DONAHUE MAKES RECORD AT BAT

Portland Catcher Lines Out Ten Hits Out of Eighteen Times Up.

BATTING AVERAGES OF SERIES JUST CLOSED

Bigbee Leads Oakland Players by Large Margin, While Joe Fay Has Close to Lead of Beavers—Mott at Tail End Again.

Pat Donahue, Portland's snappy catcher batted like a fiend during the series with Oakland which ended last Sunday. Donahue played in five games, came to bat 13 times and made 10 safe hits, scoring the phenomenal average of .555. This is about 100 points more than was scored by Frank Dillon of Los Angeles during his last week of play here. Dillon's work that week was the talk of the fans.

Bigbee was the star batter for the Oakland bunch during the series. He batted nine safeties out of 20 times up, making the high average of .450, which is, nevertheless, more than 100 points behind Donahue. Two of the Portland catcher's 10 hits were long enough to put him on the keystone sack.

Team Batting Honors Even.

During the week the Beavers secured 48 safe hits, the Commuters 50. The slight discrepancy is not enough to account for the fact that Portland captured only two of the six games. Evidently poor team work and errors at critical stages were responsible for the one-sided result of the week.

Following Donahue in the batting list is Moore, with an average of .400. Of course it is hardly fair to compare him with others who played in all the games. Moore came to bat five times and made two hits. Two of his times at bat were taken in place of a pitcher in the ninth inning, when he was cold and less likely to make a good showing. Moore is usually strong at bat, but he is not nearly as popular with the fans as Donahue on account of the excessive amount of "ginger" the latter puts into his game.

Fay Makes Fine Showing.

Califf, McCredie and Fay are the three other Beavers who batted above .300 during the week. Previous to last week Fay's average was very poor, but during the past six games he has picked up in fine style. He has also fielded well and if he keeps up his hitting he will by no means be a weak spot in the Portland line-up.

Bassey follows Fay. The little left fielder has been hitting a blue streak for about three weeks. Last week he was robbed of not less than five long shots by extremely good work on the part of the Oakland outfielders. Otherwise his average would have been much higher.

Atherton and Mott show up as Portland's poorest stickers. Mott got but one hit in 21 times up, his average being .047.

The figures on the Portland team for the past week are as follows:

Batting Averages of Beavers.

Player,	AB.	H.	Av.
Donahue	18	10	.555
Moore	5	2	.400
Califf	3	1	.333
McCredie	19	6	.315
Fay	28	7	.304
Bassey	26	7	.269

SPORTING NOTES

Local and Otherwise.

"Winged M. Chat," the chatty Multnomah club monthly, is just out for August. It is full of interesting club notes and lively cartoons, as usual. The announcement is made that a fine souvenir number will be published in October.

* *

The first annual national 10-mile river swimming championship will be held in the Mississippi at St. Louis, Missouri, Labor day, September 2, under the auspices of the A. A. M.

* *

The report published locally that the Gans-Burns match is off is incorrect. It has merely been postponed until August 23.

* *

Much interest has been aroused among race followers by the announcement that the Mexican government proposes to set aside $200,000 for the inauguration of a Mexican Derby, and to take other means of encouraging the breeding of horses in Mexico. It not only means an additional market for British thoroughbreds, but it is altogether probable that some of the British owners will send horses to take part in the Mexican races. In the vernacular they see chances to pick up some long money.

* *

Henning Fernstrom, chief engineer of the Virginia railway and consul for Sweden at Norfolk, has offered a costly trophy cup, to be contested for in a series of rowing races between crews of the American battleships at the exposition and a crew from the Swedish warship Flygia, when it arrives, August 19. The program of races is now being arranged, to be submitted to the Swedish officers.

The United States army will be represented in all probability in the military steeplechase, to be run in connection with the annual meeting of the United Hunts Racing association. At a meeting of the association it was decided to hold this meeting on October 26, October 30 and November 2, on the new steeplechase course adjoining the Belmont park race track.

