

TORTURING WITNESSES

Salvadoreans Try to Force Man to Give Evidence Against Americans Who Are Accused of Aiding in Revolutionary Plot.

(Journal Special Service.)
New York, July 25.—Because they have refused to give false testimony against George A. Moysent and his brother John, Americans who are charged with being implicated in a revolutionary plot, Salvadoreans are being horribly tortured by the troops at San Salvador. Mail advices have just been received here giving details of the brutality of the troops and outlining conditions there.

AXE REPLACES SADDLE HORSE

President Gets Exercise at a Wood Pile and in a Two-Dollar Rowboat.

(Journal Special Service.)
Oyster Bay, July 25.—Aquatic sports are claiming the attention of President Roosevelt these days instead of horse-back riding. Every morning he takes a plunge in cold water, then rows on Long Island sound in a boat worth \$2.50. When not feeling like taking this craft out he pitches into a wood-pile with an axe.

FIGHTING FOR PAUPER'S COIN

Walter Dell's Memory Receives Attention Yearned For in Life.

(Journal Special Service.)
San Francisco, July 25.—Walter K. Dell died in an almshouse, but now his estate is receiving the anxious attention which he yearned for in his old age and did not get. His creditors favor a petition for letters of administration filed by Public Administrator Stuk, but his former wife, Isabelle S. Dell, who was divorced from him some years ago, wants control of the estate placed in her hands. These conflicting desires resulted in a contest yesterday, for Mrs. Dell filed objection to the public administrator's petition and called attention to the fact that on July 5 the superior court of Contra Costa county granted her letters of administration.

The heirs at law of Dell are four grown children, only one of whom is a resident of California. Dell lived for years in Contra Costa county, the present home of Mrs. Dell, and there accumulated an estate which his creditors say is worth \$20,000.

Drink land him in the almshouse as an insane pauper.

GOOD NEWS

Many Portland Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Portland are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. A. Canavan of 320 Lincoln street, Portland, Or., says: "I was led to recommend Doan's Kidney Pills three years ago from the great relief I had found in a case of kidney complaint which had annoyed me for a long time. I tried other remedies previously, but Doan's Kidney Pills were the only remedy that helped me. My trouble had lasted for three years during which time I suffered from irregular action of the kidneys and backache. At times I was in such misery with the aching and weakness that I could not rest in any position. I suffered from headaches and dizziness and could hardly attend to the simplest of household duties. Doan's Kidney Pills freed me from this miserable existence and I never have lost an opportunity to recommend the remedy. In fact, I gave a public testimony in 1903, which I am glad to repeat and confirm."

JURY REQUESTS DARROW TO MOVE

Attorney's Voice Fails and Becomes Harsh—Asked to Step Back.

(Journal Special Service.)
Boise, Ida., July 25.—When court reconvened at 2 o'clock Darrow announced he would complete his argument before adjournment. There will be a night session, when Borah will open for the state. He will conclude Friday and Judge Wood declares he won't charge the jury until Saturday morning. In his charge, the judge will be extremely comprehensive. He expects to talk an hour and a half and his instructions will cover 70 points.

In continuing, Darrow discussed Orchard's story, his alleged operations in Denver, when attempts were made on the lives of Peabody, Goodard, Gabbard, Bell, Moffatt and Hearn. He said the fact that nothing happened to any of these men, although they openly were enemies of the Federation and Orchard was there for months, proves absolutely that Orchard lied.

Darrow's voice had well nigh given under the strain and had many discordant notes in it whenever he tried to raise it above the ordinary tone. So marked was this that Juror Schriener asked him to move back a few feet as he had a headache.

Darrow characterized Peabody and Sheriff Ratan of Teulitide as slimy toads and declared their treatment of Moyer deserved the latter's hatred, but he scorned to take any steps against men who oppressed him.

Darrow spent the better part of the afternoon completing his argument and when he finally sat down it was admitted he had made the most of his opportunity and had explained many apparent inconsistencies. His peroration was eloquent in the extreme, albeit an absolute appeal to the sympathies and passions of the jury, the main point being Hayward's good past character against Orchard's.

