

PROCLAMATION OF LABOR DAY

Governor Rejoices Also in Amicable Relations in Oregon.

(Special Dispatch to The Journal.)
Salem, Or., Aug. 8.—Governor Chamberlain today issued the following proclamation:
Whereas, the first Monday in September of each year has been set aside by the legislature of this state and declared to be a public holiday under the name and title of Labor Day,
Now, therefore, I, George E. Chamberlain, as governor of the state of Oregon, do, in pursuance of the duty enjoined upon me by law, set apart and declare Monday, the second day of September, A. D. 1907, a public holiday to be observed as Labor Day, and I do request all the people of this commonwealth to lay aside their ordinary avocations on said day and make it a day of rest and recreations, rejoicing in the fact that the relations between labor and capital continue to be amicable, thus insuring the continuous prosperity of our people and the permanent growth and development of the state.
In witness whereof, I have hereunto set my hand and caused the seal of the state of Oregon to be hereunto affixed, at the capital in Salem, this eighth day of August, A. D. 1907.
(Signed)
GEORGE E. CHAMBERLAIN,
Governor.

LOCOMOTIVE HITS THRESHING ENGINE

Two Enginemen and Two Threshermen Badly Hurt in Collision Near Garfield, Wash.

(Special Dispatch to The Journal.)
Garfield, Wash., Aug. 8.—The four men injured in the wreck of the Northern Pacific train a mile east of here yesterday will recover. They were removed from Garfield by the railway company this morning to the company's Spokane hospital. The fireman of the passenger train, who jumped, had a leg and a collarbone broken and is in a more serious condition than the others. The wreck was cleared by this morning and traffic is today resumed.
The train was No. 16, bound to Spokane. It was behind and making up time when it ran into a threshing engine at a sharp curve where it could not be seen. The threshing outfit was demolished and two men with it badly injured. The victims of the collision are: Elmer Vetter, engineer of passenger train, shoulder broken, head cut, internally injured.
E. Nelson, fireman passenger engine, ankle and shoulder dislocated and head bruised.
Alv A. See, engineer of threshing engine, shoulder broken, head cut and injured internally.
Claus Knapp, fireman of threshing engine, bruised and leg disabled.
Nelson's home is at Spokane, See's at Seattle and Knapp's at Garfield.

MAY AGAIN SEND CHANLER TO ASYLUM

(Journal Special Service.)
New York, Aug. 8.—When John Armstrong Chanler, former husband of Amelie Rives, the authoress, returns to New York to prosecute the suit he has instituted to regain possession of his vast estates, he will be placed in the state insane asylum. Chanler was committed to the asylum but escaped to Virginia where the courts adjudged him sane. His estates had, in the meantime, been placed in the hands of a guardian. Chanler sought a restraining order which would insure him of the while recovering his property he would not be placed in the asylum again but this petition was denied yesterday by Judge Hough.

TOBACCO WORKERS VOTING ON STRIKE

(Journal Special Service.)
Louisville, Aug. 8.—A vote on whether to strike against the American Tobacco company is being received today at the headquarters of the International Tobacco Workers' union. Should the American Federation of Labor decide to assist the workers a strike of the allied trades would affect 70,000 employees.

BARON ACCUSES GIRL OF MOTHER'S MURDER

(Journal Special Service.)
Berlin, Aug. 8.—On the strength of a statement made by Baron von Lindenau who is now under arrest, that Olga Molier and not her mother, who is under sentence to be beheaded, killed her mother, Olga has been arrested at Baden Baden. The Baron makes the charge in a letter to the prosecutor at Carlsruhe.

NORTHERN PACIFIC GOBBLES MORE LAND

Washington, Aug. 8.—The Northern Pacific filed in the federal court, consisting of 18,000 acres, in The Dalles, Burns, Portland, Roseburg, La Grande and Lakeview, acts under the act of July, 1898, was approved today.

MOYER WANTS DARROW TO CONDUCT DEFENSE

(Journal Special Service.)
Denver, Colo., Aug. 8.—Charles H. Moyer, president of the Western Federation of Miners, will probably decide tonight upon which attorney he wants to defend him when he is tried for the murder of former Governor Frank Steuneger of Idaho. He is conferring with Clarence Darrow today and if the matter is left entirely to Moyer, Darrow will be selected.

