TODAY'S MARKETS

Enormous Receipts and Liberal Demand Breaking Records Along Street.

Front street markets:
Big hay crop hurts price.
Hop contracting at 9½ cents pound.
Cantaloupes higher in south.
More eastern eggs come.
Salmon run is very small.
Peaches still very scarce.
Tomatoes helding again.
Higher price for blackberries.
Grape supplies more liberal.
Dressed meats still very scarce.

Heavy Fruit Trade,

The fruit trade in the Front street markets has reached the heaviest volume ever seen in this or any other city in the Pacific northwest. Supplies of all kinds of fruits have been very liberal of late and while there has been a screen by in a few lines of fancy fruit, for trade has not been forced to go lungry. The volume of arrivals of watermelons is increasing daily. Pears are coming much more freely from California points and are finding good sale. Those from local points are coming faster but they are not fully developed yet and this cases them to sell at lower figures. Watermelons are now so plentiful that a part of the surplus veloped yet and this causes them to sell at lower figures. Watermelons are now so pientiful that a part of the surplus is now being fed out to the hawkers. For fancy stock, however, the price remains at the former range. Grapes from California points are in quite liberal supply with prices ranging from \$2 to \$2.25 a crate of four baskets.

Cantaloupes are higher in the south. This explains: "Fresno. Cal., Aug. 1.—Harry Arakelian, Portland, Or. Good melons scarce. Raise the price dollar a ton. Arakelian Bros & Co." Receipts of "cants" in this city are increasing but demand is an good that prices are still being held to the top limits.

Mon Contracts at Low Prices. Hop Contracts at Low Prices.

While several hop contracts were filed yesterday at Oregon City calling for 15c a pound, no new purchases are being made at that figure. It is stated that the instruments recorded yesterday are several years old and still have a year to run. During the past few days several contracts for the coming crop of hops were made in this city by local dealers at 15c a pound. Bears continue to send out reports of record-breaking production, both here and in California and Washington. These reports are sent out with the sole purpose of influencing the eastern trade not to send out their buyers to the Pacific coast and to pull down still further the price of hops here. While several hop contracts were filed

several years to enable the breeders to have free reign. According to a local fish man who has a packing house down the river, the catch this season of chinooks cannot be compared with last season; so small has been the run. "Chinook salmon have been practically fished out in the Columbia river," he says. Only one or two times thus far this season have there been even a fair run and these were only small spurts." More Eastern Eggs Come.

tone- with sales being made at the prices quoted in this paper. Much complaint is being made by the retail trade about the poor quality of most of the eastern eggs. There are several grades of eastern stock in this market at the present time; most supplies, however, being of the cheapest grade. Some eggs from the east cost 2c a dozen more than others. The higher-priced ones in the east are much the best but all side stock are being some than others. The higher-priced ones in the east are much the best but all sales are subject to sub being of the cheapest grade. Some eggs from the east cost 2c & dozen more than others. The higher-priced ones in the east are much the best but all outside stock are being sold at about the same price here. Many compleints are likewise being made that most of these eastern eggs are being sold as strictly fresh local ranch eggs. The pure foods law regarding this matter is being strictly enforced in the east and the local trade is threatening to ask government officials to step in and stop the deception here. The law reads as follows: "The use of a geographical name shall not be permitted in connection with a food—or drug—not manufactured on produced in that place, when such name indicates that the article was manufactured or produced in that place, when such name indicates that the article was manufactured or produced in that place."

The results grade. Some that it is being than carlicle was manufactured or produced in that place, when such name indicates that the article was manufactured or produced in that place. The results grade in the state of the such as the produced in the such article was manufactured or produced in that place."

The results grade. Some that a lots a to fluctuations.)

CHERRY SUPPLIES TO SOON DISAPPEAR

"Royal Anne cherries are now coming from the mountain sections, and although they are not of such fine appearance as are rown at home they are showing inusually fine quality especially for this time of year. The stocks for this time of year. The stocks are hard and the best ever received from the mountains. Cherries will remain in market for about 10 days more. There are likewise a few Black Republicans on sale."—Mark Levy of Mark Levy & Co.

EGGS SHOULD GET

"Eggs are still in large supply, and with many eastern in the coast markets price conditions are not all that producers might ask. Quality is also rather poor, and advise shippers to make prompt shipment that the quality of their goods may be as good as possible.

