### OYSTERMEN COMPLAIN OF TRANSPLANTERS

(Special Dispatch to The Journal.)  
Salem, Or., Aug. 7.—At a meeting of the board of fish commissioners yesterday a delegation was received from the oystermen of the Yaquina bay. The chief complaint of the delegation was that certain private companies were transplanting eastern oysters to certain districts of the bay formerly occupied by the native oysters and acquiring the exclusive rights to the beds. Certain members advanced the opinion that all transplanting operations should be carried on by the government in order that private fishermen might not be forced out of business.

### GAMBLERS RECEIVE (Continued from Page One.)

as Anthony Comstock. This is the one organization that is now combating gambling in a systematic way throughout the union. When a bill was introduced in the Idaho legislature last session to license gambling, before twenty-four hours we had word flying to all parts of the state to arouse opposition and thus killed the bill in committee. And so by marshalling all the moral forces on the field of battle and having them led by the mighty voice of The Journal, this foe of the home and of our social and industrial welfare will soon be driven from our fair state. The church and the press united are far more potent than vice.

New Order Issued.  
The order issued yesterday by District Attorney Hedges follows:  
"To whom it may concern—I call attention to section 1944 of Sellinger and Cotton's annotated codes and statutes of Oregon, which reads as follows:  
"Gambling unlawful—Each and every person who shall deal, play, or carry on, open or cause to be opened, or who shall conduct either as owner, proprietor, or employee, whether for hire or not, any game of faro, monte, roulette, rouge et noir, lanquet, rondo, vingtun (or twenty-one), poker, draw-poker, brag, bluff, draw, or any banking game, or any other game played with cards, dice, or any other representative of value, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than \$500, and shall be imprisoned in the county jail upon such fine and costs as may be provided; that such person so convicted shall be imprisoned one day for every two dollars of such fine and costs; and provided further, that such imprisonment shall not exceed one year."  
"On and after Tuesday, August 13, 1907, the above section of our statutes will be strictly enforced in the Fifth Judicial district, state of Oregon, comprising the counties of Clackamas, Clatsop, Columbia and Washington.  
"That the enforcement of said section may prove effective, I call upon the proper municipal authorities, and the best citizens in the district, to cooperate with me in this matter."  
GILBERT L. EDDERS,

### HINDOO SOLDIER OF PROMINENCE WILLING TO WORK AT ANYTHING

Rahman Kahn appeared in the city this morning looking for a job. He was willing to milk cows, wash dishes, act as watchman or chief of police, if only he could find something by which to keep himself occupied. He has tried several employment offices and the manager will try to get the bronze-hued Hindoo a position.

Rahman Kahn was a prominent soldier in his own land, because across his chest he wears a half dozen large medals and marks of honor earned in battles he fought on the British side. A gunner in the artillery and a major by rank, he left a "pretty" fair position to venture in the land of the free. "I'm no poor man," said the Hindoo this morning when asked as to his financial condition, "but I no have money just now. Cost \$500 to come to America and

### Two Grand Beaches

NEAR  
BAY CITY  
OREGON—  
ON  
TILLAMOOK  
BAY

Nowhere along the Pacific Coast are there to be found such exceptional opportunities for summer resorts as are adjacent to Bay City. This means that within a year or so, thousands of Portlanders, tourists and people from all parts of the world will be flocking to the Tillamook Bay country. Bay City is the railroad center for this section and the main point on the Lytle Road. All traffic must converge here. Garibaldi Beach, 11 miles long, extends from the opening of Tillamook Bay north to the Nehalem river. Bayocean Park, with 8 miles of bay and ocean beach, extends along the Tillamook Peninsula, south to Cape Meares lighthouse. These two beaches are as smooth as glass. Bayocean Park is being developed rapidly. A \$250,000 hotel is about to be built. A company is now plating a new resort at Garibaldi Beach, to be called Oceanlake Park Beach. Others are in prospect. It means simply this, that every DOLLAR placed in Bay City property now will yield TEN DOLLARS within a year. The Lytle Road will be completed in 1908. Information of all kinds will be supplied free by the Bay City Board of Trade, Bay City, Oregon.