General J. Franklin Bell, chief of staff of the army, has assured Perry Belmont, president of the association, of the continued interest of the army officials in the military steeplechase. Preliminary notices of the meeting have been sent to the colonels of all cavalry and field artillery regiments by the general staff corps, with a request that all officers of their commands be advised.

James E. Sullivan, president of the Amateur Athletic union, has returned from Jamestown. He said the championship committee held several important meetings while there. It was decided to hold the indoor championships of the Amateur Athletic union in Madison Square garden, New York city, on October 26 and 27, and the 10-mile championship some time in September at the Polo grounds.

A circular letter has been sent to all clubs in the Amateur Athletic union that are to enter athletes in the forthcoming outdoor championships to the effect that the entries will close positively on August 16.

The report is again current that William K. Vanderbilt intends to race in England. It is a fact that before the breakdown of Maintenon he had determined to send that great race horse and perhaps others of his string to the English race tracks, and now that his new colts and fillies are showing up in fine style and are winning races, it is believed that Mr. Vanderbilt will make a try for some of the rich stakes on that side of the water.

The Association of Hotel and Inn Keepers of Germany will this fall prepare suggestions for a new law concerning the taxing of foreign automobiles, making the duty fifty marks ($12.50) for three months. Under the present law a tourist who brings an automobile over the frontier pays forty marks ($10) for a license for one month.

If he remains but one day more he is required to procure a twelve-month license, which costs 200 marks ($50). Many Americans are complaining of the injustice of this measure.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fennell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Red Cross Pharmacy. Price only 50c.

PAYNE DEFEATS M'BURNEY IN INTERNATIONAL TENNIS TOURNEY

(Special Dispatch to The Journal.)

Vancouver, B. C., Aug. 13.—F. T. Payne of Tacoma played grand tennis at the opening of the international and open tournament, which opened here yesterday morning under the auspices of the Vancouver Tennis club.

Payne's work was easily the feature of the opening day. He defeated McBurney of Spokane by two sets to one after a hard struggle.

McBurney captured the first set by means of clever playing, but Payne remained steady and forced matters in the second set, which he won by hard drives. The pace proved too hot for McBurney and although he played desperately and pulled up from 3-1 to 4-3, he was unable to cope with the fast work of his opponent.

D. Bellinger of Portland won a rather handy match from T. D. Stevens by the score of 6-4, 6-2. The Portland player was in fine form, his clever playing and hard chop stroke being the feature of his work on the court. The present indications point to Payne of Tacoma, Tyler of Seattle and Schwengers of Victoria fighting it out for the international honors.

The day's summary in men's singles and doubles:

International singles—B. P. Schwengers of Victoria beat Major Williams; 6-4, 6-1. J. Tyler of Seattle beat J. B. Farquhar; 6-2, 6-1. F. T. Payne of Tacoma beat W. A. McBurney of Spokane; 4-6, 6-3, 6-4. D. Bellinger of Portland beat F. D. Stevens of Vaucouver; 6-4, 6-2.

International doubles—Payne and Armstrong of Tacoma beat B. Rhodes and T. D. Stevens of Vancouver; 6-2, 6-2. Major Williams and McDougal beat A. T. Goward and B. P. Schwengers of Victoria; 6-3, 6-2.

J. C. Tyler and J. W. Ballinger of Seattle and D. Bellinger and B. Wickersham of Portland drew byes.

Archers Hold Big Tourney.

(Journal Special Service.)

Chicago, Aug. 13.—Men and women adepts with the bow and arrow thronged the Washington Park ranges this morning at the opening of the twenty-eighth annual tournament of the National Archery association of the United States. Three days are to be included in the tournament program, which embraces competitions at all distances from 30 yards to 80 yards. The number of entries this year is larger than usual, which is taken as an indication of a coming revival of the once popular sport of archery.

Knocked Insensible by Foul.

(Special Dispatch to The Journal.)

