

LOOK FORWARD TO BUSY TIMES

Exporters Expect to Send Away Large Quantities of Products.

MANY SHIPS WILL BE CALLED INTO SERVICE

Sailing Vessels Will Be in Demand If Bulk of Wheat Goes to Europe, But Steamers Will Find Business Brisk if Orient Buys the Grain.

That things will be lively along the Portland waterfront during the coming fall is already evident from the large number of craft heading this way, and there are those who believe the Oregon metropolis will see the biggest year in its history in shipping as well as in many other lines.

Several charters have already been made for early loading, but more are expected almost daily from now on, although shippers feel fairly secure in the hope of being able to obtain cargoes at reasonable prices when they look at the long list of vessels headed this way from Europe in cargoes.

That there will be a much heavier movement of grain out of this port than ever before is considered a fact because of the completion of the north bank railroad, the opening up of the upper Columbia river country and the year's heavy crop.

BOATS BEING SOLD.

Several launches leave Portland for New Pastures. A number of smaller boats that have been plying the Willamette for some time are being transferred to other lo-

calities where good fields are offered, and during the next few weeks several familiar craft will disappear from their usual haunts.

The gasoline launch Imperial, which for years has been the most familiar member of the mosquito fleet in this harbor, will depart in a few days for Kelso, where she will be put to good use carrying people and freight across the river.

The steamer schooner Casco, oil steamer Argyll, steamers George W. Elder, Alliance and City of Panama will be in the harbor this afternoon, all of them having crossed in at Astoria this morning.

ARRIVE IN BUNCH.

Alliance, City of Panama, Geo. W. Elder, Casco and Argyll in Port. The steam schooner Casco, oil steamer Argyll, steamers George W. Elder, Alliance and City of Panama will be in the harbor this afternoon, all of them having crossed in at Astoria this morning.

The Alliance crossed in at 10 o'clock from Coos Bay and left up a couple of hours later. She will reach Couch street dock late tonight, so that some of the passengers will probably remain on board till tomorrow morning.

Several launches leave Portland for New Pastures. A number of smaller boats that have been plying the Willamette for some time are being transferred to other lo-

will eventually be taken by the Lawton, which is now undergoing repairs at the Bay City.

Spanish War Veterans.

(Special Dispatch to The Journal.) Spokane, Wash., Aug. 7.—Spokane extended a hearty welcome today to the United Spanish War Veterans' convention of Washington, whose annual encampment opened under most favorable conditions. The attendance of veterans is large and the arrangements made for their reception and entertainment are of the most perfect and elaborate character. The meeting will be held at the grand hotel, and the delegates are to represent the department at the national encampment to be held at Sandusky, Ohio, next month. It is probable also that steps will be taken to secure if possible the next national encampment of the order for the city of Tacoma.

Serpent in a Nevada Lake.

From the Sacramento Bee. A report from Walker Lake states that a monster sea serpent has been seen at the northern end of the lake. Dan Somers, a mining man of good reputation for veracity, brought the story to Goldfield. Corneison says that both he and a companion named John Moon and a reptile while fishing from a boat half a mile from the northern shore of the lake. The monster was then making its way toward the boat, and was capsized, and rowed toward the spot when it suddenly reappeared, giving them a good view of its proportions, which they estimated to be about thirty feet in length and six feet across the back. Another resident of that vicinity, a man named Peter Jackson, is said to have discovered the serpent some time ago reposing in shallow water near the shore, and on being aroused it disappeared in deeper water. There is also said to be a legend among the Plutes around Shurz concerning the existence of a serpent in Walker Lake.

ROSY COMPLEXION WITHOUT COSMETIC. Home Prescription for the Skin. Said to Work Wonders on the Complexion.

A good complexion is essential to facial beauty, and if it cannot be attained naturally, then artificial means must be resorted to. But all ladies regret the necessity of using imitation beauty and would gladly possess the natural rosy glow which some of their sisters are so beautifully favored. Here is a prescription that comes across the ocean, from France, the home of so many beauty secrets, and it is said to be the most effective preparation known to science for rejuvenating the skin and restoring the bloom of youth, as well as promoting the growth in undeveloped or shrunken parts. Obtain from your druggist: two ounces of Rose Water, one ounce Spirits of Cologne, four ounces crystallized Sartin (skin food). Put the Sartin into a pint of hot water (not boiling) and after it is dissolved and cooled strain it through a fine cloth and add the Rose Water and Cologne Spirits. Put it in a bottle or jar and keep well corked when not in use. This wash is to be applied twice a day or oftener, and massaged well into the skin with the fingers. The ingredients being obtainable at any good drug store, and is well worth a trial.

KILLS HIMSELF TO AID FAMILY

Member of New York Stock Exchange Sacrifices His Life to Support Folks. (Journal Special Service.) New York, Aug. 7.—It has been learned that the suicide of William S. Alley, for 29 years a prominent member of the New York stock exchange, who shot himself in the head last night in his room at the Larchmont Yacht club, was an act of sacrifice for his family. He had met with heavy financial reverses, and his seat in the exchange resigned. His wife said: "The value was insufficient to meet the claims that the members of the exchange held against him, and he was left without means to provide for his wife and two sons."

A gratuity of \$10,000 for members of families attached to every seat in the exchange exceeds the law. It is believed that this was the motive of the suicide.

