PASSENGER SERVICE
Vote on Belding's Drastic Measure Was Nine For, Three Against, With Three Members Absent—Trade Combinations Hard Hit Through Procedure.

Councilman Belding's drastic anti-trust ordinance forbidding combinations in restraint of trade or fixing prices by agreement or rebating and all kindred practices, the first of its kind to be adopted in any city of the United States, passed the council yesterday afternoon by a vote of nine to three.

Councilmen Baker, Belding, Bennett, Cellars, Concanon, Menefee, Vaughn and Willis voting for the measure and Councilmen Cotel, Haggard, Rishlight and Wallace were absent. Trade combinations are hit hard by the measure. Many of the councilmen who supported the ordinance since it was first introduced and voted for it yesterday afternoon admit that its provisions will affect their business interests, but believe the people are entitled to the protection it offers.

Only One Change Made. The ordinance went through council exactly as written by the city attorney with the exception of a short amendment providing that the ordinance shall not apply to labor unions proposed by the author of the measure at the request of the labor unions.

The council chambers crowded by lawyers, druggists, representatives of labor unions and others who came to guard their interests during the discussion of the Belding ordinance, if they thought they were to take a hand in the matter they were disappointed for an opportunity to talk was not given.

For Belding's measure, Cotel offered the following amendment, protecting the druggists:

Provided that this ordinance shall not be construed to prevent pharmacists in their endeavors to secure a legitimate profit for certain lines of goods sold by them outside of the drug trade for advertising purposes only.

This proposed amendment raised a storm of protest, in which nearly all of the members took a hand.

Now if we were to use 100 numbers to the block, only require 10 figures, meaning that somebody will have to pay for extra numbers. With

20 numbers to the block, four figures would not be required until 50 blocks to the block, and this means a great saving of expense, which is what you figure it.

It is absolutely ridiculous to change from the present system, because of benefit would result and the property owners would only be forced into an extra expense.

The present plan of placing 20 numbers to the block is perfectly satisfactory. Our cities are small and to increase the numbers would only mean an added expense to the property owner.

R. B. Miller Asks Permission to Handle Fruit for Less Money.

(Special Dispatch to The Journal.)
Salem, Aug. 15.—The railway commission today received a wire from R. B. Miller, general freight agent of the Southern Pacific, requesting that his company be permitted to establish a carload lot of 24 cents for less than carload lots of green vegetables and other produce to be shipped to intermediate stations and Eugene.

The commission has received a letter from E. Lyons, manager of the North Pacific terminal company of Portland, stating that their orders that switches in charge of the company should be placed in the hands of an agent. He admits that the matter has been neglected and thanks the commission for calling his attention to the matter and suggests that the switches be placed in the hands of an agent more suitable for the purpose than the hard wood kind advised by the commission, as they are much less easily displaced by heavy traffic.

Delegation Desires Names on Official Ballots by Registration at Washington.

United States Senator Charles W. Fulton has returned from Salem, where he spent yesterday endeavoring to discover some method whereby he and other members of the Oregon congressional delegation can register in Washington this year so their names can be placed on the official ballots when they come up for reelection next year.

Senator Fulton announced this morning that he did not see attorney General A. M. Crawford at Salem because of the latter's absence from the capital and that nothing had been done in regard to his idea to register in the capital city.

Resides Senator Fulton, the members affected by the scheme proposed are Congressmen Ellis and Hawley. All of the men will be candidates for reelection and Senator Fulton's idea if carried out would save the time, journey and expense of traveling from Washington to their respective homes in Oregon and back again to Washington.

Senator Fulton is at the Imperial hotel today and will leave tonight for Astoria.

MORE TIME ASKED TO
INSTALL ITS SYSTEM
Holding out to the council that all of the pipe for the steam heating plant on the ground, that two of the five boilers necessary to produce the heat are already set up and that heat will be supplied to patrons by October 1, the Portland Railway, Light & Power company yesterday asked the council to extend the time for installing its system.

The company's franchise expired on April 22, and up to that time no attempt had been made to start the pipe laying. Subsequent to the expiration period, the Portland General Electric company, in whose name the franchise was granted, filed plans with the executive board and city engineer. The executive board refused to accept the plans and recommended that the franchise be forfeited.

When the petition for the extension of time came up yesterday it was referred to a special committee and the judiciary committee.

GRANTS PASS LUMBER
MILL IS OPERATING
(Special Dispatch to The Journal.)
Grants Pass, Or., Aug. 15.—The new factory of the Grants Pass Lumbering company began operations yesterday.

The factory is one of the best equipped on the coast, and will handle a very large portion of the lumber and other several mills of Josephine county. That the new factory and mills will become an enterprise of importance for the section is evinced from the receipt of the backing and financial support of the Diamond Match company of Chicago, California.

