## DO YOU KNOW

You can shop here on hot days with greater comfort than in any other store in the city. We've installed the most perfect ventilating system in the world—by the way, this is the only local store so equipped—so that wherever you go in this store you breathe cool and invigorating air. Thousands of cubic yards of air are every hour replaced by other thousands drawn from the cool upper atmosphere, untainted by germs and dust from the street. The absolute purity of the air in this store is remarked upon by all who come here on warm days, and it adds greatly to the pleasure and comfort of shopping. Then there is comfort of knowing that your money is doing its level best in this store.

# SPECIAL OFFERINGS FOR THE COMING WEEK

This is to be a great bargain week. "Reduced prices" are the watchwords in every section. When you come here we want you to feel that you're entering a store that's not trying to get as much out of you as it can, but to make every transaction you have with it as profitable and satisfactory to you as possible, and with this object in view we rigidly exclude all inferior, trashy, "made just to sell" goods from our stocks. A sacrifice of quality for low prices would never be considered here. For the coming week assortments are stupendous and the prices extraordinarily low in every instance.
