

CITY'S BOOKS WORSE THAN CHINESE RIDDLE

Johns Treasurer's Accounts Tangled and Twisted Like Hair Mattress.

For three months O. R. Downs has been working with the books of George M. Hall, treasurer of the city of St. Johns. The object is to find out how much money there is in the city treasury. The end of the herculean task is not yet in view.

J. E. Tano, school clerk, assisted Mr. Downs for several weeks, but there is yet some weeks' work to do before the accounts of the city for the past year will be ready to be announced. It is the impression of Mr. Downs that the work well and he says he will be able to give the most detailed report of every expenditure made by the city, together with the full receipts.

MAJOR REED WILL GO AFTER FRENCH'S SEAT

And in the Meantime, Idaho Mormons Assert a Right to Name Candidate for Governor.

(Special Dispatch to The Journal.) Boise, Idaho, Aug. 20.—A special dispatch to the Wallace Times from this city says that Major Fred R. Reed of Milner is a candidate for Congressman Burton L. French's place, and that the south Idaho booster's name will go before the next Republican state convention there seems to be no doubt. It is predicted that if Reed goes into the next convention he will make it interesting for the present representative.

WASHINGTON'S ROADS MUST REPORT WRECKS

State Commission Makes Rule, Effective in Twenty Days, in Accordance With Law.

(Special Dispatch to The Journal.) Olympia, Wash., Aug. 20.—The railroad commission has prepared a rule under which it will hereafter require all railroads in the state to notify the commission by wire of any wreck or fatal injury to any passenger or employee. The proposed rule which will go into effect twenty days after service, is as follows:

GREAT NORTHERN MEN SAY TRACK WAS GOOD

(Special Dispatch to The Journal.) Olympia, Wash., Aug. 20.—The hearing before the railroad commission on the Great Northern wreck near Milan on August 10 was concluded yesterday afternoon. The findings will be rendered as soon as a transcript of the testimony is completed. The last witnesses were O. S. Bowen, resident engineer of the Great Northern at Spokane; William Kelly, general master mechanic of the Great Northern; G. B. Hunt, a Spokane newspaper man, and A. W. Farley, inspector for the commission. The first three named were called by the railroad company. Mr. Bowen testified regarding improvements in the track of the Great Northern in recent years. He said the track where the wreck occurred was in fair condition and that all of the Great Northern tracks were improving with age and renewal of ties necessary. Mr. Kelly testified that the rolling stock was increasing in weight from year to year and the roadbed was being improved correspondingly. Mr. Hunt, it developed, was not qualified to testify on the point desired and he was excused.

EXTRA! Special Announcement Extraordinary! EXTRA! WEDNESDAY AT THE GOLDEN EAGLE HOURLY SALES WEDNESDAY AT THE GOLDEN EAGLE

As a Special Feature of the Store's Monster, Sweeping Reorganization Sale

Which occupies such important position in the public interest and upon which the eyes of every economically minded person in Portland is focused, we shall—on Wednesday—hold a sensational and stirring series of "Hourly Sales." The Portland shopping public is too familiar with the conduct of these sales to need detailed information from us respecting them.

THE OBJECT OF THE SALE

The overwhelming shopping crowds of the past few days have depleted many lines leaving small endments and oddments here, there and everywhere through the stocks. We place little value upon these from a storekeeping standpoint—not enough of many to stand more than an hour of strenuous selling.
