent balancing of the programs, all sections of the territory included under the association being represented.

Among the county superintendents who are in attendance are W. W. Wiley of Tillamook, F. P. Hamlin of Douglas, George Ethers of Lincoln, Mrs. Emma Warren of Clatsop, H. C. Seymour of Polk, W. C. Bryant of Sherman, W. E. Dillard of Lane, W. L. Jackson of Linn, E. T. Moore of Marion, M. C. Case of Washington, W. H. Bunch of Coos, J. W. Kerba of Willows, Lincoln Savage of Josephine, C. B. Dinwiddie of Crook, J. G. Wright of Klamath, S. I. Stratton of Morrow and J. C. Neff of Wasco.

One of the chief entertainment features of the convention will be the reception to the visiting teachers at Elks' hall last evening which was largely attended.

FOLEY'S KIDNEY CURE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising.

G. S. Burman Testifies After Four Years. G. S. Burman of Corvallis, Ore., writes: "About four years ago I wrote you stating that I had been cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure."

Also a 36-inch Jap Silk, in white, which we consider a 65c bargain, Wednesday on sale at, yard..... 43c

Kai Kai Corded Silks that take so readily to washing, mostly tans and black; 50c value, yard..... 16c

given tonight by William Lee Greenleaf, with musical program under the direction of Drs. Heritage and Von Jessen of Willamette university.

The usual sectional sessions were held. The chief topics discussed being as follows:

Superintendents' department—County annual institutes and local institutes and the school year.

Secondary and higher education—High school curriculum, high school English and high school debating.

City superintendents and principals—High and grammar schools' relations, the world's peace movement and parents' meetings.

Advanced section—Discussion of criticisms on public schools, history and teachers' clubs.