MORE DEPUTIES FOR STRIKERS

Governor Johnson Does Not Believe Troops Will Be Necessary.

(Journal Special Service.)
Duluth, Minn., July 25.—Violence in the mining district continues, but with the reinforcement of 700 deputy sheriffs just sworn in, Governor Johnson, who is on the field, declares that there is no necessity of calling out the troops at present.

The latest assault was committed upon an organizer of the union by a butcher. The meat dealer nearly killed the unionist before the latter was rescued by his friends.

The strikers have dropped their plan of daily street parades and demonstrations and are now making a house-to-house canvass requesting the aid of every man in the district. The organizers are working to raise a \$10,000 fund with which it is planned to establish co-operative stores throughout the district, after which the company stores will be boycotted.

Governor Johnson is doing all in his power to bring about a peaceful settlement of the difficulties and will not call out troops except as a last resort. Deputies are being sworn in, the latest additions to the force being 500 new officers at Bovy and Colerane and 200 at Hibbing.

BRYAN TO ANNOUNCE HIS CANDIDACY AT POLITICAL DINNER

(Journal Special Service.)
Washington, July 25.—William J. Abbott, recognized as William Jennings Bryan's personal Washington representative, said today that while he had no official authority to make any announcement on the Nebraska's behalf, he had every reason to believe that Bryan would be a candidate for the Democratic presidential nomination in 1908.

Word comes from the west that formal announcement of Bryan's candidacy will be made by him personally at a great dinner at Lincoln, Nebraska, early in the fall, to which prominent Democrats from all over the country will be invited. It is expected that Bryan then will outline the policies for which he will stand.

Canadian Pacific to Displace Trackmen—Canadians Are Aroused.

(Special Dispatch to The Journal.)
Vancouver, B. C., July 25.—Startling information regarding a Japanese invasion was made public at a special meeting of the Asiatic Exclusion league last night. It was announced that the Canadian Pacific had placed contracts with two companies to supply the railway with 12,000 Japanese, who will be used to replace members of the International Brotherhood of Maintenance of Way employees. These men are indignant over the action of the railway company and will appeal to the government. The local exclusion league will next week affiliate with a similar organization at Seattle, Portland and San Francisco.

New York, July 25.—E. H. Harriman said today he will soon make a trip to the Pacific coast on an extended tour. The date has not been fixed. He declines to make a prediction regarding the Southern Pacific quarterly dividend, but says it will not be more than 6 per cent. per annum.

YOUNG GARFIELD SCALES MOUNT PITT

(Special Dispatch to The Journal.)
Klamath Falls, Or., July 25.—Secretary Garfield and party bade farewell to Klamath early Sunday morning, going out via Pokesgema and Thrall on the regular stage line. One of the big fourteen-passenger coaches of the Oregon-California Transportation company and six horses carried the party to the railroad. They were all in a jovial mood and seemed none the worse for the strenuous life they had led since arriving here.

In the party is the secretary's son, John, a lad of 15. He is six feet two inches in height and is a splendid specimen of American youth. On Friday he and Dr. Holmes left the party at Pelican bay lodge, intent on making the ascent of Mount Pitt. Mount Pitt is not one of the highest mountains, but is not easy to climb so early in the season. They camped half way up the mountain and went to the summit in five hours, returning to Klamath Falls this evening, a record trip.

Large Force Under Rush Orders Will Set Sail on August Third.

(Journal Special Service.)
New York, July 25.—One hundred and nine trained torpedomen at Fort Wadsworth, Staten Island, are under rush orders from the war department to proceed to the Philippine Islands. They will leave Jersey City today and will sail from San Francisco August 3 on the transport Kilpatrick. Their special mission is to survey, chart and wire the harbor of Manila for the planting of mines. They are officially designated in the order as company 51, coast defense artillery. They have been known heretofore as torpedo company No. 87, but their name was changed yesterday. Colonel Crawford, who is in command at Fort Wadsworth, said the order for the company's departure had no connection with the Japanese affair. The company will take complete torpedo equipment, which includes dynamo, power panels, operating board, engines and a full supply of torpedoes.
