

# NEW MAYOR REIDY BELIEVES STRIKE WILL BE ENDED TODAY

## Graft Prosecutor Planning to Spring Big Surprise On People of Bay City When Name of New Chief Executive Is Announced.

(Special Dispatch to The Journal.)  
San Francisco, July 13.—After a meeting of the Commercial Telegraphers' union lasting all the afternoon and until late this evening in Oakland, it was given out by several prominent members of the union that the strike would probably be ended Monday.  
M. J. Reidy of Chicago said: "All the Commercial Telegraphers will be back at their keys on Monday. Concessions have been made which permit us to accept the terms offered."  
The Commercial Telegraphers' union, vice-president, said: "The thing for us to do now is to perfect our organization."  
"From what they and others said it is apparent that the men who are out on strike have determined to return and that the telegraph companies have made some material concessions although this is denied by Western Union officials."

### DENIES FRICTION.

Konenkamp Says Small and Reidy Are in Perfect Accord.  
(Publishers' Press by Special Leased Wire.)  
San Francisco, July 13.—The conference of Western Union officials with Labor Commissioner Mr. Neill, without definite result. An extension of the strike within a few hours seems certain. Superintendent Jaynes and Assistant Superintendent Mear conferred with Neill this evening, following an unsuccessful conference last night. President Small and National Commissioner Konenkamp, Reidy and Sullivan held a conference with little hope that any happy result would come from the company official talk.  
Konenkamp denies that there is any friction between Small and other committeemen. That Small desires to extend the strike and demonstrate the power of the union in some other city, probably Chicago, and force the companies to terms and that the eastern men favor a continuation of present methods seems to be the real status of affairs here, at least that is the belief of many operators.  
Small's plan is popular. The rank and file of the union here—dispatches say it's true elsewhere—favor an extension of the strike at once.

### NEW YORKERS READY.

Gotham Operators Anxious to Join Bay City Men in Fight.  
(Publishers' Press by Special Leased Wire.)  
New York, July 13.—Tomorrow will probably decide whether there is to be a telegraphers' strike here. Officers of the operators union say they are ready to call the strike if the word comes and that fully 80 to 90 per cent of the local telegraphers will obey. It depends whether United States Labor Commissioner Neill is able to effect a settlement of the trouble in San Francisco today. The operators expect to receive definite information tomorrow. President Ahearn of the local union tonight said:  
"If the situation is not cleared in San Francisco by Sunday the strike order will be flashed across the wires, to take effect immediately. If the telegraph companies turn down Mr. Neill, the way they have the operators, a strike all over the country will follow."

### SCHMITZ TURNED DOWN.

Court Refuses to Order Judge Dunne to Set Date for Hearing.  
(Hearst News by Longest Leased Wire.)  
San Francisco, July 13.—Eugene E. Schmitz suffered a setback this morning when his suit for a writ of mandamus to compel Judge Dunne to set a time for hearing his bill of exceptions came up before the district court of appeals, and was indefinitely continued. In the answer filed by Judge Dunne, Schmitz is accused of practicing deception upon the court. Presiding Justice Cooper and Justices Kerrigan and Hall found nothing in the conduct of Judge Dunne that furnished them grounds for issuing the writ. Judge Cooper in finally continuing the matter, said:  
"I think it is manifest in these proceedings that the judge knows his duty and intends to do it."  
In his complaint for a writ of mandamus Schmitz had charged that Judge Dunne was biased and had refused to settle the bill of exceptions or that he was purposely hindering Schmitz from getting his appeal in shape in order to keep the convicted mayor in the county jail.  
In his answer to the complaint, Judge Dunne denied the accusations. He further stated that he had inadvertently overlooked the matter of fixing the date, but that no time had been wasted, as it was a voluminous document, 400 pages to which the district attorney was preparing amendments.  
"I do not see why," said Presiding Justice Cooper in dismissing the hearing, "the time of this court should be taken up with such a hearing. We will allow the matter to stand for a few days and if Judge Dunne does not do his duty we will see that he does."

### YAMAMOTO INSPECTS AMERICAN SHIPYARDS

After Seeing Big Plants Jap Admiral Declares War Is Not to Be Thought Of.  
(Publishers' Press by Special Leased Wire.)  
New York, July 13.—Admiral Baron Yamamoto of Japan now knows from personal observations some of the American shipyards' capacity for turning out war vessels. His knowledge was gained on a visit today to the League Island and Cramps yards at Philadelphia.  
With striking significance, after his inspection tour, the admiral gave a fresh interview to reporters declaring there will be no war between Japan and the United States. He scored the "jingo" press of both this country and Japan for having incited the present war talk.  
Tomorrow the admiral will be the guest of General Fred Grant at the latter's headquarters on Governor's island. In the afternoon he was taken about the lower city for a peep at New York's skyscrapers.

### CHICAGO OUTLOOK BAD.

Secretary Russell Cannot See Any Chance to Cheer Up.  
(Publishers' Press by Special Leased Wire.)  
Chicago, July 13.—"The outlook for peace is not bright owing to the compromising attitude of the telegraph companies," declared Secretary Russell of the Telegraphers' union late tonight. "We have no more to expect toward a settlement. The patience of the men is almost exhausted. They are acting conservatively, at 10:35 p. m. on Rock Island train No. 9, in the Pullman special car 'Durham.' Ten of the party are from New York and eight from Birmingham. Four are working. Meals are cooked in the car and its doors are kept locked. The car will go over the Union Pacific to Oakland."

### Keep Well with Good Food

Proper selection of Food the sure way to get well and keep well. Use

### Grape-Nuts

A Missouri woman says:  
"While getting over the grip, and while my stomach was so irritable I could not eat anything without distress, I found I could take a dish of Grape-Nuts with cream or good milk, and feel built up like I had eaten a full meal, and yet have none of the unpleasant effects of indigestion. I wish people knew its worth."  
"It seems to me trained nurses and physicians could use it to such good advantage. It is a most nourishing and easily digested food I ever tried."  
Grape-Nuts food is now recommended by physicians all over the world. They know it contains the delicate particles of Phosphate of Potash obtained from the field grains. This is the element Nature combines with albumen of the food to build the soft gray substance in the nerve centers and brain, in the human body. The effect is in some ways like a stimulant, but does not wear off, for it is a natural rebuilding food.  
Grape-Nuts can be made into a great many different and palatable dishes. An illustration: A most delicious mock pumpkin pie can be made from Grape-Nuts after the following recipe: Pour boiling water over 1 cup Grape-Nuts, let stand 10 minutes; add 3 eggs, 1 tablespoonful of sugar, 2 cups sweet milk, 3 teaspoons of ginger, 1 teaspoon mixed spices. Stir over slow fire until thoroughly boiled. Bake pie dough in deep pan. When done, put in prepared Grape-Nuts, return to oven and brown. "The Road to Wellville," in pkgs. There's a Reason.
