

GARFIELD PARTY FOURTEEN FOOT ON TO KLAMATH VEIN OF COAL

Unique Journey Is That From Medford to Crater Lake.

TOUR ABOUT MEDFORD AS CITY'S GUESTS

Secretary Is Astonished on Beholding the Wealth of the Rogue River Valley—Itinerary Into and in the Klamath Region.

(Special Dispatch to The Journal.)

Medford, Or., July 16.—Secretary of the Interior James R. Garfield, and the party of government officials accompanying him, arrived this afternoon at Crater Lake, where they will spend a day and then proceed to inspect the dam work in process of construction at Klamath lake. Last night the party stopped at Prospect. A visit will be made to the Klamath agency before reaching the project. The party is in charge of Engineer Murphy, who is directing work on the irrigation canals.

The trip from Medford to Trail, 25 miles, was made in automobiles, members of the Medford Auto club escorting the visitors in nine motor cars. At the Rogue River hatchery, at Elia creek, wagons replaced the auto. Secretary Garfield and other officials were served with an elaborate luncheon on the banks of the Rogue. The luncheon was put up by the ladies of Medford and the secretary stated that none of the many banquets tendered him was as much appreciated as this informal luncheon.

Entertained at Medford.

The Garfield party was received at Medford by a delegation from the Commercial club, headed by Hon. W. I. Vawter and President Perry of the club. The party were the guests of General Foss, agent of the Southern Pacific company, and accepted the use of Mr. Judah's private car, "Sacramento," to this point.

At the invitation of the Medford Auto club the entire party made a tour of the valley before entering on the Crater Lake stage of their trip, several of the finest private cars in the city being placed at their disposal. W. I. Vawter led the party, with Secretary Garfield and Judge Colvig. I. W. Perkins followed with Chief Newell, of the reclamation service, and Messrs. Wittington and Lawton. Mr. Hutchinson with Councilman Olwell and A. B. Billson, United States commissioner, and Messrs. Perry and others with the remaining members of the party.

Surprised at Great Wealth.

Mayor Reddy escorted a party to the coal mines and about the orchard districts to the south.

On the return of the party to the Crater Lake stage of their trip, several of the finest private cars in the city being placed at their disposal. Mr. Judah accompanied the party as the guest of Mr. Garfield. Mr. Garfield expressed the most profound surprise at the wealth of this section and confessed that it exceeded his most sanguine expectations. "The freight receipts," said he, "are the best index of the growth of this community."

OUTPUT OF RIFLES CUT DOWN BY FACTORY

Springfield, Mass., July 16.—Following a shut-down of several months the small arms plant at Springfield, Conn., today resumed operations today. In pursuance of orders from the war department the number of operatives has been considerably reduced, and the output of the plant will hereafter be 215 rifles a day.

New Find of Excellent Quality Reported in Jackson County.

SIGNS OF PETROLEUM ARE ALSO ABUNDANT

Experienced Prospector Will Make Exploration—Capitalists Bond Six Hundred Acres of Land Rich in Fine Coking Coal.

(Special Dispatch to The Journal.)

Gold Hill, Or., July 16.—A. J. Olson of this place reports a new field of coal just discovered covering some 700 acres, and at the present depths showing a 14-foot vein with the crosscut still running and getting a better grade of coal all the time.

In Sams valley, which is tributary to Gold Hill on the north, indications of petroleum are reported. The ground and springs show a thick oil substance, which burns readily. The prospects of oil are so good that an experienced prospector has been attracted, and he is now making preparations to examine the territory with a view of commencing drilling for oil. Los Angeles capitalists have bonded a water power on Rogue river, including 120 acres of land on which to erect a power plant preparatory to running an electric line to the coal fields 15 miles north of here. Borings have been carried to a depth of 80 feet, and the coal has been tested for coke and found to produce an excellent grade. It is reported that 78 per cent of the coal bulk is left in the form of coke. Some 600 acres have been bonded and will shortly be tested with a diamond drill. R. E. Doan, one of the owners, reports that all of the experiments so far conducted to establish the utmost confidence in the value of the coal fields.