"Butter is unchanged, and in good demand.

good demand.

"Poultry has been in fair supply, and in very fair demand. Good hens and large springs sell very well, and there is some demand for large young ducks. Fat turkey hens and large young turks are pretty fair sellers. I look for a very good market for good goods of this line the com-ing week.

"Fancy fat small and medium

veal are rather in sellers' favor, and at very flattering prices, The trade gets hardly enough of these. The same is true as to small and medium solid hogs al-though large and rough are not in much request, "Potatoes are coming in quite freely," and are selling very well at prices, which pay producers a good profit Large fancy stock will sell well."—Tom Farrell of Everding & Farrell.

for old; squabs, \$2.50 per dozen; pigeons, \$1.25 per dozen. Dressed poultry, 1@1_c per lb. higher.

First Melons Arrive.

(Special Dispatch to The Journal.) Lewiston, Idaho, Aug. 2.—The first melons to be placed on the market here were brought into Lewiston yesterday by H. P. Eastwood of Vineland. They are of good quality and command a first-class price. In a fortnight more the melon crop will be ready for the market and the outlook is for one of the most successful seasons in the history of the section. Hundreds of carloads will be shipped into the eastern market, where they command a high price.

TO MARKET EARLY SMALL RUN AND WHEAT TRADE A GOOD DEMAND

Light-No Sheep Come and Tone Is Firm.

Portland Union Stockyards, Aug. 2.- | • • • • • Official receipts:
Hogs. Cattle. Sheep.

Week ago Year ago 200 750 Previous year general is keeping shipments to market at a nominal figure. The run of sheep a week ago today was 125 head compared with 200 a year ago and 750

head two years ago. A year ago today sheep values were strong but stationary. Small Bunch of Cattle.

Only a small bunch of cattle came Only a small bunch of cattle came into the stockyards today. Arrivals totaled but 62 head against 47 head a week ago, 50 head a year ago and 250 head this Friday in 1905. This is the time of year when cattle receipts in the local yards are usually light and on this account the market takes a better tone. A year ago about this date the cattle market started to get out of its summer weakness, values at that time being quoted steady to firm. Hogs are firm with a small run to-day. A week ago, a year ago and two years ago no hogs were received on this day. A year ago today hog prices

were firm.
Today 61 head of horses arrived in

e yards. Official yard prices: Hogs—Best eastern Oregon, \$6.50; stockers and feeders, \$6.00@6.25; China fat, \$6.25@6.50. Cattle—Best eastern Oregon steers, \$3.75; best cows and helfers, \$2.75@3; Sheep—Best wethers, \$4.50; ewes. \$4.25; lambs, \$5.25.

HOGS STEADY IN EAST.

Receipts a Fraction More Than Year Ago-Others Hold. Chicago, Aug. 2 .- Official receipts:

Receipts a year ago were 15,000. Mixed, \$6.30 @ 6.45; heavy, \$6.05 @ 6.30; rough, \$5.60 @ 5.85; light, \$6.05 @ 6.55. Cattle—Steady. Sheep—Steady.

MARKET SIMPLY DRIFTS.

New York Stocks Active and Strong Early-Very Dull Later.

New York, Aug. 28.—Since the opening the market, which was somewhat active and strong on short covering, simply drifted with no particular feature. Time money has hardened with some loans at 7 per cent. This looks like there will be no gold exports this week and accounts for the market's duliness.

Hopgrowers Should Very Carefully Watch Actions of Market Bears, for

They Are Working Up New Schemes.

Receipts of Livestock Very All Markets Show Advanced Values-More Record-Breaking Yields.

> (Journal Special Service.) Enryout at Height.

Adams, Or., Aug. 2.-Harvesting the 1907 crop of wheat is now at its height in this section of Umatilla county. It now looks as though there would be many 60-bushel yields. John Adams has a half section that will make over 60 bushels to the acre, much of it going as high as 70 bushels. Lowell Rogers has 65 acres that is making 1583 sacks. * here that will go less than 40 bushels to the acre in the wheat belt about Adams, and Helix, and the same report comes from other sections of the county.

CHICAGO WHEAT VALUES.

