

SENSATIONAL PRICE-CUTTING

GREATEST CLEARANCE SALE IN OUR HISTORY

The old saying, "It's an ill-wind that blows no one good," is very apropos of this great clearance sale. Although the backward season to which we have previously alluded jeopardized our business to a considerable extent, leaving on hand thousands of dollars' worth of merchandise which should have been sold two months ago, the conditions have proved favorable to you. You can now select from our diversified lines at cost price and less. The magnitude of this selling event is beyond the conception of the ordinary individual, for never in the history of the Chicago organization have seasonable goods been offered at such radical concessions. This fact is but a logical sequence of a more determined effort to effect a complete riddance of surplus stocks.

NAKED CHILDREN STARR'S THEORY

University of Chicago Professor Advocates Youths Without Clothing.

(Journal Special Service.)
Chicago, July 26.—Are the present-day methods of raising children all wrong? Residents of Hyde Park asked themselves this question when they heard of two radical departures from domestic ethics in the University of Chicago community.
Professor Frederick Starr, of Congo exploration fame, made the statement that children should wear no clothing until they were 10 years old. Shortly after it became definitely known that several university professors are to experiment on cures for the "family problem" in specially constructed "paradise flats" at Fifty-sixth street and Lexington avenue. Here Professor Starr's theories will later be tried.
"Children," said Professor Starr, "should wear no clothing until they are 10 years of age. No, not a stitch, he added with even more emphasis. This is right on both physiological and moral grounds."
There is much speculation as to how far Professor Starr's theories would be employed in the residential Utopia which would be built at a cost of more than \$50,000, in the exclusive south side neighborhood.

RURAL PHONE LINE IN UNION COUNTY

La Grande, Or., July 26.—Articles have been filed in the county clerk's office for the incorporation of the capital stock \$1,000. The object of the company is to construct a rural telephone line connecting North Powder and Union. From North Powder, the line will take in the Wolf Creek, Clover Creek, Jimmy Creek and Hog Valley settlements, reaching Union from the west over Craig mountain.
Greater Seattle's New Ward.
Seattle, July 26.—Twenty-one square miles of territory was added to the area of Seattle at noon Wednesday, when acting Mayor Charles H. Burnett signed the ordinance by which West Seattle, embracing Alki-Rainier, Youngstown, Springhill and other contiguous territory was annexed. The suburbs come in as the Fourteenth ward and at the meeting of the council Monday night an ordinance will be introduced calling a special election for the choice of a councilman from the new ward.

POLLYWOG BRITISH JUDGES DISAPPOINT AMERICAN CRITIC

(Journal Special Service.)
London, July 26.—Mr. Monaghan of St. Louis, one of the eight American lawyers who are touring Europe to study legal methods, said to a Daily Mail reporter, after visiting the London law courts, that their impressions of the administration of English justice were disappointing.
The judges elected to the bench in America are invariably men of the world, with wide human knowledge and men of modern life, he said. Altogether, the British legal machinery impressed the visitors as insufficiently up-to-date.
"Moreover, it was not impressive to see the judges togged up like pollywogs," the American critic added.

RUMOR OF ABERDEEN TERMINAL OF U. P.

(Special Dispatch to The Journal.)
Aberdeen, Wash., July 26.—Rumors of the sale of the Anderson and Middleton mill to the Union Pacific railroad, have been persistently circulated for the past few days. The story was that the railroad company had bought the site to use for a terminal for the road, as it is to cross the Chehalis river at that point, and it would be a good location for a depot.

CATHOLIC HOSPITAL FOR M'MINNVILLE

(Special Dispatch to The Journal.)
McMinnville, Or., July 26.—The three Catholic sisters, who have been teaching in the new St. James academy for the past year, left for the east yesterday to secure more instructors for the school during the coming year. Besides the improvement in the school, which has already shown itself a most worthy institution, the church contemplates the building of a hospital early in the fall.
Taylor Succeeds Marsh at Pacific
(Special Dispatch to The Journal.)
Forest Grove, Or., July 26.—Professor Frank C. Taylor of Nebraska, has been engaged by Pacific university to fill the chair of ancient languages vacated by Professor Joseph W. Marsh, whose resignation took effect July 1. Mr. Taylor is a graduate of the University of Nebraska, from which he took his master's degree. Under his principalship Western Water academy was built up to be a thriving school and he is recognized as one of the foremost edu-