Forest Grove, Or., Aug. 13.—In a 10-inning game played here Sunday, Greenville defeated Cornelius by a score of 10 to 9. The latter part of the game was a cruel swatfest and both of the pitchers were all but knocked off the mountain. In the last half of the ninth when Cornelius was clouting the ball to beat the band, Shoals, their captain, was struck in the head with a foul which knocked him unconscious for several minutes. Batteries—For Cornelius: Bernard catcher, Freeman pitcher; Greenville: Britton catcher, Davis pitcher.

KAID MACLEAN IS FREED BY RAISULI

(Journal Special Service.)

Tangier, Aug. 13.—Word was received here last night that Raisuli, the notorious bandit, has freed Kaid Sir Harry MacLean, the Scotch commander of all the sultan's forces. Kaid MacLean has been the bandit's prisoner for several months.

LITTLE SPARKS FROM MOTORDOM

Ashland, Wisconsin, has joined the list of towns possessing auto clubs. Bronxville, New York, also has one now.

Marion county, Indiana, which has about 1,000 miles of excellent roads, is to experiment with sprinkling them with oil.

Indiana farmers are declared to own more automobiles per capita than the farmers of any other state or country.

The "automobile complexion" is better than any obtained in drug stores, and feminine motorists are fast learning the fact.

The Boston Edison Electric company has replaced its stable with 25 runabouts, which are used by its repair men.

A new record of four hours has been established over the mountainous military road from Ponce to San Juan, Porto Rico.

Swiss army authorities will experiment with motor trucks of two and one half tons capacity during the coming military maneuvers.

The man who coined the decidedly expressive word "roadability" has brought out another new one, "modeability," to describe automobile style.

Farmers in the vicinity of Toledo, Ohio, have declared war on motorists, and dangerous obstructions frequently are found on the roads at night.

To test the speed of trolley cars, Indianapolis officials ran a city-owned automobile side by side with them, and kept tab on its speedometer.

July, generally regarded as the dullest month in the year for the automobile trade, proved a topnotcher for several well-known dealers in the east.

A petition is being circulated in North Yakima, Washington, to have Yakima county bonded to the extent of $200,000 for the improvement of the roads.

Although but 20 of the 78 participants in the Glidden tour finished with perfect scores, some persons are claiming that the conditions were not sufficiently severe.

A $600 American car made the best time in the runabout class in the recent Irish reliability trials, surprising those who sneered at the "cheap Yankee machine."

Fire Chief Raymond of Olympia, Washington, has become the proud possessor of a brilliant red runabout, equipped with a big gong and a chemical extinguisher.

When a nut defies the wrench squirt a little kerosene into it and leave it for several hours. In most cases the oil will cut the rust that is making all the trouble.

It took Prince Scipio Borghese, who is leading the Pekin to Paris run, one month and eight days to cross Asia. Some of the other contestants are 10 days behind him.

From licenses issued to motorists who toured to the Jamestown exposition the little state of Delaware already has netted a revenue of over $2,000, at the rate of $5 a car.

No course being available, A. R. Pardington, acting chairman of the Vanderbilt cup commission, has reluctantly announced that the great race is off for this year, at least.

Road racing in Europe at least, is doomed, according to a French expert, who bases his conclusion on the successful operation of the new autodrome at Brooklands, England.

WILL FORCE MAGNATE TO ANSWER QUESTIONS

New York, Aug. 13.—Proceedings will soon be commenced in the United States courts here to make E. H. Harriman answer the questions which he refused to answer when before the Interstate Commerce commission, according to official announcement made last night. It is hoped by the government that matter will be uncovered which will lead to criminal prosecution of the magnate.

OLD TIME PRIZE FIGHT ON TURF

Will Probably Be Pulled Off at Saratoga Within a Few Weeks.

VARIETY IS WHAT THE GILDED SPORTS WANT

Years Ago Fistic Battles Were Pulled Off Regularly at Classic Racing Resort on the Hudson—Dick Hyland vs. Bert Keyes.