But little offering of new wheat is But little offering of new wheat is shown in the inland empire. Purchases by millers thus far have been the smallest on record, there being so small an amount contracted that it scarcely can be counted. Exporters have not yet entered the market.

The hay market is a fraction lower for timothy owing to the heavy crop in eastern Oregon and Washington. This increased yield is said to far outreach the shortage of timothy in the Willamette valley. At the new prices the

ette valley. A market is firm. At the new prices the

Record-Breaking Yields. Reports of record-breaking yields con-tinue to come from various parts of the Pacific northwest. Bays the Walls

Walla Bulletin: "Sixty-five pounds to the bushel wheat sounds like a fairy tale to even the average farmer in this section, but that is the actual test of the crop of Turkey Red, produced on the Ennis ranch near this city this year where the average yield was about 54 bushels to the acre. The test of this grain was made by Dement Brothers this morning. Samples were sent to a number of exporters on the coast. So far it not only tests the highest of any crop harvested. tests the highest of any crop harvested, but the yield is also exceptionally good, although small tracts in the foothills have produced record-breaking yields."

Chicago Market Advanced. There was a better tone in wheat trading in various markets today. Chicago started very strong and closed with gains of 1/2 to 1/2c for the day.

Liverpool was firm and had more life than for some days. It closed higher Official Chicago prices by Overbeck & Cooke company:

Probabilities Are Six-Story Office Structure Will Go Up at Fifth and Stark.

The probabilities are that the quarter-block at the northwest corner of Fifth and Stark streets, belonging to Mrs. Catherine Brady will be improved at an early date with a modern sixstory office building. Messrs. Gay

Lombard and Frank F. Freeman have taken an option on the property for a \$5-year lease, which, it is understood, will be closed in a short time.

The terms of the prospective lease have not been made public, but it is known that the parties holding the option are contemplating the erection of a modern six-story steel frame build. of a modern six-story steel frame build-ing on the site. The property is now covered with old frame buildings, some of which are among the oldest struc-tures in Portland. tures in Portland.

TO KILL LAST ELK IN COOS OR CURRY

There is no fall wheat about . Hunters Preparing to Go Into the Wilds and Exterminate the Few Surviving Bands.

> (Special Dispatch to The Journal.) Roseburg, Or., Aug. 2.—George H. Himes of the Oregon Historical society and a party consisting of State Game Warden J. W. Baker and his son, W. L. Baker, with Deputies Thomas Howe and Eue Hodson of this city have just re-turned from a trip to Port Orford,

> Curry county.
>
> Mr. Himes obtained several historical Mr. Himes obtained several historical notes of great interest and will make them known to the society upon his return to Portland, for which place he left this afternoon. The other members of the party were looking after elk, of which it is reported several have been killed lately. There are several small bands of 15 to 20 elk in Coos and Curry counties, and the open season of one month this year will exterminate the entire herd. Parties from the east have already engaged guides to take have already engaged guides to take them into the elk country. While each person is allowed to kill but one, it will be but a short time till they are all

HOSKINS' BODY IN RIVER AT RAINIER

(Special Dispatch to The Journal. Rainier, Or., Aug. 2.—George Hoskins, resident of Bellingham, Washington, was found floating in the river Wednes-day near the Reed dock. A bruise on the back of the head seems to indicate foul play, though he might have struck his head in falling. Hoskins has been here for about six weeks, doing plumb-ing and tinning.

ing and tinning.

Hoskins was about 50 years of age.

He leaves a widow and children. The body was identified by J. L. Bell.

The body of Joe Orsi, the young Italian who was drownel here Wednesday, has been shipped to Portland for day, has been shipped to Portland for

LIGHTNING SO CLOSE AS TO GIVE SHOCKS

(Special Dispatch to The Journal.) (Special Pispatch to The Journal.)
Hillsboro, Or., Aug. 2.—The most terrific electrical storm ever witnessed in this county was that of Wednesday. The large dynamo at the power station was slightly damaged and the service badly Telephones were put out commission and a large new barn, the property of Clyde Lincoln, near Glen-coe, was struck and destroyed by fire. persons in Hillsboro slightly stunned

Prune Crop Is Very Heavy.

