MAKE NEW ROAD OUT OF OLD ONE

Southern Pacific Enters on an Extensive Plan in Josephine.

(Special Dispatch to The Journal.)
Grants Pass, Or., July 4.—The Southern Pacific company has appropriated \$100,000 for the improvement of the roadbed and tracks of its main line in Josephine county. The greater part of this sum will be expended in straightening the curves and making immense fills under bridges and across canyons in the northern part of the county, where the road crosses the Grave Creek mountains. George McCabe, a Portland railway contractor, will have charge of the improvement work, and a crew of more than 100 men with full equipment of steam shovels, gravel trains and locs will be placed on the entire Pacific. Fully ten months will be required to make the improvements planned.

One of the biggest changes will be the straightening of the track on the north side of the divide and between tunnel pine and Leland. This is one of the longest tunnels on the entire Pacific and the track just before entering it is a succession of sharp curves up a very steep grade, making it dangerous for the passage of long trains either ascending or descending the slope.

Grants Pass a Division.
The deep canyon at Leland, spanned by a tall trestle, will also be straightened under the existing conditions, and to guarantee safety, trains make exceedingly slow time between Grants Pass and Leland. Last night the roadbed changes are made the road will not only be safer but will permit much better time.

Another change contemplated is the making Grants Pass a more important division point. More trains will be made up here and division business will be centered at this point.

Superintendent L. R. Fields and General Roadmaster W. Ballou have made an examination of the road in the Josephine county and made final arrangements for the beginning of work.

GOVERNOR MEAD AT GOLDENDALE TODAY

(Special Dispatch to The Journal.)
Goldendale, Wash., July 4.—Governor Mead delivered a memorable address at the Fourth of July celebration in Goldendale today before a large and attentive gathering. The governor's address was of considerable historic interest and value. He traced the early explorations of the Pacific, beginning with the discovery of the Pacific ocean by Balboa in 1513, and followed the development of the Pacific coast country, and the northward movement of the territory and state of Washington had played in the history of the nation, both in civil and military affairs, and mentioned many names in this connection, of men from this territory and state, who had been influential in the nation. Among them were Granville O. Haller, Phil Sheridan, Isaac I. Stevens, Charles F. Smith, J. M. W. McKim, John Lancaster, Edward Eldridge and others.

GEORGE KNAPP NEW OWNER OF COAL MINE

(Special Dispatch to The Journal.)
Castle Rock, Wash., July 4.—George Knapp of Coal Creek, has purchased the Red Ash coal mines, situated three miles west of this place, and will begin mining operations at once. The mines are to have coal on the market by the middle of July. Some ten years ago this mine was in operation, but was abandoned by the O. R. & N. company and was to be excellent for steam. Many orders for coal had been placed both by companies and individuals, when operations suddenly ceased and the mine was closed, leaving the orders unfilled. Causes for closing were variously estimated, but none were officially announced and the mine has been idle ever since.

Cured of Lung Trouble.
"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 145 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my weight was constant, both by day and by night. I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year, guaranteed at Red Cross Pharmacy, 59c and \$1.90. Trial bottle free.

Whitcomb Brougher of Portland and Dr. Curtis Lee Laws of Baltimore. Prominent speakers to be heard later in the week include L. P. Leavelle of Mississippi, Rev. E. W. Merrill of Ontario, Dr. E. Y.