(Journal Special Service.)

By J. S. Macdonald.

Saratoga, N. Y., Aug. 13.—An old-time prize fight on the turf is on the card for the gilded sports now gathered here on the ground. In fact a subscription towards that end is now in circulation about the clubhouse at the race track, and around the Grand Union hotel and the United States hotel later in the off-morning hours. It closes in a day or two and should the amount realized total $5,000 an invitation to "Fighting Dick" Hyland of California, and Bert Keyes, the Australian, to battle for the purse over a distance of twenty-five rounds, will be extended.

Fifty years ago when John Morrissey and John C. Heenan used to mill opponents back on the old "Lake Reservation," some seven miles out of town, the contestants fought to a finish under London prize ring rules, which permitted wrestling as well as fisticuffs.

Authorities Are Indulgent.

Should Hyland and Keyes come together on the turf it will be because there is no hall large enough to accommodate the crowd of spectators, while the authorities who are prone to look indulgently upon the sports and their scheme for a little variety, deem it best to have the thing come off out of the sight and hearing of the ultra-conservatives in the community. Keyes fought "Tommy" Murphy a slashing battle at the Clermont Avenue rink, Brooklyn, New York, on July 25, and no doubt would thoroughly extend the western boy.

While there has been plenty of racing, lots of betting, and no little faro bank and bridge whist, together with the swishing of fashion and glint of yellow gold on every hand, still the cry of "variety, variety!" may be heard on every hand. Hence, the desire for a rattling good fight.

Last Season's Fiasco.

Last season "Billy" Dubois gave a fight for the benefit of the millionaires and the sporting colony, which was anything but a success. "Andy" Walsh, who used to battle with "Jimmy" Handler, in the Horton law days, knocked out "Mike" Whalen, a dub, in the first round. That fight was pulled off at Glen Falls, New York, in an amusement hall, John W. Gates, Jesse Lewishon and other sports paying as much as $100 apiece in a subscription for the battle. They came back to town thoroughly disgusted. Since that day nothing but an engagement between tried fighters will suffice.

The prominence of Hyland and Keyes may inspire the sheriff to stop the game. That remains to be seen.

LOCALS VS. SEALS THIS AFTERNOON

San Francisco Team Comes North Without Captain K. Mohler.

Portland and San Francisco begin a series this afternoon at Athletic park. The Seals came north without Captain Mohler, who remained behind on account of a sprained ankle, which has kept him out of the game for nearly two weeks past. Streib, a fast young fellow, will play second base in place of Mohler.

Mohler said yesterday that while his ankle is daily getting stronger his doctor would not allow him to work for ten days or more.

"The way the team is playing now I don't see much use of me going back," remarked the Kid. "I think it is doing better than when I was in the game. The Seals can't do better than they are doing now—that is certain. I am glad to see Streib playing such a nice game. I don't know what we would have done if we hadn't found him. I think he's going to make a great player. He is fast in every way, can hit and has the ginger, and as soon as he learns a little more he will be all right."

When Mohler returns the young infielder will be placed at short, which position he has played. Wheeler's arm is weak and he would like to have a letup. George has been working hard, and when he is freshened up he will play better ball.

Danny Long will have still another shortstop headed for San Francisco early next month. The release of Shortstop Zelder, who is playing with the Winnipeg club, which will win the pennant of that league in a walk, has been purchased. Rather than have Zeider drafted, which he certainly would have been, Winnipeg chose to sell him. When the averages were compiled last the new shortstop had played in 35 games, scored 43 runs, hit at .263, fielded at .923 and stolen 39 bases. These figures show that Zeider is fast on the bases, and the Seals need some bracing up in this direction. A player who will hit at, say, .260 and run bases with a dash and snap is more valuable than one hitting at .280 and running like a worn-out truck horse. Winnipeg's season will close on the eighth of next month, so Zeider will arrive about the thirteenth. Long could use him very handily now, but the Winnipeg club is afraid that the fans would howl if it let him go before the season closed.

