ATTEMPT ARBITRATION.

President Small Will Present Grievances to New York Officials.

A report was circulated today that Labor Commissioner Neill, who has been trying to settle the dispute, has gone to Oyster Bay to confer with President Roosevelt. The rumor greatly pleased the operators, who declared that President Roosevelt is going to interest himself in securing a settlement. Inquiry at Oyster Bay, however, developed the fact that Neill had not been at Sagamore Hill up to a late hour.

Preparations are being made to turn the Labor day celebrations a week from Monday into grand demonstrations favoring the striking operators in every city and town in the country if the strike has not ended by that time.

Back of the strikers is a found of \$1,000 per week if necessary, guaranteed by the unions affiliated with the Central Labor council of Seattle, representing 14,000 union workmen. An assessment on these members of 2 cents per week would raise a sum three times that required to sustain the striking operators. Many of the latter have already secured work in other lines and a feeling of good cheer and confidence in the outcome of the strike is heard on every side.

REDMOND SAYS HOUSE OF LORDS IS DOOMED

Irish Leader Predicts Victory for His Countrymen in Parliament.

(Hearst News by Longest Leased Wire.) Dublin, Aug. 24.—John E. Redmond, the Irish parliament leader, was asked today for his views on the future of the Irish movement in view of the fact that the government had failed to meet the demands of Ireland. He replied: "I think the government will introduce a measure followed by the spirit of the resolution passed by a great majority a little while ago—that the house of lords should be abolished. The government will, I believe, translate the resolution into a bill. This bill will be rejected by the house of lords. There will be a general election by the beginning of 1907 at the latest. If the liberal party is elected by a substantial majority the vote of the house of lords, I believe, will be limited or abrogated altogether, and in that way the real obstacle to the passage of the full measure will disappear."

MORE THAN TEN PLAYERS CAUGHT

Detectives Arrest Chinese Gamblers—Forty-Five Is Week's Record.

Gambling games are few and far between in the Chinese quarter according to Chief of Police Gritzmacher, yet the officers detailed for duty in that section, spurred to tardy action by The Journal's startling expose, continue to conduct successful raids on fan tan establishments.

Following closely upon their raid on 55 Second street yesterday afternoon in which Yung Sun, one of the boss gamblers and four patrons of the place were taken into custody, Detectives Ray and Kiehl, assisted by Patrolmen Endicott and Graves, swooped down upon 63 Second street at 6:30 p. m. with the result that eight more essential names were added to the already lengthy list of those arrested during the past week for gambling.

In the raid at No. 63, which heretofore has been unmolested by the Chinatown squad for many months, Ah Mow and Fong Mo Hing were charged with conducting the resort and Ah Dook, Mook Lee, Ah Wong, Ah Lin, Ah Jim and Ah Yen will have to answer for gambling and visiting a gambling place. All were released on \$25 cash bail apiece.

Even Detectives Jones and Tichenor have suddenly become inoculated with the "raid fever" and as the result of their activity Yung Yen and Mrs. Due Ching landed in the toils last night on charges of conducting a lottery agency at 123 Ankeny street, while Paul Vetch and Anton Rich, two patrons of the place, came to grief for having lottery tickets in their possession.

The place raided has been under surveillance for some time upon order of Captain Bruin, but it was not until last night that it was deemed advisable to make the arrests of the keepers of the resort. Detectives Jones and Tichenor waited until Vetch and Rich left the place and then seized the two men. A search brought to light several lottery tickets and the prisoners were forced to give the customary signals at the door so the officers could gain admittance.

As soon as Rich and Vetch reentered the place at the behest of Jones and Tichenor the detectives rushed in through the open door and the rest was easy. The Chinese man and woman were taken into custody and a large bundle of lottery tickets, marking pots and rubber stamps were seized as evidence. Upon deposit of \$50 cash bail apiece all of those arrested were given their liberty to appear in the police court tomorrow morning.

Since The Journal's expose last Saturday night 45 arrests have been made for Chinese gambling, despite Chief Gritzmacher's contention that but few games are running.

The field was a quagmire and the giants slipped and tottered as they struggled with the heavy weight. McGrath was the steepler on his feet.
