

# TO BE THE BEST FRUIT DISPLAY IN THE WORLD

### Grants Pass People Promise This and They Bar None.

### THEIR FAIR TO OPEN SEPTEMBER TENTH

#### Irrigation Convention and Industrial Exhibit in Conjunction—Most Distinguished Authorities Will Deliver Addresses.

(Special Dispatch to The Journal.) Grants Pass, Or., Sept. 3.—Nearly half a hundred people, including the various committees appointed by the county court, commercial club and ladies auxiliary, besides a large crew of carpenters and expert workmen, are busy making preparations for the irrigation convention and industrial fair that will be held in Grants Pass, September 10, 11 and 12. A large pavilion has been erected in the center of the town, near the depot, in which the fruit, mineral and forestry exhibits will be held and a large store room is being fitted up by the ladies for a display of art work and painting. The exhibit building is arranged with display booths all around its four sides; there is an open court in the center, with drinking fountain and potted plants. The whole is being decorated with evergreens and flowers.

The display of fruit will be made from both Josephine and Jackson counties, and the apple growers of the famous Rogue river valley will make it the finest ever seen in the state not even excepting that of the Lewis and Clark fair.

Two long arches have been built over Sixth street. These are being decorated with evergreens and bunting, and will, with the exhibit pavilion, be brilliantly lighted. The whole city will be in holiday attire. Among the amusement features will be races, a balloon ascension and parachute jump by the local aeronaut, Ralph Berry. There will also be an automobile parade and horse show.

#### Speakers of High Distinction.

Among the speakers listed are the following: Joaquin Miller, who will give an address on "The Undiscovered Oregon;" George H. Times, "Oregon, Oregon of the Past;" H. W. Scott of Portland, "Oregon of the Future;" Tom Richardson of Portland, "The Oregon Known to the Business Man;" Professor Kerr of Oregon Agricultural college, "The Farmer and Education;" Dr. James Withcombe of Oregon Agricultural college, "Irrigation in Rogue Valley;" Professor L. F. Dryden, "Poultry Raising;" E. L. Smith of Hood River will give an address on apple growing in general and his observations on the business at Hood River. E. H. Sheppard of Hood River will speak of cooperation among farmers. A. J. Moulton of the Southern Pacific will speak on "Apple Growing Without Irrigation." Other speakers will be C. A. Malboueuf of the Southern Pacific, Judge C. B. Watson of Salem, Judge C. I. Vawter of Medford.

A delegation of representatives, both from the city and county, will attend the national irrigation congress at Sacramento this week and will make an effort to get a large majority of the delegates to the congress to stop at Grants Pass for the Oregon convention.

## UNUSUAL DISPLAY OF FOWLS AT FAIR

### Poultry of All Descriptions, of the Finest—Incubator Demonstration—Pigeon Races.

(Special Dispatch to The Journal.) Salem, Or., Sept. 3.—The poultry exhibit at the Greater Oregon state fair, September 16-21, at Salem, promises to excel all previous attempts along this line, and lovers of the feathered tribe on the Pacific coast are looking forward to the show with keen anticipation. H. C. Scheibhaus of Portland is superintendent of this division.

The poultry building has been turned half-way around to conform with the new system of walks and exhibits for this year's fair. An annex will be built especially for incubator and poultry supply displays and office room. In addition, the coops will be painted and the interior of the building thoroughly renovated.

Among the dozens of exhibitors who have already applied for exhibits, Warren Cooper of Tacoma is a prominent breeder, as is James Wilder of North Yakima, who will send a big exhibit of Cochins. Harry Collier of Tacoma will gather a large Washington exhibit from the smaller breeders of the state, which will be contained in 150 to 200 birds. In the vicinity of Salem, John Jefferson, Mrs. J. A. Blake, H. S. Palsal, Sam Casto and numerous others will be represented.

The pigeon exhibit will be made a special feature of the 1907 show. The coops for the pigeons will be found in the center of the building. The Portland Pigeon club will be the chief factor in this department. The Homer pigeon races, to be started at the fair grounds and ended at Portland, which will be contested daily, are an attractive feature to the pigeon fanciers.

Besides the regular chicken breeds and the pigeons, there will be special classes for game fowls, bantams, turkeys, geese, ducks and pheasants. The Petaluma incubator company and the Glendale incubator company, two California concerns, have applied for space. They propose to have machines in operation in the poultry building, demonstrating the artificial raising of the chicks in all its stages.