(Special Dispatch to The Journal.)
Freewater, Or., Aug. 2. — The first
fruit-packing houses of Freewater and Milton now have large forces at work sending out the immense crops of fruits. The prune crop this year will be the heaviest in the history of the country, and many tons of the famous Hungarian and Italian varieties will be shipped out to the eastern states and across the Atlantic. Many plums have been shipped out of late, averaging 75 cents per hundred nounds.

The blackberry season has commenced and it is greatly increased in produc-

(Special Dispatch to The Journal.

Palouse, Wash., Aug. 2.—A very heavy
downpour of rain visited this locality Tuesday, but only a small area was affected. The crops on several farms were somewhat damaged. Rain fell in torrents for nearly two hours and the water stood on the lowlands two feet deep when the rain ceased.

Wheat at Seventy Cents.

(Special Dispatch to The Journal.
Albion, Wash., Aug. 2. — Several threshers have started work, but the most of them will wait until about Monday. Men are scarce and good wages day. Men are scarce and good wages are being paid to all who come in. Wheat will start off at about 70 cents a bushel and oats and barley will com-mand a fair price from the start. The weather is good.

Harvesting at Glenwood.

(Special Dispatch to The Journal. Glenwood, Wash., Aug. 2.—N. New-ton was the first man to begin threshing in this locality this year. He began early Thursday morning on barley, that is running about 40 bushels an acre. It is a light crop for barley, but the qual Lapawai Wheat Harvest.

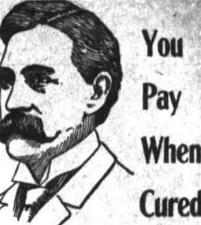

(Special Dispatch to The Journal.

Lapawai, Idaho, Aug. 2.—The wheat crop is being harvested here. It will be a big one and of an excellent quality. Plenty of harvest hands are coming in. Wages are good. A \$50,000 Crop. (Special Dispatch to The Journal.)
Garfield, Wash., Aug. 2.—Senator R.
C. McCroskey, who has been running
17 Rush binders in his wheat fields the

past two weeks, has just finished cut-ting and shocking his fall wheat. The crop will bring him in about \$50,000. St. Louis Wheat Market. Louis, Aug. 2.-Wheat, September,

When I have accepted your case for treatment you may look forward to a complete and permanent cure, and with the very first treatment the curing will begin. This is pretty definite talk upon what is commonly regarded as an uncertain and speculative matter. But I am in a position to speak definitely and positively. With me the cure of men's diseases is not uncertain or speculative at all.

DR. TAYLOR,

 $\mathbf{M}\mathbf{Y}$ FEE ONLY

yield completely.

I have treated so many cases that I know just what I can do and what I cannot do, and I never promise or attempt too much. I scoopt no case in which I have doubt as to my ability to cure, and results are always equal to the claimbs I make. Following are some of the diseases I cure, and reasons why my cures are certain.

Contracted Disorders

In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be eradicated at the earliest possible moment. My treatment is thorough. The remedies employed have a more positive action than have a more positive action than has ever before been attained, and so perfect is my method of appli-cation that even chronic cases

This most prevalent of all dis-eases of men is also the most neglected, either through dread of neglected, either through dread of the harsh methods of treatment commonly employed, or, through ignorance of the grave dangers that accompany the disease. As varicocele interferes directly with the circulation and process of waste and repair throughout the generative organs, the necessity of a prompt and thorough curscannot be too forcibly emphasized. I cure varicocele in one week by an absolutely painless process. My cures are thorough and absolutely permanent—and are accomplished without the use of knife, ligature or caustic." hydrococele, specific blood poison

Varicocele.

X also cure to stay cured "weakness," hydrococcie, specific blood poise and all men's diseases. Consultation and Advice Free

periment; we have proved the fact that our methods are the best, latest and most scientific in every respect. There are some cases that are curable and we determine whether it is curable or incurable by a thorough physical and microscopical examination.

We cure Cystitis, Irritation of Neck of Bladder, Enlargement and Inflammation of the Prostate Gland and all diseases of the Bladder and Kidneys quickly yield to our modern methods of treatment. We especially invite old chronic

cases that have been unsuccessfully treated elsewhere.