"There's a Reason"

Unique Fender Invented by W. J. Haight for Portland Streetcars.

INDUSTRIAL VACATION PLANNED FOR JUVENILE COURTWARDS

Preparations are being made by the juvenile court to send about 50 boys to the hopyards early in September, where they will spend their summer outing in industrial camps and pick hops. These excursions to the hopyards are to take the place of trips to the seashore which were given the juvenile court wards last year and the year before.
Probation Officer Marion R. Johnson has been entrusted with the preparation for the hop-picking trips. He is now engaged in arranging the details. Hops are being raised on the Willamette river will probably be selected.

WILLIAM DAVIS BUYS FINE OT FOR ED GOSSON

Former City Official Pays High Price for Ainsworth Property.
William M. Davis, formerly deputy city attorney, has purchased through the agency of Knapp & Mackay the lot at the northwest corner of Fifteenth and Raleigh streets. The property belonged to J. C. Ainsworth and John Beck and was sold for \$12,000. The site, which is unimproved, is in that part of the warehouse district where values have increased rapidly in the past few months.
Charles E. Hall, who has purchased the half block on the north side of Market street between Front and Water streets, announces that as soon as the lease on the property expires two years hence he will erect modern brick business houses on the half block.

MILWAUKIE CLUB

(Continued from Page One.)
to the charters of the cities in such a manner as to give them the power to license pool selling, poker playing, or even maintenance of the so-called "social evil." Only the first two of these are asserted to be carried on at the club.
"The legislature further has the right to terminate a municipality the power within its boundaries to make laws, so far as the public is concerned, a work of business or an act of state of affairs generally which without such authorization would constitute a public nuisance, and the person for whose benefit the authorization is made will be exempt from liability to suits, civil and criminal, at the instance of the state, provided, always, he keeps strictly within the terms of the legislative license or permission.
"If, therefore, by the act creating the municipality or the charter the power is granted to license pool-selling and poker playing and, under ordinance duly and regularly passed and approved, a license is granted to a person to prosecute this line of business or conduct such vocation, the license is immune from punishment for pursuing the calling or business.
"The state cannot prosecute as a nuisance that which it has authorized. The term 'public nuisance' applies only to something occasioned by acts done in violation of law. A work which is authorized by law cannot be a nuisance.
"Now the legislature of this state in the year 1903, incorporated the city of Milwaukie and in the charter granted to the city council the power to 'prevent, remove and abate nuisances by general ordinances,' and to 'suppress bawdy houses, houses of ill fame, gambling houses and gaming.'
"In its wisdom in 1905 the legislature changed these powers and gave to the city council the power to 'grant license, tax and regulate and restrain all offensive trades and occupations, and to license the different branches of business or professions which in their judgment should be licensed.
"It will be noted that the special act creating Milwaukie and granting the powers above enumerated to the council was passed long after section 1930, B. & C. code, so often referred to in the press during the past few days.
"In strictness, therefore, if those who are so persistent in having the officers of this county compel obedience to the law but knew it, they are urging that the Milwaukie County club be permitted to continue its business unmolested."

HARRIMAN LINER

(Continued from Page One.)
about 6 o'clock, a day late on account of fogs and strong winds along the coast, not to mention the few hours lost at the mouth of the Willamette last night. The news of the grounding of the Alliance was brought to the city at midnight by Pilot Turner who came up in a launch, and Agent F. P. Baumgartner immediately sent the steamer Diamond O to assist in floating her. The steamer Charles R. Spencer, returning from The Dalles, made for a line and tried to help, but the hawser parted and the Spencer proceeded to her dock with her impendent passengers.
This afternoon the dredge Portland is sucking out the mud that holds the steamer prisoner and it is believed that she can be released by this method of procedure some time tonight or at any rate tomorrow morning. The dredge has been at the mouth of the Willamette a couple of days deepening the channel and had to shift only a few hundred feet to get to work under the Alliance.

