Portland Scores Two in First Then Angels Get Busy With the Stick.

YESTERDAY'S SCORES. Los Angeles 6, Portland 2. San Francisco 2, Oakland 1.

STANDING OF THE CLUBS Angeles 48 Francisco 48 and 29

(Hearst News Service.) Los Angeles, July 4 .- "Stub" Bassey, he of the left field garden for Portland whose spectacular fielding, if he holds out, will pin a rose on the little fat

out, will pin a rose on the little fat fellow at the end of the season, added several laurels to his already creditable record yesterday by some sensational catches. Bassey has a habit, place of contraction not known, of standing on his head and turning somerasults in midair while fielding a fly. The habit also entails the faculty of holding on to the sphere under the most difficult and trying situations. Portland's left fielder acquitted himself yesterday both in the left lily patch and with the willow prod. All the runs which the Beavers were capable of annexing came in the first, when Bassey led off with a digit swat. A couple of flukes in the way of juggling the ball and bad throws to first by Jud Smith, equally erratic work by Grandpa Dillon and Brashear, brought two chalk marks on the score board for the Oregon tossers.

tossers.

But that was the finish. Portland goose-egged during the next eight and was giad to get even a cipher. Hartman did the mound exercise, but was ineffective at times, while Southpaw Burns had nearly everything his own way. Eills, who slapped out a homer in the preceding game, helped himself to a three-sack punch yesterday. Delmas also pecked out a tray and Brashear added to the celebration with a two-sacker. The score:

CHICAGO NATIONALS

Chicago, Ill., July 4.—The first National league pennant to flutter in the breezes of Chicago in 20 years was hoisted on the West Bide haseball grounds this morning, amid firecrackers, band music and speechmaking. The ceremonies were held just prior to the opening of the morning game between the Chicago and Cincinnati teams. The rooters were there in force, and among the big baseball magnates whose pres-ence gave an added attraction were Messrs. Comiskey, Pulliam, Johnson and

CHINESE SAY MAN MASKED SHOT THEM

(Special Dispatch to The Journal.) Spokane. Wash., July 4.—Two Chinamen are dead and another is seriously injured as results of a mysterious affair at Garden Springs last night. The surviving Chinamen claim that a masked man entered the room where they were sleeping and opened fire, shooting three out of four, and fied on a white horse he had in waiting outside. The authorities think it was a free for all fight among themselves. There is no clue to the masked man.

Six furlongs—Rudabek won, Willie Greg second, Titus II third; time, 1:18 %.

Mile and a sixteenth—Orchan won, Hooligan second, Hi Caul Cap third; time, 1:55.

One mile—Bragg won, Funnyside second, Aventellus third; time, 1:45 %.

Only Five Interesting Events hauting at Irvington Track Yesterday Afternoon.

some records would either be broken or four others. given a close shave. The five events, like five innings in a baseball contest, slipped the admissions over any argument grounds which might have been laid and no rain checks were issued. Altogether the afterneon was a dismal failure and disappointment to the 3,000 who filled the big box opposite the tape.

Rain Prevents Sweepstakes.

None of the important events sched-uled came off. Especial interest at-tached to the patriotic sweepstakes race for the \$2.000 purse, but this, too, went a-glimmering with the raindrops. The one redeeming feature presented occurred just before the thoughtful clouds decided to dampen both the track and the spirits of the audience when Barney Oldfield gave a three-mile exhi-bition run. Although he broke no rec-ords, he completed the three circles in 2 minutes 522-5 seconds, making the first mile in 58 seconds, the second in 57 and the third in 572-5 seconds.

57 and the third in 572-5 seconds.

All the other events were commonplace and ellcited only demands for something interesting from the grandstand. Be it said to the credit of the Portland Automobile club that the program and events were not arranged under its management. Had it been it s certain that better results would have

Mrs. Taylor Wins From Husband.