SEARCH FOR BODY OF MISS DAVIDSON

(Special Dispatch to The Journal.) Aberdeen, Wash., Aug. 7.—Miss Lucile Schraeder, who was so nearly drowned at Westport Saturday while bathing, is improving rapidly, and will soon be able to return to her home at Seattle. So far as is known, she has not yet been informed of the tragic death of her friend. Mr. Davidson, the father of the girl who was drowned, has gone to the scene of the tragedy, and says he will exhaust every means to secure her body. Captain Jacobson, of the launch Clam, is now engaged in the search for the body, which he thinks may possibly be cast up on the shore somewhere south of Westport. Efforts will be made to assist the grief-stricken father in his mournful task.

Dr. Robert Collyer Goes Abroad.

(Journal Special Service.) Boston, Mass., Aug. 7.—Among the passengers sailing from Boston for Europe today is the Rev. Robert Collyer, now 83 years old, pastor emeritus of the church of the Messiah, New York. The purpose of Dr. Collyer's trip abroad is to make an address at the religious exercises of the annual library at Ickley, in Yorkshire, England. It was near Ickley that Dr. Collyer was born and there he spent the years of his youth, working as a journeyman blacksmith.

Immense Swine Pavilion.

The largest "swine pavilion" in the world is the latest Iowa boast. It is being built on the state fair grounds at Des Moines and when finished will occupy three acres under roof. The judging ring occupies a square almost surrounded by pens. This will be the center of attraction for the Iowa people at their state exposition this year, says the Clinton Herald. Farmers interested in swine breeding have been urging this improvement a long time. Last year they brought 2,700 hogs to the exposition and many others were sent back for lack of space. This is a larger exhibit of hogs than at all other state fairs together. With these improvements the Iowa state exhibit will be kept not only at the head of the list but far in the lead of all others.

INSOMNIA. "I have been using Cascarets for Insomnia, which I have been afflicted for over twenty years, and I can say that Cascarets has given me more relief than any other medicine I have ever tried. I shall certainly recommend them to my friends as being all they are represented to be." Thos. Gillard, Elgin, Ill.

FOREST RESERVE RECEIPTS DOUBLE

Oregon's Share of Revenue Twice That of Last Year.

MONEY GOES INTO STATE SCHOOL FUND

Under "Ten Per Cent" Clause Each of Western States and Territories Will Be Paid Much Larger Sums Than Were Distributed Year Ago.

(Washington Bureau of The Journal.) Washington, Aug. 7.—The total receipts from business on the national forests for the fiscal year ending June 30 were \$1,529,517.93, more than double the receipts for the preceding fiscal year, and the sum which goes to the states and territories, by law, to swell the county school and road funds where national forests are located—10 per cent of the total—is also more than doubled, reaching the considerable sum of \$153,951.79.

There is food for thought in the fact that, except for Arizona, California and Utah, the states which derive the greatest benefit from the returns of forest management are Colorado, Idaho, Montana, Oregon, Washington and Wyoming, the six states in which congress last winter forbade the addition of new national forests except by its own act. As compared with the figures for last year, Montana's share, \$20,655.42, is this year over three times larger; Idaho's, \$13,122.92, almost three times; Oregon's, \$13,980.89, almost twice; Wyoming's, \$16,590.23, about two and one half times.

IDAHO CORPORATION TAX LAW IGNORED

(Special Dispatch to The Journal.) Boise, Ida., Aug. 7.—Idaho is going to have trouble with her corporations under the corporation tax law passed by the last session of the legislature. There are about 8,000 corporations in the state but only 400 have responded with the tax. According to the law this tax should all be paid by August 15, but it is safe to say that it will not be. The statute has met much opposition in various parts of the state. It is charged that it lacks the principle of equity and is grossly discriminating. It is expected that many suits will be brought to collect this tax after August 15.

"August 8, Why?"

On the lapel of the coats of practically every streetcar man in the city has caused more talk than any recent freak in the advertising line. It is advertising the big event that will be held at The Oaks August 8 by the employes of the Portland Railway, Light & Power Company.

The carmen, in conjunction with Manager Freeman, of the park, have made elaborate preparations for the event. During the afternoon there will be the great baby show, in which most all the babies in Portland and vicinity will take part. There will also be a number of swimming matches and other sporting events.

In the evening a big cakewalk will be a prominent feature on the program. On the stage, in plain view of every one, there will be a series of wrestling matches, boxing and fencing bouts and other events of real interest and merit.

The leading business firms in Portland have contributed trophies to aid the carmen in making the affair a success. The list, as compiled up to this time, is as follows:

These contests will be participated in by and between the best amateur talent in the Pacific northwest. The trophies for which they will compete are superior in quality to any ever offered for exhibition of this kind. It is the earnest request of the carmen in general to the public to secure their tickets before 12 o'clock midnight, August 7. Tickets can be procured for any carman for 10 cents, which entitles admission to Oaks grounds and all of above events. No fee will be charged for entries to any of above events. Two loving cups, donated by Staples, the Jeweler, and Fred D. Flora, the Jeweler.

Summer Luncheons. Pabst Blue Ribbon Beer is the ideal summer drink. It is cooling, satisfying and refreshing. It makes the enjoyment of the outdoor luncheon complete, for it is a food as well as a drink. Pabst brews for food qualities as well as for purity and flavor. Pabst found the only way to get all of the food-values out of the barley-grain was to follow Nature in making the malt, by growing it slowly and scientifically, and he therefore perfected the Pabst Eight-Day Malting Process. Pabst Malt is richer in nutriment than other malts. Pabst Blue Ribbon Beer is the ideal family beer, because of its food values, its purity and its remarkably small amount of alcohol, making it a truly temperance drink. When ordering beer ask for Pabst Blue Ribbon. Made by Pabst at Milwaukee. And Bottled only at the Brewery. Charles Kohn & Co., 3rd & Pine Sts., Portland, Phone Main 460.