ELOPEMENT STOPPED BY A THEFT CHARGE

Man Named Vickers in Roseburg Jail Awaiting Trial—Farmer Williams' Home Broken Up.

(Special Dispatch to The Journal.)

Roseburg, Or., July 16.—S. Vickers, who has of late been employed at the livery barn of S. T. Smith at this place, is in jail on a charge of having stolen a sum of money from his employer. By his arrest, it is said, an elopement plan was frustrated.

According to all the allegations in the case, Vickers had won the affection of the wife of a well-to-do Looking Glass farmer, G. T. B. Williams. Their plans for an elopement were spoiled at the eleventh hour when it was discovered that Vickers had stolen some money from Smith, who gave away the secret of the eloping couple's affection to Williams. Smith and Deputy Sheriff F. G. Stewart traced Vickers to Cottage Grove, and there found him, with only \$6, awaiting the arrival of Mrs. Williams, whose plan it was to meet him there Sunday or Monday and elope.

The story of their affections began in Idaho, about six weeks ago, when they first met, Mrs. Williams having gone there to visit some relatives. When she returned here Vickers came with her and has been making clandestine visits regularly at the Williams home in Looking Glass.

Vickers is now in jail awaiting a hearing, while Mrs. Williams has gone to her parents, Mr. and Mrs. John Tipton, in Garden Valley, Idaho.

COAL LAND FRAUD CASES IN WYOMING

(Journal Special Service.) Cheyenne, Wyo., July 16.—The cases of E. M. Holbrook, E. E. Lonabaugh and Robert McPhillips, indicted on charges of conspiracy in the acquisition of coal lands, were called for trial today in the United States district court. E. T. McCarthy, a wealthy mineowner who was indicted on the same charges as the other three, has been granted a separate trial and will be tried as soon as the other cases are disposed of.

HONEST MEDICINE

TRY DR. WILLIAMS' PINK PILLS FOR STOMACH TROUBLE.

Convincing Evidence Supported by a Guarantee That Must Convince the Most Skeptical.

Dr. Williams' Pink Pills are a doctor's prescription, used by an eminent practitioner, and for nearly a generation known as a reliable household remedy throughout the United States. Needless to say, no advertised medicine could retain popular favor for so long a period without having great merit and it is the invaluable curative properties of the pills that have made them a standard remedy in every civilized country in the world. Added to this is the absolute guarantee that all the pills contain no harmful drug, opiate, narcotic or stimulant. A recent evidence of their efficacy is found in the statement of Mrs. N. B. Whitley, of Boxley, Ark., who says: "I had suffered for a good many years from stomach trouble. For a long time I was subject to bad spells of faintness and lack of breath accompanied by an indescribable feeling that seemed to start in my stomach. Whenever I was a little run down or overtired, these spells would come on. They occurred frequently, but did not last very long. I was confined to my bed for ten weeks one time and the doctor pronounced my trouble chronic inflammation of the stomach and bowels. Since that time I have been subject to the fainting spells and at other times to fluttering of the heart and a feeling as though I was smothering. My general health was very bad and I was weak and trembling."

"I had seen Dr. Williams' Pink Pills mentioned in the newspapers and decided to try them. Within a few days the pills had run down in strength that I could hardly do any housework. Now I could walk ten miles if necessary. Both my husband and I are well. I think Dr. Williams' Pink Pills the best medicine made and we always recommend the pills to our friends."

Dr. Williams' Pink Pills actually make new blood and give strength and tone to every part of the body. They have cured serious disorders of the blood and nerves, such as rheumatism, sciatica, paralysis, locomotor ataxia, St. Vitus' dance and many forms of weakness in either sex. They are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Dr. Williams' Medicine Company, Schenectady, N. Y.

Beehives in Mourning. A striking illustration of the superstitious beliefs of Cornish country folk may be seen in one of the villages of the Duchy. A death recently occurred in the family of a beekeeper, who, upon believing that if he failed to do so the whole of his bees would also die—dressed each of his five hives with a piece of black crepe.