Two Baker electric vehicles traveled a mile for the first event. The time was 3 minutes and 18 seconds. Mrs. J. B. Taylor drove a small runabout and was given a handicap of one minute over her husband, who traveled in a larger The second event was a two-mile con-

test between two Cadillacs and a Stevens. The latter won in 2 minutes 44 2-5 seconds. Covey Wins Plandits.

H. M. Covey in his exhibition of how not to run an automobile brought forth numerous bursts of applause from the audience by his skillful management

of the steering gear.

Four machines entered in the fourth event, a special race not appearing on the program. Dr. Holmes in his touring car, Fred Finger in a Ford, Frank Dodd with a Franklin and Ed Manning in another Ford were the only entries. Dodd led at the home stretch by a dozen or so yards and completed the two miles in 3 minutes 43 2-5 seconds. The last event, with the exception of the bash of the stretch furnished by Oldfield. the exhibition furnished by Oldfield, was a race between Covey in a Cadillac and Brett in a Tourist. Brett won in the two miles, closely contested by Covey, in 2 minutes 53 seconds.

CONTEST CLOSES SATUR-DAY

Several Valuable Prizes Will Be Awarded the Best Guesser.

The revolving globe in the show win-ow of Eilers Plano House contains a nultitude of flags. The firm have

The revolving globe in the show window of Eilers Plano House contains a multitude of flags. The firm have given the public an opportunity to enter into the day's fun by a popular guessing contest, as to the number of flags used on this large revolving globe.

Elsewhere in today's paper, may be found a guessing coupon which Ellers Plano House have included in their advertisement, which can be clipped out and mailed or brought to their store. The contest will close Saturday, of this week, precisely at noon, by the drop of the time-ball. The counting will be done in the window publicly. Saturday evening, heginning at 7:30 p. m. A number of prizes will be awarded to those who guess nearest.

Everybody has a guess coming, and to be patriotic to the fullest extent of the day, you'll have to get yours in sure.

Lebanon Goddess Is Miss Waddick

(Special Dispatch to The Journal.)

(Epecial Dispatch to The Journal.)

Lebanon, Or., July 4.—The contest for Goddess of Liberty was the warmest that Lebanon has ever had, but the final result was as it always is. The paper mill boys were victorious, electing Miss Clara Waddick, daughter of the superintendent of the mill. She received over 11,000 votes. The next was Miss May Murray, who received 5,420 votes. Misses Edith Blackburn and Ruth Kehler have been selected as supporters to the goddess. Lebanon is today enjoying the biggest celebration. In its history. The Pansy stakes, six furlongs—Royal Vane won, Black Sheep second, Woodlahe third; time, 2:15.
Mile and a quarter—Maxnar won, Red Friar second, First Mason third; time, Mile and sixteenth—Reid Moore won, Thistle Dale second, Golden West third; time, 1:492-5.

THE SMILE

That won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face if you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S..., Blackwell, Oklahoma, writes:

"My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by all druggists.

foster & Kleiser-Signs.

Hundred Tons of Coke Imported by Takilma Company.

ENORMOUS TOIL AND EXPENSE INVOLVED

But Richness of the Lode Is Such as to Stand the Tax and Pay Hugely Besides-Japanese Fuel Displaces Fairfax.

(Special Dispatch to The Journal.) Grants Pass, Or., July 4 .- One hunred tons of coke, shipped all the way from Japan, has arrived at Grants Pass and is being hauled out to the smelter of the Takilma Smelting & Mining company on the Waldo copper mines. The coke is shipped in coco bags, 100 pounds

The shipping in of coke this long distance gives an idea of the extreme scarcity and expense of coke on the Pacific coast. If the mines of the Takilma company were not exceedingly rich they could not be operated at all, for, besides the cost of the coke and the expense of shipping it here, there is the additional heavy expense of hauling it by team over 45 miles of mountain road between this city and Takilma and the hauling out of the matte the same distance. But since the ore of the Waldo copper mines carries from 11 to 50 per cent copper, the margin of profit is wide and the mines and smelter can be operated with fair profit, in spite of the heavy expense. heavy expense.