Gonorrhoea, Blood Poison, Skin Diseases, Nervous Decline, cured scientific methods known and indorsed by the medical profession. The average man seldom realizes the great importance of physical strength as a factor in his general health. To be weak physically is to be weak mentally. If from various causes, or certain conditions, the vitality of the body is run down the entire nervous system becomes sympathetically affected resulting in the loss of strength-of vitality. To this condition we apply a medication which, coming directly in contact with the weakened nerve centers, relieves the congestion and establishes healthy circulation upon which strength and vigor depends.

NERVOUS DEBILITY OR WEAKNESS.

There is usually a pain across the small of the back; blue rings under your eyes; specks before your eyes; your sleep does not rest you; you get up in the morning feeling tired; your mind at times wanders; your memory is poor; you are losing flesh, hollow-eyed; whites of your eyes are yellow; you are fearful, always expecting the worst to happen; very nervous; you have bad dreams; startle in your sleep, and awake out of a dream very much frightened; stinging pain in the breast; no appetite. Do you know what causes you to feel like this? This condition will not improve of its own accord, but instead you may grow gradually worse, and eventually end in nervous debility or neurasthenia. If you have ever taken treatment and failed to get cured perhaps it is because you never took treatment at the St. Louis Institute. Our treatment is different from the old treatment taught years ago. We cordially invite consultation free.

WRITE if you cannot call. All correspondence strictly confidential and all replies sent in plain envelopes.

HOURS—9 a. m. to 6 p. m.; evenings, 7 to 8:30; Sundays, 8 a. m. to 12 noon.

SANDSTONE POINT BLOWN INTO BAY

(Special Dispatch to The Journal.) Bay City, Or., Aug. 2.-At exactly 5:30 o'clock Tuesday afternoon Miss Heinze, the Butte copper magnate, has the Margaret Watt touched the key that released the spark that discharged a

released the spark that discharged a two-ton charge of dynamite, which completely tore up Sandstone point, an obstruction in the way of the N. P. & R. company's track.

The explosive was placed at the apex of a 20-toot triangle, measuring from the surface of the cliff, and at the discharge vast quantities of rock were thrown far out into the bay.

A large crowd lined the pier, which is straight across the bay from Sandstone point, in order to get a good view of the explosion.

This was the first charge to be fired,

This was the first charge to be fired, but blasting will continue from now un-til the 20 miles of grading is completed Nehalem. to Nehalem.

The schooner Wallacut, which arrived Saturday, carried the equivalent of two carloads of dynamite.

GENERAL LABOR WAR BEING WAGED AT LODZ

(Journal Special Service.)

Lods, Aug. 1.—Riots, the result of an attempt to inaugurate a general labor war here, are the cause of additional troops being rushed here; business is at a standstill. The principal leaders of the Socialists have been arrested. The leaders' plan is to secure control of Lods. The street cars have been burned.

New Roadmaster Named.

Pendleton, Or., Aug. 2.—H. Jurgens, formerly of Medford, Oregon, has just been appointed O. R. & N. roadmaster for the Pendleton division in place of G. H. Sullivan, who recently resigned. The former roadmaster has gone to Seattle.

IMPORTANT MOVE IN HEINZE'S GAME

(Special Dispatch to The Journal.) Helens, Mont., Aug. 2 .- F. Augustus bought at sheriff's sale at Boulder the plant of the old Basin & Bay State Mining company, including the \$500,000 concentrator erected by Glass Bros.,

concentrator erected by Glass Bros., a smelter, the famous Katie mines and a number of other mining properties, both quarts and placer. The price pald was \$302.854.71, and Heinze's agent was the only active bidder.

To what immediate use he will put the properties is not known, but it is presumed that it will be extensively utilized in conjunction with the Butte and Helena mines in which he is interested as well as in the development of the mining properties taken over. It was this smelter that Heinze leased upon the burning of his own at Butte during the copper war and which he only abandoned after numerous suits were instituted for damages to crops due to gases and to the overflow of the Boulder river. The abandonment was evidently for the purpose of securing absolute ownership.

EX-OFFICER'S WIFE IS SEEKING DIVORCE

St. Louis, Mo. Aug. 3.—Mrs. Webster Walsh has begun a divorce against Edward U. Wal former army officer. Mrs. Wale sister of Creveling, the racehorse of San Francisco.