SHOAF UNDER ARREST FOR STATUTORY CRIME

Offence Committed Against Fifteen-Year-Old Girl at Boise During Haywood Trial.

(Special Dispatch to The Journal.)

Boise, Ida., Aug. 13.—Upon complaint of Probation officer M. H. Sebern a warrant has just been issued by Judge Dunbar for the arrest of George H. Shoaf, the Socialist writer, who represented the Appeal to Reason and other papers here during the Haywood trial, on a statutory charge. His alleged victim is Florence M. Abbott, a girl 15 years of age, whose home is in Cassia county, but who had been attending school here. It is reported that she has made a full statement regarding the offense against her.

After considerable difficulty, County Attorney Koelsch located Shoaf in Denver. The warrant was placed in the hands of Deputy Sheriff Siggins and he immediately wired the sheriff at Denver to arrest Shoaf and hold him till an officer could arrive from Boise to get him, with the necessary papers for requisition.

TO TRY CAPTAIN OF ILL-FATED VESSEL

(Journal Special Service.)

Savannah, Ga., Aug. 13.—Captain L. P. Freeman of the ill-fated steamship Allegheny, which plied between this city and Baltimore, was placed on trial here today to show cause why his license should not be suspended or revoked for alleged negligence, unskillfulness and endangering life. The charges result from the destruction of the Allegheny, which was burned at sea July 17 last, when the lives of 54 persons were endangered.

TWO MEN KILLED ON SOO-SPOKANE ROAD

(Journal Special Service.)

Spokane, Wash., Aug. 13.—Two men were killed and one fatally injured in a wreck on the Soo-Spokane road near MacLeod, British Columbia, yesterday. Burt Burney, fireman, and a coal passer, who has not been identified, were killed, and Ben Murgatroyd, engineer, was fatally injured.

VARICOCELE is a diseased condition of the scrotal veins. It may be caused by blows, kicks, falls, heavy lifting, mumps, early indiscretion or may be a symptom only of some special weakness.

The proper treatment consists of local application for the purpose of dispelling the stagnant blood and contracting the swollen veins, as well as internal medication to strengthen the nerves which govern the blood supply to these veins.

Though causing you no trouble at the present time, your Varicocele will, if permitted to go without the proper treatment, impair and destroy the elements of vitality.

This Is My Fair Offer to Every Patient

Let Me Guide You on Your Way to Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to remain in your present condition. Let me explain to you my methods of rebuilding the vigor of men, and refer you to the thousands I have cured.

The Only Diseases I Treat

Spermatorrhoea, Lost Vigor, Varicocele, Rupture, Piles, Hydrocele, Organic Weakness, Contagious Blood Diseases, Acute and Chronic Urethral and Prostatic Inflammation.

I Never Guess

Experiment or take chances of any sort. I attempt to cure only those diseases that I have been curing for the past 25 years, and feel sure I am justified in saying that I have learned all about them. Were I lacking in knowledge pertaining to my specialty I would never have attained my present success, nor would I today be recognized as the leading specialist treating men's diseases. If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

FREE CONSULTATION AND EXAMINATION

I invite every weak or diseased man to call for free advice, and if desired I will make a free examination and diagnosis, but the visit will not obligate him in any way to become my patient. Office hours, 9 a. m. to 8 p. m.; Sundays 10 to 1 only.

Patients living out of the city and coming to Portland for treatment will be furnished with fine room free of charge. Check your trunks direct to 224½ Morrison street.

VARICOCELE

An average of one man in five has varicocele. Most men that have this dragging, draining weakness are not aware of it until it has wrecked their lives. Varicocele causes congestion of the blood in some of the most vital blood vessels of man. It causes a dull, heavy, listless feeling which is often mistaken for nervous debility or general decline of power.

"WEAKNESS."

My cures of this disorder are permanent and lasting. No tonics that stimulate temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my own original local treatment this gland is promptly restored to its normal state and complete functional activity is the lasting result.