PANAMA FIT FOR JUNK

(Continued from Page One.)
be a good and fine boat in some people's estimation," said Mr. Smith in speaking of his trip north, "but as for being a passenger boat there is a mistake somewhere. The staterooms are without anything in the way of modern conveniences such as lights, etc., and I doubt if the speed would average over eight knots an hour in favorable weather, and with the engines going full speed.
Mr. Smith is her on a brief visit.
Tomorrow and Saturday, last days to receive discount on west side gas bills.

UNION PACIFIC WILL DIVIDE MORE PROFITS

New York, Aug. 8.—The Union Pacific today declared its regular quarterly dividend of 2 1/2 per cent common and the regular semi-annual dividend of 2 per cent on the preferred stock.

WILLIAMS DECLARED THE PARTY NOMINEE

Jackson, Miss., Aug. 8.—The Democratic state executive committee today declared Williams as the party nominee for United States senator. Williams had a majority of 643. There will be no contest.

UNIQUE FENDER FOR CITY CARS

W. J. Haight Invents New Style of Life-Saving Device for Use in Portland.

W. J. Haight has invented a street-car fender which he claims will fill the requirements of that life-saving device. Mr. Haight's fender is an entirely new departure in the line of streetcar fenders. Heretofore, the idea has been to attach some scoop-like device to pick up and carry any obstruction which may be on the track.
"As long as the fenders are scoops or scoops, a victim has little or no chance to escape uninjured," said Mr. Haight in discussing his fender. "He is bound to drag. Let his arm get beneath the fender and the rest of him will follow, and he will be terribly mangled. The main thing is to get him off the track and out of harm's way without injury."
Mr. Haight's fender is a very simple device. It is composed of two sheet steel wheels with one axle. The larger wheel extends horizontally over the rails of the track. This upper wheel is to aid in pushing the victim out of the path of the car. As the wheel turns freely any obstruction is pushed to the side of the track nearest the edge of the wheel. There is no chance for anyone being dragged if he should be thrown upon the wheel, there is an ample screen to protect him. Four men can stand on the wheel at once.
The appliance has been attached to Portland Heights car 325 for the past two weeks. Experiments performed with boxes and barrels have proved the fender to be effective. The management of the Portland Railway, Light & Power company is willing to adopt Mr. Haight's fender if the public thinks well of his invention.

BALTIMORE GRAIN ELEVATOR DESTROYED

(Journal Special Service.)
Baltimore, Md., Aug. 8.—The grain elevator of the Baltimore & Ohio railway was destroyed this morning. The loss on the building is about \$10,000 and nearly as heavy on the contents.

BELFAST COAL STRIKE REACHES SETTLEMENT

(Journal Special Service.)
Belfast, Aug. 8.—The coal traders' strike today and work was resumed today. Troops will retake possession of the streets when the factories reopen.

FAIR EXCHANGE

A New Back for an Old One—How it is Done in Portland

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You can not reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Portland citizen.
Mrs. Captain C. G. Grover, of 324 Raleigh street, Portland, Oregon, says: "Lapses of time has not lessened the confidence I have found in Doan's Kidney Pills since February, 1903, when I publicly recommended this remedy. I had used them in treating kidney trouble of several years' standing. It originally started with dull aching in the small of my back over the kidneys. Colds aggravated the trouble and made the pain sharp and acute. Any extra exertion would bring on a prostrating attack. I had tried various remedies for the trouble without avail, but Doan's Kidney Pills began to help me right after I started using them. They gradually banished the backache and pain in the loins, strengthened the kidneys and helped me in every way. I can conscientiously recommend Doan's Kidney Pills to any sufferer from kidney complaint."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—DOAN'S—and take no other.

BROTHERS SHOT, ONE KILLED BY PRIEST

(Journal Special Service.)
Pittsburg, Aug. 8.—Andrew and Stephen Starzinsky, brothers, were shot today by Ludwig Szesiel, a former Polish priest. Szesiel, a former priest, is in a critical condition. Szesiel is said to be crazed on account of some recent trouble.

SULU COUNCILMAN IS AFTER AMERICAN GOLD

A new place has been found for the investment of American capital. Frank S. Deehit, president of the town council of Sulu, has written to the Portland chamber of commerce setting forth the great resources and advantages of that island, and inviting investors and home-seekers to investigate. He says the variety and richness of opportunity for American energy and capital there are indescribable.