A grandstand full of enthusiastic automobile fans left the Irvington track yesterday afternoon considerably disgruntled over the fact that they had expected to see an exciting program of racing events, but instead took a generous downpour of rain as pleasantly as possible and then left without seeing anything worth the trip to the grounds. Five uninteresting events had taken place before the clouds turned loose and made a duck pond of the circle on which it was fully expected yesterday that some records would either be broken or four others.

Four Thousand Tons of Matte.

The smelter has been blown in for the summer season and will operate as long as the roads will allow. Manager Charles Tutt hopes to have a season of four or five months. If the smelter can operate at least three months, it will turn out 4,000 tons of matte. There will be no lack of ore, in fact the smelter will be able to reduce only a portion of what has been mined. Besides that on the dump and in the bins there is several thousand tons blocked out. If the district had adequate transportation facilities the plant would operate continually day and night the whole year through. In fact, if the district had a railroad the present smelter would some records would either be broken or four others. Four Thousand Tons of Matte.

Eundred Horses Hauling. Captain J. M. McIntyre, the well-known freighter, has charge of the transportation of the coke and matte. transportation of the coke and matte. He has 100 horses and mules, in teams of four, six and eight, on the road, and will place 25 more this coming week. A crew of 100 men is employed on the road, at the smelter and in the mines. The teams require two days for the round trip between Grants Pass and Waldo, camping and feeding near Selma, on the crest of the Coast mountain divide.

vide.
The smelter has a maximum capac-

ity of 200 tons daily, but reduces only about 100 tons, as the teams cannot haul the coke fast enough to keep the plant operating to its full capacity. The coke formerly used came from Fairfax, Washington, and about 100 pounds of it was required for each ton charge of raw ore. The Japanese coke is heavier and of better texture, and is not required in so great quantity.

S MEDICAL AND DISPE

CORNER SECOND AND VAMMILL STREETS, PORTLAND, OREGON.

THE LEADING SPECIALIST IN MEN'S DISEASES

There is no ailment peculiar to men that I cannot cure For sixteen years I have devoted my entire time and energy to the treatment of men's diseases.

My methods have been perfected by actual experience, with a thorough theoretical knowledge as a basis. I am the only physician thoroughly and permanently curing those functional derangements commonly classed as "Weakness" and my success in overcoming such cases has placed me foremost among specialists treating men's diseases and has brought me the largest practice of its kind in the west.

Every afflicted man is invited to write me a description of his case. Such is my knowledge of men's diseases and so perfect are my methods in treating them that I am able to effect ourse in all ordinary cases without seeing the patient in person. All correspondence strictly confidential. Those visiting Portland may feel free to call at my office for personal consultation.

You Pay When Cured My Fee in Any Un-

So-called "Weakness" in men is curable—fully curable. It has not been cured by those measures commonly employed, for they are methods based upon supposition and not upon fact. Prematureness and loss of power in men is due to a chronic state of inflammation to the prostate gland, and not to a disordeded nervous condition, as has been supposed. I treat the inflammation by local process that does not fail to accomplish its purpose, and with this condition corrected full and complete strength and vigor returns.

STRICTURE—My treatment is absolutely painless, and perfect results can be depended upon in every instance. I do no cutting or diffating whatever.

Contracted Disorders

Every case of contracted disease I treat is thoroughly cured; my pactients have no relapses. When I pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and I especially solicit those cases that other doctors have been unable to cure. I have the largest practice because I invariably fulfill my promises.

My Colored Chart showing the male anatomy and affording an interesting study in man's disease.

Without using knife, ligature or caustic, without pain and without detention from business, I cure Varicocele in one week. If you have sought a cure elsewhere and been elsewhere and been elsewhere and the harsh methods that most physicians employ in treating this disease, come to me and I will ours you soundly and permanently by a gentle and painless method. Don't delay, which cocele has its dearways and brings its disastrous results. If you will call I will be pleased to explain my method of curing. VARICOCELE
