

### FAIR WARNING TO CLEAN CARS

#### State Railroad Commission Holds Such an Order in Suspension.

### SHIPPER COMPLAIN OF ROADS' NEGLECT

#### Cases Where They Have Had to Attend to a Disagreeable Business Themselves—Order Will Issue if Politeness Fails.

(Special Dispatch to The Journal.)  
Salem, Or., Aug. 10.—The railway commission has sent letters to the managements of the different railways informing them that they contemplate issuing the following order:  
"Every railroad in this state shall, without delay, thoroughly clean and put in repair all cars used for the transportation of livestock, and all such cars shall, when set for loading at the point of shipment, be clean (and sanded when necessary), and in a serviceable condition."  
No hearing of the matter has been held so far, and it was thought better to see what the companies would do of their own accord before making the official order. It is believed by the members of the commission that the many cases of negligence on the part have been the fault of subordinates rather than of the managements, and if the matter were once brought to their attention further action would be unnecessary.

#### Shippers Must Clean Cars.

The matter has been the subject of several complaints on both the Southern Pacific and O. R. & N. lines. It is claimed that the cars are often sent in the same condition that they were left by their last cargo, with the floor covered with fifth class refuse and dirt. This work has to be done by the shipper at his own expense, and sometimes he has also to add certain repairs to the cars.

The last complaint is from Albert Jackson of Weiser, Idaho, who was shipping stock from Huntington, Oregon, to Portland. He alleges that the cars arrived in the same condition as they were left by their last cargo. He asked the company's agent to attend to the work, but was told that nothing could be done, as the men were off duty. At last one man came to assist him, for which he was charged \$2 extra.

#### HOOD RIVER APPLES RANGE VERY HIGH

Early Varieties Sell at \$1.50 a Box—Crop Is of Very Good Quality This Year.

(Special Dispatch to The Journal.)  
Hood River, Aug. 10.—While apples are expected to be high this year, buyers are yet in the air and several who have been here the past few days report that they cannot get a line on what winter apples will cost them this year. As the time is approaching to dispose of the apples controlled by the Hood River Apple Growers' union it was expected that the selling as to what the fruit would bring would be forthcoming. Last year's top price of \$3.15 a box for Spitzengbergs, it is thought, may not be reached. Newton Pippins are expected, however, to sell just as high as they did last year and even a trifle better. The 1906 price was from \$2.15 to \$2.50 per box. Other varieties are expected to average higher and the general average, which was in the neighborhood of \$1.40 for everything that was sold, it is believed, will be higher. From 175 to 190 cars, or about 100,000 boxes, is the estimate placed on the crop by the most sanguine, while those who are inclined to be conservative place it at 150 cars.

But 50 to 60 per cent of last year's crop is anticipated, which would cut the figures down considerably more were it not for the fact that the fruit will come into bearing. The crop here is much better than that of the government average for the United States and will be to the standard of the fruit found in most of the Northwest. The biggest part of the crop is expected to be contracted for by the last of this month, and it is then the early varieties will commence to move.

#### ARREST JAP FOR KIDNAPING GIRL

(Journal Special Service.)  
Fresno, Cal., Aug. 10.—Public attention has been attracted to the traffic that is being carried on in bringing Japanese women here by an assault that was made at a late hour last night by a Japanese on a woman whom he had stolen from Parlier in the southern part of this county and brought to Fresno.

The girl, who is the daughter of a Japanese shopkeeper at Parlier, was inducted by the man Kumishi, also of Parlier, to get into a buggy with him. He then bound her and drove with her to Fresno. He had taken her nearly to the Japanese quarter of the city when the attention of a passer-by was attracted and officers were called to arrest the man and release the girl.

#### HILL'S LIEUTENANT DESERTS RAILROAD

(Journal Special Service.)  
St. Paul, Aug. 10.—Because he does not like the dictatorial methods of J. Hill, S. P. McGuigan, first vice-president of the Great Northern railroad, left his office this afternoon, having severed all connection with the road. Mr. McGuigan's resignation nominally takes effect September 1, but his active connection with the railway ended today. McGuigan's resignation is said to be a personal difference with Mr. Hill caused his resignation but denies that they came to blows.

### PEOPLE CAN SLEEP IN PEACE IF THIS ORDINANCE PASSES

If the "musical" ordinance, introduced in council by Frank B. Bennett, is passed, with the amendments tacked to it by the committee on health and police yesterday, automatic and electrical pianos, as well as phonographs will be prohibited in the city limits after 10 o'clock at night and the playing of such instruments within two blocks of a public gathering will be strictly tabooed.

is the continual music from graphophone in front of moving picture houses on Washington street. One such proprietor, it is said, greatly disturbed a fashionable apartment house by playing one record continuously until it wore out.

