EMPLOYEES MAY GET GOOD WATER

City Attorney Holds City Can Compel Docks to Supply Bull Run.

All docks along the waterfront of the city can be forced by the city council to lay pipes for Bull Run water on the premises for the use of employees and those who are forced to transact business at the docks, according to a decision of the city attorney submitted to the city auditor.

According to the report of the harbor master sent to the council some time ago most of the docks along the waterfront are not equipped with city water pipes and furnish impure water to those who work at loading and unloading the vessels coming to the port. In the estimation of the city attorney this condition is contrary to the policy of public health conservatism and lays the owners of the docks liable to being forced to install the needed water service.

It is probable that the city council, acting upon the opinion of City Attorney Kavanaugh, will at its next meeting take some action looking to the immediate remedying of conditions along the waterfront.

SPLENDID BOOKS ON INDIAN BASKETRY

Miss Mary Isom of Public Library Selects List Worth While Reading at Present Time.

An exhibit of Indian baskets is soon to be made at the art museum, and in view of general interest in this subject Miss Mary Isom of the public library has prepared a list of books now to be had there which may be useful to those who wish to make a study of the subject. The list follows:

Woman's Share in Primitive Culture; Smithsonian Institution, Annual Report; White, Mary, How to Make Baskets, with a chapter on "What the Basket Means to the Indian," by Nellie Blanchard.

Material in the reference room—Carpenter, Helen M., Indian Baskets Are Made (see Cosmos, October, 1900, v. 29, p. 638-640); Jackson, James, comp., Basketry of the Coast and Islands of the Pacific, etc., exhibited April, 1896, at the Portland Library, Portland, Or., n. d.; James, George W., Indian Basketry (see Outing, May, 1901, v. 38, p. 177-183); Mowdow, Lloyd W., Alaska Indian Basketry, 1906; Mason, Otis T., Basket-work of the North American Aborigines (see U. S. Smithsonian Institution Report, 1884, 1885, p. 291-306—in U. S. Senate, 48th Cong. 2d session, Miss. Doc. 33, pt. 1 in vol. 2); Pepper, G. LEFT PROPERTY EXCEEDING \$20,000

George T. Myers' will was filed in the county court for probate yesterday afternoon. Though Myers is supposed to have been worth about \$1,000,000, the petition for the probate of the will says that he left property exceeding \$20,000 in value. By the will, \$20,000 is bequeathed to a daughter, Georgie F. Stevens, to be given her when she reaches the age of 45 years. The remainder of the estate is to go to the son, George T. Myers Jr., who is named executor of the will.

CLARKE COUNTY KENTISH CHERRIES BEARING PHENOMENALLY THIS YEAR

Branch of Kentish Cherries.

Thomas Beasley, who has a fruit ranch near La Center on the Lewis river in Clarke county, Washington, owns two or three trees of Kentish cherries that are bearing phenomenally. The cherries are so heavy on the trees that they are bearing the branches to the ground. An odd thing about the trees seems to be that there are very few leaves.

PETITION FOR FIVE-CENT FARE

Complaint to Railway Commission by Milwaukie Citizens.

A committee was appointed by Milwaukie citizens at a mass meeting last evening to file a formal complaint before the Oregon railway commission asking that a 5-cent fare be granted between Portland and Milwaukie. The committee will act immediately and ask that a hearing be given by the commission at Milwaukie.

The meeting was the outcome of continued agitation by Milwaukie citizens and repeated requests to the Oregon Water Power & Railway company for a 5-cent fare. It is charged that the company in maintaining a 10-cent fare is discriminating against Milwaukie, while collecting only 2 cents for passage between Portland and St. Johns, Lentz and Nickum's station, which distances are further than between Portland and Milwaukie. The meeting was called to order by Mayor William Shindler, and J. W. Grayley was made secretary. Reports were read giving the substance of petitions and replies that have been exchanged between Milwaukie citizens and the company officials for several years. In a reply from General Manager F. I. Fuller it was pointed out that Milwaukie has a 7-cent fare by way of commutation tickets. He said the St. Johns line and the Lentz 5-cent fare were not profitable to the company. It is argued by subscribers that the individual lines reaching into the surrounding country should not be required to show a profit separately considered, but should be regarded as feeders to the main city lines, which are said to yield a very large profit.

The subscribers include a large number of the city's prominent business men and capitalists.
