CAMPMEETING ENDS TONIGHT AT JENNINGS
The annual campmeeting of the Evangelical association in progress at Jennings Lodge will come to a close tonight with a lecture by Professor S. L. Umbach entitled "Palestine." Officers of the association for the ensuing year were chosen yesterday as follows: President, Rev. G. W. Plummer of Albany; first vice-president, F. Benson of Portland; second vice-president, M. Fisher of Milwaukie; secretary, G. A. Goode, Milwaukie. The association voted to sell 3 1/2 acres of the original camp ground tract and use the money to pay off the mortgage on the property. It is thought that the 3 1/2 acres will bring as much as was paid for the entire 8 1/2 acres four years ago.

Utmost Activity Prevails in Eastern Oregon Oil and Gas Field.

FLOWS AT MODERATE DEPTH PREDICTED

Nothing Down More Than Two Hundred Feet as Yet—Explosion of Natural Gas in Shallow Well Blows Pump Out.

(Special Dispatch to The Journal)
Ontario, Or., Aug. 1.—A carload of drilling machinery for the Oregon Oil & Gas company has arrived from Akron, Ohio. C. W. Taylor, manager of the company, states that this machinery is for the well to be sunk at Fayette, Idaho, and that a larger drill for the well to be sunk on Dr. Pogue's place, one mile east of this city, will arrive in a few days.
Considerable interest is being taken in Ontario by people from the outside at present from the fact that this section is to be thoroughly tested regarding the oil and gas prospects. There are several deep wells in Ontario and every one of them gives some indications of oil or gas. None of these wells, however, is over 200 feet deep, and it is confidently predicted that oil or natural gas will be found at a depth of less than 200 or 300 feet in large and paying quantities.
The pump was blown out of Charles Atherton's well, a mile and a half west of this city, by an explosion of natural gas. The well is about 200 feet deep.
