Dr. Julian P. Thomas About to Make a Balloon Ascention.

(Journal Special Service.) Thomas A. Sladden, state secretary of the Socialist party of Oregon, has the following to say of the Federated Trades Council: "It seems that the members of the Federated Trades Council have seen fit to go out of their way to attack the Socialist party, a political organization composed mainly of members of the working class, and whose aim and object is the betterment of the human race by the abolition of all classes in human society and the establishment of an institution in which every worker will be the private owner of his own means of wealth production and distribution."

NO WAR DANGER ASSERTS DEWEY

Admiral Says Pacific Coast Has Been Very Poorly Defended.

(Journal Special Service.) Utica, N. Y., July 8.—Admiral Dewey said this morning that the transfer of warships to the Pacific was wholly in sight and that the United States must maintain the balance of sea power in the Pacific and that the defense of that coast has not been up to the standard of that of the Atlantic coast. He says it is easy for a fleet to take the trip around the Horn.

him thirty feet and nearly tearing of his right leg. Two women with him were injured. Both of Thomas' legs may be amputated. He is better known as a balloonist.

"To hide behind an alleged patriotism while reacting on the people of a class has always been the last refuge of a scoundrel." "I also have proof that a large percentage of those who applauded at the wrong time were members of the American Federation of Labor. The man who got up in the hall and denounced the speaker for representing the situation and who left the hall was a member of the cooks and waiters and had just come from the kitchen."

"We welcome you to our city and state. We have arranged for official headquarters at the union station, in charge of the Portland Endeavorers, white caps and badges, distinguishing them from others there, and they are at your service. We urge you to stop over several days in Portland and see the city. We are pleased to assist you in finding suitable accommodations."

MUCH NOT PROVED

(Continued from Page One.) He did him up he did it not for the federation but for the mine workers and their minions to arouse sentiment against the federation. He would prove that Orchard did not help to blow the Baker Hill and Sullivan mine at Wardner; that he did not try to kill Bradley; that the federation had no reason for killing Gregory; and that the Socialist party was not a sole aim to feather their own nest at the expense of those who do not realize the moribund character of the Cabal.

MAYOR SENTENCED

(Continued from Page One.) That did not last long. The deft hand of Abe Ruef began to appear not alarmingly at first, but here and there at intervals Ruef set about to establish a reputation for himself and he did it with characteristic ability and also to his own enrichment. Every officeholder in the city, from the mightiest to the humblest, was in Ruef's hands. He was the sole duties of the members were to pay dues and boost Schmitz. The office of counsel to the Schmitz club was created, with a salary of \$2,000 a year. Abe Ruef was given the place.

"Character assassins, creeping around the country at \$10 per day wrung from hard-earned toil of fellow-workers and winding the country's flag around them, will find its protection insufficient to hide their hideousness from the keen eyes of an awakening working class."

Witnesses who themselves were impeached by Orchard, have come from all kinds of far places to merely say that Orchard lied. But the final effect of many of the statements was merely a plea of "not guilty." And witness after witness has taken the stand and sworn that until Martin was released in Colorado and the troops called into Telluride and Cripple Creek everything was as peaceful in those places as Boise City on a Sabbath morning.

Don't Poison Baby. FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death."

Why Beer is a Food. Pabst Blue Ribbon Beer is richer in food values and lower in alcohol than any other beer. Reason is simple. Pabst brews for food values, and intentionally decreases the percentage of alcohol. To secure the highest percentage of food values in Pabst Blue Ribbon The Beer of Quality. Pabst perfected the 8-Day Mating Process which gives to Pabst Blue Ribbon Beer more nutriment, more muscle-building properties than could be obtained by any other process, and the Pabst Brewing Process transmits these food values to the beer in liquid form, making it what Dr. Liebig aptly calls "liquid bread." When ordering beer, ask for Pabst Blue Ribbon. Made by Pabst at Milwaukee And Bottled only at the Brewery. Charles Kohn & Co., Third & Pine Sts., Portland. Phone Main 460.
