

TODAY'S MARKET

10 CENTS UP

Both Refineries Advance the List at the Same Time Early This Morning.

Today's market features: Sugar market 10c higher. Lower prices on peaches. Loganberries sell lower again. Wild blackberries in demand. Eggs still show wide range. Continued demand for poultry. Potato market holding well. English still after coast hops. Local eggplant is still high. Sugar beans still quiet trade.

Sugar Market Is Ten Cents Up.

Almost at the same instant both the California & Hawaiian and the Western Sugar Refining companies notified the local trade today of an advance of 10c per 100 pounds all through the sugar market. The advance occurred at 8 o'clock sharp. While the rise came in the nature of a surprise to most dealers it was expected by some. The late manipulation of the eastern price and the larger fruit crop than expected a short time ago both helped to boost values in the Pacific coast. The new list puts dry granulated at \$5.77 1/2.

Lower Prices on Peaches.

Because of the small sizes of a large per cent of the fruit now arriving from The Dalles and the much more liberal supplies from other local points peaches are today selling as low as 75c a box along Front street. Good ordinary stock brings \$1 a box and it takes something like the ordinary run to sell at a higher figure. At present only the early varieties are being received in this city. Hales early being in largest receipt.

Loganberries Sell Lower Again.

This being Saturday and a very bad day for canning, loganberries are lower again along the street. In some quarters receipts were quite small but in others supplies came thick and fast. The market, however, notified their shippers not to send loganberries for a Saturday market, as trade in canning stock is always bad on that day. Wild blackberries in demand to show a good demand because of the generally small arrivals. Sales are still being made along the street at 10c a pound for the ordinary run.

Local Eggplant from The Dalles Shows Fine Quality Today.

Sales at \$5.25 a crate. The beans—especially the wax—are in too great supply and low prices continue.

Potato Market Holding Well.

Prices in the local potato market are holding well. Receipts from nearby points are increasing and there is likewise an increase in quality. Shipping stock will likely enter the market from local points within the next week. There is good demand for rutabagas here and in the south. New spuds ruling from \$1.75 to \$2.25 per sack.

Old Potatoes are Almost Useless and for that Reason Holders are Forced to Sacrifice them at Lower Values.

California red onions are in only fair supply and values are holding close to \$1.00 a cwt. White onions are selling at former price. Local onions expected the first of the coming month.

English Still After Our Hops.

Despite the great improvement reported in the mining industry in the English crop condition during the past 24 hours, reliable cables from abroad tell of backward weather with plenty of vermin. Speculating has been carried on so much that the vines are almost killed. The true state of the English hop crop prospects can be safely told by the increasing number of inquiries being received from abroad by local people who want to see on a few lots of old hops—at the low price, of course.

Brief Notes of the Trade.

Egg market continues mixed as to quality. Receipts continue to be good. Poultry demand never better than now. Price holds at top. Dressed meats hardly coming at all. Game worse than ever. Some dealers asking more for what few they get. Tomatoes are coming so fast that sales are being made considerably lower. Oregon now selling down to \$1.50 for fancy.

Creamery Butter and Cheese Firm.

Tone of former improved by small arrivals, due to continued warm weather and the lighter supply of cream. One large city creamery was so short yesterday that it purchased supplies from a front street house.

FRUIT SEASON IS VERY WELL ADVANCED

Freewater, Or., July 13.—As the season advances the different fruits in this section continue to come in. At present the cherry crop is almost gone, and only a few crates are obtainable. Raspberries, both red and black, have reached their close and found a ready market, while in season on account of the scarcity of this perishable fruit. Blackberries and dewberries are coming in plentifully, and early peaches and apples are beginning to come in. Apricots also are on the market.

Record-Breaking Crop.

Pendleton, Or., July 13.—There is now ripening in Umatilla county the largest wheat crop ever grown in the county. The area is larger by several thousand acres this year, and it is estimated that the yield for 1907 will be 5,600,000 bushels, half a million bushels more than has ever been produced in the county before.

Bears Are Trying Again to Crush Out All the Hope of the Hopgrowers for a Living Price for their Crop of Hops.

Prospects for Crop of Five and a Half Million Bushels for Umatilla Fields.

New York, July 13.—The stock market and very well today and there was good advance all through the list. Union Pacific and Copper were the leaders and advanced quite extensively. The bear statement had a good effect and the strength continued in the most active list towards the close. The money situation is the serious one, and until the tint of the flower against the trade cannot hope for any sustained advances. At the close the feeling was much better and hopeful.

Guilty Way Out of Prison.

A burglar named Scharschmidt, in prison at Gern, deliriously set to work to gnaw through a thick oak beam in front of his cell window. It was a work of seven weeks. The fragments of wood which were torn away he replaced with chewed bread, until the beam was almost gnawed through.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and ailment," says J. R. Blankenbush, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured, so completely that it became a pleasure to recommend this great remedy." Sold under guarantee at Red Cross Pharmacy. Price 50c.

We Cure Men

SEE US FIRST AND YOU WILL NOT HAVE SO MANY MEDICAL FEES TO PAY.
We are curing more men than any two specialists in Portland. Our small fee enables us to cure for less money than many fee-styled specialists ask for their services. Our advice to you will be worth much in your case if you need the services of a skilled, reliable specialist.

We Cure Nervous Debility

This is to men who lack courage, whose nerves are shaky, whose eyes have lost the sparkle, whose brains are muddled, ideas confused, sleep restless, confidence gone, spirits low and easily depressed, who are backward, hesitating, unable to venture because they are afraid of failure; who want somebody to decide for them, who are weak, run down and restless. It is to men who have part or all of these symptoms and want new life, new energy. We especially solicit those cases in which many so-called treatments have failed, or where money has been wasted on other methods of treatment. Don't experiment when our direct method offers a certain means of cure by local treatment.

We Cure Varicocele

Varicocele causes congestion of the blood in some of the most vital blood vessels of man. It causes a dull, heavy, listless feeling, which is often mistaken for nervous debility or general decline. Varicocele results from partial paralysis of the delicate nerve fibers that control local circulation of the blood. The muscular coating of the veins is deprived of nervous control and becomes inactive, weakens and relaxes. The blood vessels expand from the pressure within. The circulation becomes sluggish and clots form in little nooks and pockets that constantly enlarge as the relaxation continues.

FIGHTERS PUT OUT FIRE ON SUSLAW

(Special Dispatch to The Journal.)
Eugene, Or., July 13.—A fire along the Suslaw river a mile and a half below Mapleton early in the week destroyed a 600-foot of fine sawlogs, valued at \$3,000, belonging to the Oregon & California Lumber company, which owns the big sawmill at Florence, formerly owned by O. W. Hurd. It is not known how the fire originated. When first discovered it had spread over considerable territory, but by persistent effort on the part of a large number of loggers and farmers it was arrested. No green timber was burned.

MORGAN TESTIFIES AGAINST WOMAN CROOK