Upon motion of Deputy District Attorney Bert Haney the cases against C. J. AUTOMATIC FIRE ALARM
Portland's new automatic central switchboard fire alarm system will be ready to supplant the old bell in a short time, nearly everything being now in readiness for the installation.

The system is four times as fast as the bell and every alarm comes direct to the central station which will be located in the city hall. The operator at the central switchboard has complete control of the whole situation and can immediately send in an alarm to the fire houses in the district instead of having to send a message to the fire house at present.

This will obviate the waking up of the firemen and horses every time there is a small blaze in some remote part of the district and will be a boon to all connected with the department.

ONE HUSBAND SURELY HENPECKED
IF HIS ALLEGATIONS ARE TRUE
Charging that his wife, Frances Lavy, called him a low saloon bum, threw two hats in his face, assaulted him with a large butcher knife and attempted to kill him, struck him in the eye with her fist, broke his glasses, blackened his eye and cast aspersions at his ancestors and other relatives, Arthur Lavy this morning filed a suit in the circuit court for a divorce.

Mr. Lavy is a barber, 34 years of age, and has two children, Arthur, aged 5 years, and Bertha, aged 6. Lavy is a haberdasher at 480 Washington street. In the complaint, which was filed by Attorney Emmons & Emmons and W. H. Fowler, it is charged that a week ago today Mrs. Lavy talked very forcibly to her husband, called him a large assortment of vile names, threw two hats in his face, and told him she had been feeding him for seven years and was tired of it.

Lavy asks a divorce and a decree that he owns the property. Mrs. May D. Barkman, who is 25 years younger than her husband, Ammon N. Barkman, brought suit for a divorce from him, and not only charges him with cruelty, but makes similar allegations against her stepchildren, two of whom are sons, aged 23 and 24 years respectively.

BRANDES REFUSES TO ALLOW
SHERIFF STEVENS' AUTO BILLS
County Auditor Brandes has refused to allow Sheriff Stevens' bills for the use of his automobile on the four Sundays in July. The bills presented by Sheriff Stevens for auto hire for trips to Troutdale, Grays Crossing and Rockwood, amounting to \$22.50, have been allowed, but the remaining claims, for \$60 for auto hire for the four Sundays were disallowed.

Sheriff Stevens said he did not know what he would do in the matter, and could not say whether he would bring suit to collect the \$60 from the county. He said that had he rented an automobile instead of using his own the county would have paid a much larger bill than \$60 to pay.

The Auto Livery company, of which C. J. Hitt is the manager, presented a claim for \$27.50 for automobiles used by the sheriff's deputies. Auditor Brandes allowed \$22.50 on this, deducting \$5 from a charge of \$12.50 made for the use of an auto for an hour and a half on July 22 for a deputy sheriff to go to Kelly Butte and back.

NEIGHBORHOOD HOODLUMS STOLE
BEER FROM GUESTS AT WEDDING
A cyclone charivari, in which 25 Cupid was badly worsted and scheduled to result in the arrest of at least four participants in the strenuous post-marital affair, was reported to Chief Gratzmeyer this morning by Ernest Pape of 1004 Clinton street.

Rev. Mr. Biever of the east side Lutheran church, was the officiating clergyman and after the bride and groom had received the felicitations of the guests, Pape, who had been invited to proceed to fittingly celebrate the joyous occasion.

Nothing occurred in any way to mar the festivities until about 10 p. m., when a crash at the front door signified in the vernacular of the street that "there was something doing." Pape, who made an investigation and upon unlocking the door was confronted by a score of what he characterizes as "the neighborhood hoodlums" all intent upon attending the affair, uninvited.

Pape hastily shut and locked the door, whereupon the crowd commenced to bomb the house with rocks as a testimonial of the love and affection they hold for the newly-married couple. Finally several of the more intrepid members of the crowd forced their way through the door and carried away, so Pape declares, all of the beer and cigars.

Pape senior, visited police headquarters with the names of four of the family and friends, those present was directed to secure warrants from the city attorney's office for the arrest of the defamatory party and Pape will likely be called upon to hear full details of the matter.

TEAMSTER ED GEE
ESTABLISHES ALBI
Ed Gee, the teamster arrested last Friday by Detective Henry on a charge of assaulting Mrs. Nellie Averill, a waitress, was discharged from custody this morning by Judge Cameron. Although the complaining witness positively identified Gee as her assailant yet the defendant was able to establish an alibi by several reputable witnesses. The court held that in view of the contradictory character of the evidence adduced, the defendant was entitled to the benefit of the doubt, and accordingly dismissed the case.

The messenger boys in the Western Union Postal Telegraph office have applied for a charter to organize a union, the same as the Portland union. The boys here had been talking of striking but found they would have to belong to a union before they could strike. As soon as a charter is received they will strike for the same terms as paid by Portland.

They already have a logging plant and large timber land just across the river from Cathlamet, at Clifton, Oregon.

John S.