### WEALTHY TEXANS PURCHASE PORTLAND HEIGHTS PROPERTY

Two wealthy Texans, L. E. Menefee and Percy Allen, have purchased from Mrs. Preston Smith a piece of Portland Heights property known as the Pear-shaped block and which is partly surrounded by the Montgomery drive. The property is platted as block 81, Carter's addition and is about one and one half times the size of an ordinary city block. The sale was made through D. E. Keasey and the consideration was \$50,000.

Messrs. Menefee and Allen have purchased within the past year nearly \$1,000,000 worth of Oregon timber lands, principally in the Willamette valley. Mr. Menefee sold them one block of fir timber, at a price said to have been in the neighborhood of \$450,000.

### COLUMBIA HEROINE RECEIVES SECOND REWARD FOR BRAVERY

Little Miss Ethel Johnson, heroine of the Columbia disaster, yesterday was again rewarded for her bravery and devotion in saving two lives when the San Francisco-Portland liner went down off Shelter Cove less than a month ago. The token this time is a beautiful gold watch set with diamonds, presented by Andrew Gordon, whose daughter Effie was saved by the almost superhuman efforts and endurance of the young girl.

her life, handed over the watch in person and neither will ever forget the impressive moment, nor will those who were present. Effie's mother who was also a passenger on the Columbia, has not been heard from since the wreck and it is feared that she was among those who went down, although at one time it was reported that she had been saved.

### BOILERMAKERS AT LA GRANDE GO OUT

(Journal Special Service.)  
La Grande, Or., Aug. 10.—As a result of the strike order from the Boilermakers' union on the entire Harriman system, seven boilermakers employed in the La Grande shops of the O. R. & N. walked out yesterday and have not returned to work since.

### RETURNED MISSIONARY WILL TALK ON CHINA

Mrs. Agnes Fisher, a returned missionary from China, will speak on mission work in China in the hall of the Volunteers of America, No. 3, North Fourth street, tomorrow at 8 p. m. Mrs. Fisher has spent eight years in southern China and speaks and sings in the Chinese language.

### PRINTERS WILL RAISE PENSION

#### International Convention to Consider Levying Assessment for Fund.

Hot Springs, Ark., Aug. 10.—Delegates and visitors to the fifty-third annual convention of the International Typographical union, which will be called to order here Monday, are arriving on all trains. Several hundred delegates arrived in the city today, and it is expected the attendance will reach 1,500 by tomorrow night. The headquarters at the Arlington hotel were opened today. Reception committees were assigned to the railway depots, where delegates and visitors were taken in hand.

The entertainment program of the convention is: Tomorrow evening, reception at the Arlington hotel; Monday, German lunch, balloon ascension, visit to the ostrich and alligator farms; battle royal, vaudeville entertainment; Tuesday, excursion to Little Rock; Wednesday, United States government mountain drive for ladies; Thursday, a day in the bathhouses; Friday, visit to army and navy hospital, observatory and Oaklawn racetrack.

### CHURCH IMPROVEMENTS PROCEEDING RAPIDLY

Improvements on the Westminster Presbyterian church are proceeding, and it is expected to have them completed by September 1, when Rev. Henry Marcotte will return and the congregation can greet him in the improved edifice. A gallery has been built in the auditorium, increasing the capacity about 150. A water motor has been installed to furnish power for the organ. About \$5,000 will be expended in improvements.

### CHILDREN IN PAIN

never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by all druggists.

### OIL RIG READY AT PAYETTE

#### Oregon Company Will Test That Gas and Oil-Soaked Region.

(Special Dispatch to The Journal.)  
Payette, Idaho, Aug. 10.—Machinery for the Oregon Gas & Oil company, which arrived several days ago, is now set in place for boring for oil on a strip of land beside an old mill slough a short distance south of the Payette canyon and near the Payette river. Such strong indications of oil and gas have been found in this vicinity that those who are to explore for oil here are confident of success, as are also many of the leading citizens of Payette.

### HIGH PRICES DRIVE TIMBER BUYERS OUT

(Special Dispatch to The Journal.)  
Chehalis, Wash., Aug. 10.—J. A. Gabel and E. A. Frost have sold 550 acres of timber to the Continental Timber company for \$18,700.

### Chehalis Door Factory Sold

(Special Dispatch to The Journal.)  
Chehalis, Wash., Aug. 10.—The sale is announced of the Chehalis Fir Door factory to the Henry McCleary Lumber company of Summit, Washington.

### Zu Zu

A hammock for two; just you—and the glorious little ginger snap. For what better company could you wish? They're snappy and have just enough ginger.
