JAMES KEENE'S COLIN TO BE THE FAVORITE

Pays \$50,000 and Is Largest Stake in Country for Horses-Should Colin Win He Will End Career With \$100,000 to His Credit.

(Journal Special Service.) New York, Aug. 30 .- The great Futur ity, worth about \$50,000, will be run over the six-furlong straight course at Sheepshead Bay tomorrow, the opening day of the Coney Island Jockey club's autumn meeting. It is the banner event of the metropolitan racing season and always draws the largest and most enthusiastic crowd of the year. Even in the most dismal weather the beautiful course has been packed on Futurity day, and this year plans have been made to accommodate at least 50,000 people. The Keene, Belmont, Whitney and other prominent stables have entered their best 2-year-olds in the classic event, and from present indications a big field will go to the barrier. The favorite will undoubtedly be Colin, James R. Keene's unbeaten son of Commando. Colin has started six times this year and in each instance he has been returned an easy winner. At no time has he been extended, though on several occasions he has shown a tendency to loaf. Beginning at an overnight event at Belmont Park, which he captured in a gallop, the champion has the most dismal weather the beautiful night event at Belmont rata, which he captured in a gallop, the champion has won the National Stallion stakes, the Eclipse stakes, the Great Trial stakes, the Prighton Junior stakes and the Grand Union Hotel stakes, incidentally taking the measure of all the best youngsters yet shown.

Regarded as Bace of Year,

This will be the twentieth running of the Futurity, which is the largest stake offered in this country for horses. Of late years the event has come to most fellowers outside the regular track contingent to be the one race of the vear, to rank with the Suburban and Brooklyn Handleap as an event to be Charley Street's three-bagger in

The stake was started in 1888 and the very first is deemed in some respects the best of the series, Proctor Knott, defeating the mighty Salvator in a great race, and winning a fortune for his owner, who was accounted a poor man to be in such company. The race in 1891, when His Highness defeated Yorkville Belle and Dagonet, was another one to be remembered. In 1893 Domino and Dobbins were the contenders, beginthen their remarkable rivalry for

In 1897 came the greatest surprise of the series, when L'Alouette captured the stake, an utter outsider, wholly unregarded by the wise ones in turf form Since then colts like Ballyhoo Bey, Sav ble, whose chief claim to notice was as a son of Salvator, Hamburg Belle, Art-ful, Ormondale and Electioneer have captured the stake, fully rewarding the hopes of a majority of the students of

Chance to Earn \$100,000.

Should Colin capture the big event tomorrow it will mean that he has won for James R. Keene, his owner, the enormous sum of \$100,000 in one season. When Colin won the Saratoga Special a few weeks ago he increased his earnings for the season to \$59,555.

There are not more than a score of horses in turf history that have won \$100,000 in their entire career of racing, so it can readily be understood what a o it can readily be understood what

great feat Colin will accomplish should he end his 2-year-old career with \$100.-600 to his credit. In fact there have been few horses that have won \$59,555 during their 2-year-old careers. So it is not to be wondered at that many turf critics share Mr. eKene's opinion that Colin is the superior of the late Sysonby or the great Domino.

the other two were both timed in 2:09 14.
Cope de Oro is sired by Nutwood Wilkes, and was driven by Bill Durfee, one of the most famous drivers in the Unted States, who developed Sweet Marie 2:02, Zolock 2:05 14, and many other noted campaigners. Cope de Oro is considered one of the most promising young race horses now on the Pacific coast, and is a candidate in the Greater Salem stake of \$5,000 for 2:09 pacers at the Oregon state fair race meet, September 16-21. He has done trial miles close to 2:06. The record in this classic stake is 2:09 1/4, made by Chester Abbott in 1902. The record for Lone Oak track is 2:09 flat, also established in the same year by Myrtha Whips. KELSO FANS COMING HERE IN FULL FORCE

(Special Dispatch to The Journal.)
Kelso, Wash., Aug. 30.—The Kelso fans are planning to appear in Portland to the Vaughn street grounds next Sunday in full force to aid the Tigers to take another fall cut of the Frakes. The steamer Kellogg has been chartered for the day and its capacity of 200 tickets has already been sold out and many disappointed ones will go down on the train. The Tigers are getting into good shape to meet the Frakes with their assistants from the Portland league team, and there is sure to be something doing next Sunday.

Dan Bellinger, one of Irvington's best players, was compelled to default all his matches yesterday on account of sickness. His default is all the more unfortunate because it involves his partner in the doubles, Brandt Wickersham. The defaults so far have been few and none have been registered against any of the better class of players excep. the better class of players excep-

Be a Perfect Man

With No Back Pains—No Nervousness-No Waste of Power-No Loss of Ambition—But With Plenty of Life and Energy and the Vigor of Youth.

To be strong and manly is the aim of every young man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young fellows that nature intended them to be, they find themselves weak, stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility; their finer sensibilities blunted and their nerves shattered.

I Cure Men's Diseases

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private ailments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's allments, and to the original, distinctive and thoroughly scientific methods of treatment I employ. To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect. I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage. I will not accept it for treatment, now will I urge my services upon anyone. I treat curable cases only, and cure all cases I treat.

WEARNESS.

You've probably been treated for so-called weakness and helped temporarily or not at all, and the reason is very apparent when cause of loss of power in men is understood Weakness is merely a symptom of chronic inflammation of the prostate gland, which my treatment removes, thereby permanently restoring strength and vigor.

CONTRACTED DISORDERS.

You can depend upon a quick and thorough cure by my treatment. A quick cure is desirable because a slow cure is apt to be no cure at all. and a chronic development will come later. I cure you beyond the possibility of a relapse and in half the usual time required.

REPLEX AILMENTS.

Often the condition appearing to be the chief disorder is only a reflex ailment resulting from some other disease. Weakness sometimes comes from varicocele or stricture; skin and bone diseases result from blood poison taint, and physical and mental decline follow long-standing func-tional disorder. My long experience in treating men enables me to de-termine the exact conditions that exist and to treat accordingly, thus removing every damaging cause and

DOCTORS THAT CAN CURE MEN

In selecting a physician or specialist, when in need of one, some consideration and thought should be given to the qualifications, experience and length of time an institute or medical man has been located in the city. It stands to reason that an institution that has stood the test of time and numbers its cures by the thousands is far superior to mushroom institutions that spring up in a night, last a few months and are gone. We have been curing men 27 years and are the oldest specialists curing men in Portland.

We invite those who have deep-seated and chronic disorders to call and be examined. Consultation and examination is free, and carries with it no obligation to engage our services.

Our offices are equipped with the most modern and scientific mechanical devices for the treatment of chronic diseases. Our charges are reasonable and in reach of any workingman. To the weak, rundown and nervous man no better advice can be given than this:

SEEK HELP WHERE IT IS CERTAIN TO BE FOUND.

If you persist in going to those who have no standing professionally, HOW CAN YOU EXPECT TO BE CURED?
