(Journal Special Service.) San Francisco, Sept. 2.—After losing five straight to the Seals, Portland ended the week yesterday by playing 12 innings to a tie in the morning and winning a rattling good game in the afternoon. Scores 1 to 1 and 1 to 0.

Portland's change catcher, broke a finger, which may have to be amputated.
Charlie Hartman, one of McCredie's
new atchers, was the star of the aftermon contest. Hartman allowed the
seals but three scattered hits, and at no Seals but three scattered hits, and at no time were they within striking distance of the plate. Jones was also in good form, the one run of the game being caused by the lone error of the contest. Donahue was the Beaver to cross the plate in the fourth inning. He started with a walk, was advanced on a fielder's choice, stole third and scored when Irwin booted McCredie's grounder. Scores: Morning game: Morning game:

"I watched Britt and Battling Nelson very closely in their recent go at the Auditorium. I suppose you know that I bet on Nelson and finally got in and began to coach Britt. Well, even while Britt was winning I made up my mind that I could take care of him when it came to his turn to face me. Nelson is one of the hardest fighters in our class. He is a strong runner, in fact, and sellom does his best until the contest is well along and the other man is growing time the fight with Britt, Nelson led his man for seven rounds. He had Britt in such a bad way along about the sixth round that I turned to the newspaper men sitting near me and said. Nelson will win before it goes a couple of rounds further. Then suddenly Nelson stopped—stopped as though he was shot in the arms, and Britt had everything liss own way. Nelson was not in it. "Now here is my argument. Don't vou think I can lead any man that Battling Nelson can outbox for seven rounds? If you don't, I do. What is more, I don't think a man lives who can come back and whip me after I have had him for a target for seven rounds. I think I have got it on either Britt or Nelson in punching ability, and these are the reasons that make me think I am going to win."

Britt's hopes of success are based upon what he accomplished with Nelson. Jimmy thinks that a long and careful slege of preparation has placed him in better condition than he boasted of in the years when his fights were the most to do with bringing about a Britt triumph.

For one thing, Britt places a great deal of reliance on the left underswing.

The Frakes and Kelso Tigers played a 12-inning game at Athletic park yesterday to the largest crowd that has ever seen a Tri-City game. The score ended at 3 to 2 in favor of the Frakes, who, by their victory, now have the best chance for the minor league pennant.

Johnson, the Frakes center fielder, was the hero of the day. With the score two-all in the twelfth Johnson broke up the game with a three-bagger. Kelso led until the eighth, when the Frakes tied it. Ennon Califf, who is still owned by the Portland Coast league club, pitched for the Frakes.

I AM MASTER OF MEN'S **WEAKNESS**

Note the announcements of all other specialists and medical institutes and you will see how little they say about their treatment for Men's Weaknesses and how lightly they pass over the subject. Yet one man out of every four has a vital weakness which constantly drains his power, and that man must continually force

That there is some functional derangement, the direct result of in-flammation, enlargement or excessive sensitiveness of the prostate gland, brought on by early dissipation or resulting from improperly treated con-tracted disorder. This condition cannot possibly be removed by internal medicines, and any tonic system of treatment that stimulates the activity of the function can but result in aggravating the real aliment. This is a scientific truth I have ascertained after a careful and scientific study and upon which my own original system of treatment is based. I employ neither tonics, stimulants nor electric belts. I treat by local direct methods exclusively, and my success in curing even those cases that others have failed to temporarily relieve with their tonics is conclusive and my success that the only results are the conclusive and the control of a complete redirect that the control of the evidence that my method is the only possible means of a complete, radi-cal and permanent cure.
