ture, before they can do their work properly.

Weakness in men is caused by an exhaustion of electricity. Get back that force and you will have your strength.

My Electro-Vigor pours a stream of electric life into your nerves while you sleep, and these conduct the force to every organ, muscle and tissue of your body, giving health and strength to every purt.

It removes the cause of disease and when the cause is removed Nature will restore health.

Electro-Vigor is a dry call-ody battery, which you wear while you sleep, and gives out a continuous current of electricity. You never have to charge it, for it makes its own power. It does not burn or blister and never shocks the nerves; the only sensation is a soothing glow. I have perfected Electro - Vigor so that it conveys a stream of electric

stream of electric life direct to the part that is alling, so the great force of current goes where it is needed where it is needed and none is wasted.
Electro - Vigor cured me of digestive trouble and restored my strength after I had tried many other methods without benefit.

Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to remain in your present condition. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my own original local treatment this gland is promptly restored to its normal state and complete functional activity is the lasting result. VARICOCELE

An average of one man in five has varicocele. Most men that have this dragging, draining weakness are not aware of it until it has wrecked their lives. Varicocele causes congestion of the blood in some of the most vital blood vessels of man. It causes a dull, heavy, listless feeling which is often mistaken for nervous debility or general decline of power.

The nerves are delicate wires that enable you to feel pain. If you poison your nerves with drugs you can't feel the pain until the stupor wears off.
