San Francisco, July 12.—Not a Beaver passed second base here yesterday. Oscar Jones had the opposing batters under his spell from start to finish, and though they landed four safe hits they never had a look-in for the game. Groves twirled in good form, too, but he allowed himself to be battered at the most inopportune times and the Seals tallied once each in the fifth and seventh innings. Score in detail:

CONTEST FOR DAVIS CUP BEGINS TODAY

American Tennis Team Faces Champions of Australia on Wimbledon Courts.

(Journal Special Service.)

London, July 12.—The large crowd that gathered at Wimbledon today to witness the beginning of the preliminary competition for the Davis challenge cup afforded evidence of the unusual interest taken this year in the contest for this famous international tennis trophy. The preliminary competition is between the players representing the United States and Australia, and will continue over Monday and Tuesday of next week. The winners will meet Great Britain, holder of the trophy, the matches to begin next Saturday. The American team consists of Beals C. Wright, Karl H. Behr and W. J. Clothier, while the representatives of Australia are Dr. Sharp, Les Poidevin, Norman Brooks and A. F. Wilding. Much fear is expressed here that England will lose the trophy on account of the withdrawal of the Doherty brothers from competition, and many are of the opinion that it will be the Australians who will take the coveted cup across the seas.

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness—Profit by Other People's Experiences.

Occasional attacks of headache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills and keep up the treatment until the kidneys are well, when your old time health and vigor will return.

Mrs. J. O. Sterns of Mt. Tabor, Or., living on West avenue, says: "I have highly recommended Doan's Kidney Pills for several years. I still do so, believing that any sufferer from backache or kidney complaint will find this remedy all that is claimed for it. My own experience proved that Doan's Kidney Pills promptly relieve backache and other noticeable symptoms of kidney complaint."

GLOSS AND LAING TO COMPETE AGAIN IN ASTORIA REGATTA

A big attraction at the Astoria regatta, which takes place on September 5, will be a second meeting this year between Portland's crack single sculler, Ed Gloss, and H. Laing of Vancouver, who wrested the northwest championship from Gloss at Seattle on July 4 in a sensational finish, defeating Gloss by about three feet. Gloss is itching for a return match, and today he announced that Laing had just consented to row at Astoria.

Since the decisive victory of the Portland Rowing club's senior crew at Seattle on July 4, there has been considerable talk among the members of sending the crew east to take part in the national regatta, which will be held at Philadelphia on August 9 and 10. The losses sustained by the club during the winter flood and the building of the new clubhouse, however, have made it necessary to hold close on the club funds, and the feeling has been that if the crew goes the money must come from outside sources. The cost of the new clubhouse and other improvements will total somewhere between \$7,000 and \$10,000.

The senior crew was banqueted last night at the Portland hotel by Messrs. Wilbur and Hart, and the proposition of sending the crew east was the chief topic of conversation. The national association pays the hotel bills of the visitors while they are there, it was figured that the trip might be made for from \$700 to \$800. No definite action was taken, however, and it is quite possible that the matter may be given up. Coach Murphy is especially anxious to see the local oarsmen go against the eastern cracks, and something may be done within the next few days to secure the wherewithal. Prominent club members have given the assurance that if the trip cannot be made this year the crew will be sent in 1908, provided it holds together. All the Portland crews are still in training, and most of the oarsmen expect to enter the Astoria regatta.

YESTERDAY'S PONY RACES AT SEATTLE.

INTERPRETS THE SCORING RULES

National League President Hands Down Decisions on Doubtful Points.

The president of the National league has sent out a letter to his scorers in which he instructs them definitely upon the scoring of certain doubtful points. He first considers a play in which there is a man on first base and the batter attempts to sacrifice the baserunner to second by bunting. The fielder handling the ball, instead of making the play at first, elects to stop the sacrifice, if possible, by throwing to second. The ball is handled cleanly, but the baserunner reaches second base ahead of the ball. The point passed on by President Fullam is what should be given the man who made the bunt? The National executive's common-sense conclusions are as follows:

Batter Gets No Hit.
"It is my judgment that the play, as outlined above, should be scored as a fielder's choice if, in the judgment of the scorer, a perfect play would have retired the batsman at first; but inasmuch as the batsman does not retire, attempting the sacrifice play, I believe he should not be charged with a time at bat if the baserunner is advanced by reason of his play. The rule defining a sacrifice hit limits it to the cases where the batsman is retired at first base, would have been given if no error were made, and he not being retired at first base on this play, cannot be given a sacrifice hit; but I think in all justice he should be given the next best thing and not charged with a time at bat. Of course, scoring is more or less simply the result of judgment, and if in the judgment of the scorer, in the play outlined above, the batter could not have been retired at first if the ball had been handled cleanly, then, of course, the scorer would be justified in giving the batter a base hit.

Matter of Squeeze Play.
"In the matter of a squeeze play, I would say that the above suggestions would apply, namely, if the player is retired at the plate the batter charged with a time at bat. If, however, the play is made at first base and the batter retired, but the runner scores, then it should be scored as a sacrifice hit. If the play is made at the plate and the ball is fielded cleanly, no error, then the runner scores, I should think that it should be scored as a fielder's choice, but the latter be given the benefit of having his time at bat not charged against him.

SPORTING NOTES

Local and Otherwise.

Cy Moreing of the Stockton state league is rapidly becoming the most popular manager in the country—among the other managers. Cy's team consists of a bunch of Coast League stars whom he got by paying more money than they would get in the coast league. Think of a state league which pays its players more than a big league! Or turn it around the other way and think of the fact that Cy's latest steal is Bill Moriarty, whose chances to become an eastern star, until his fall, were as bright as those of any western ball tosser. Moriarty was a great favorite with the San Francisco fans and they are still howling their disappointment at seeing Wheeler in his place at short. Moriarty was programed to play his first game with Stockton today. Danny Long says that if he plays one game with the outlaws he will never again have a chance in organized baseball.

The Boston Americans want Pat Donohue, Portland's favorite catcher, and a San Francisco paper says that McCredie is laying his bid to get Donohue before the close of the season. He would be drafted, anyhow, it is said. Donohue wouldn't be a bad sale for McCredie, as his roving eye in the games is such that he is liable to be put out entirely at almost any time. He has tried to hit the umpire several times, and another new man, has not had enough try-outs to show how he is going to do. It is McCredie's intention to take Schimpff away from Portland and give him another try on the mountain.

According to reports from San Francisco, Charlie Atherton, Portland's new all-around fielder, is making good. Pork McCredie, during the season consists of a baseball, mounted on three bats, and a catcher's mask attached to one side. The inventor is as follows: "A trophy for speed presented by the Motor Car Agencies to the highest record for stolen bases for the season of 1907."

President McMillan of the Multnomah club has replied to the letter of President Fullam of the Irvington club offering the Irvington courts for use of the Multnomah club.