## PHILIPPINES VETERAN DEAD AT EUGENE

(Special Dispatch to The Journal.) Eugene, Or., Sept. 3.—Arthur Hanna, a well-known Eugene tailor and a veteran of the Spanish-American war, having been a member of Company C, Second Oregon volunteers, in the Philippines in 1898-9, was buried here yesterday afternoon, having died of the insane asylum at Salem, to which institution he was committed over two years ago. His illness was caused by his head contracted in the islands. He was born 30 years ago in Canada. His mother and several brothers and sisters live there.

## ACCIDENT TO MAN ON LAUNCH TRIP

(Special Dispatch to The Journal.) Clifton City, Or., Sept. 3.—Lewis J. and a companion arrived here yesterday in their gasoline launch from Portland. Three minutes after the launch left the dock it was struck by a steel rail, and struck him just above the left eye. While not dangerous, the wound is very annoying and has caused the upper part of his face to swell to large proportions. The men propose to go on to the head of navigation.

## North Bank Racing to Get Business From Its Hariman Rival.

### HOPES TO SHORTEN TIME MANY HOURS

#### Meanwhile Hariman Has Two Millions to Spend Improving O. R. & N. in Attempt to Shape Up Ahead of Hill Road's Completion.

(Special Dispatch to The Journal.) Hood River, Sept. 3.—According to contractors and railroad men who claim to be in touch with railroad developments along the Columbia river, a great effort is being made by the north bank road to finish its line to Portland before the O. R. & N. can put trains in operation over the improvements which it is making in its line. The Hill road will endeavor to eventuate profitable through eastern mail contracts from its rival on the other side of the river. It is claimed that by cutting down the time between Spokane and Portland from 16 hours to eight or 10 hours, the new road can save time in landing mail in Portland from Chicago. By making connections at St. Paul with the fast limited mail trains that run to that city from Chicago and bringing mail through to Portland by way of Spokane, it is said the new Hill line can put on a faster service and take the contract away from the lines operated by the Hariman system.

It is stated in this connection that trial runs will be made to decide which road can put in operation the quickest service next summer and that both lines are putting forth the greatest effort possible to have everything in readiness for it.

#### O. R. & N. Fight's Head.

Two million dollars is being expended by the O. R. & N. on its line along the Columbia river with the intention of giving the improvements finished before the north bank road can be got in operation.

According to a statement made by an attorney for the north bank road Saturday before the assessors of Skamania county, Washington, through which the new road runs for 20 miles, its officials consider it to be 75 per cent completed. This statement was brought out by the fact that the road had been assessed as being 90 per cent completed. Figuring on this statement as being correct contractors say it will still take six months to finish the road and put it in operation.

The warfare carried on for many months against the north bank road by the Hariman system under the guise of the Columbia valley, while abandoned in general, has not been abandoned in the innumerable channels used by the great railroad system and its employees pressure is being brought to bear to complete the line as quickly as possible.

## ATTORNEYS FOR TRIAL OF ADAMS

### At Trial Next Week Darrow, Miller and Wourms to Defend.

(Special Dispatch to The Journal.) Walla, Ida., Sept. 3.—Clarence Darrow of Chicago, accompanied by Charles H. Moyer, president of the Western Federation of Miners, and Attorney Fred Miller of Spokane, have arrived here for the purpose of defending Steve Adams, whose trial for the murder of Fred Tyler will probably commence next week. The last trial resulted in an evenly divided jury.

Adams will be defended by Darrow, Miller and John H. Wourms of Wallace. E. E. Richardson of Denver will have nothing to do with the case. The state will be represented by Henry H. Knight, prosecuting attorney, Walter H. Hanson and James E. Gye, all of Wallace. It is not yet known whether James H. Hawley of Boise will cooperate with the attorneys for the state.

It is considered extremely probable in this district that a change of venue to Idaho will be made, but this will be vigorously fought by the attorneys for the defense.

## BRE'R B'AR IS GIVEN CHASE OF HIS LIFE

(Special Dispatch to The Journal.) Hood River, Or., Sept. 3.—A large, brown bear was seen wandering along the public highway in the open country between the Frankton schoolhouse and Belmont church, a short distance west of Clifton city, Friday evening, and a named Eby went in pursuit on horseback. He gave it a hard race for a quarter of a mile when it ran through a barbed-wire fence and Eby went to hunt for a gun. While he was hunting a gun Messrs. Downing and Taylor took the trail of the bear and chased it through the orchards and fields and across fences for almost two miles into a strip of woods, where they lost it. They had no dogs and could not find any to trail the bear and it got away entirely. Several women and children saw the bear and were considerably frightened.

It is supposed that the bear had been in some of the orchards eating apples. Mr. Holeman of Hood River, who keeps a few bear dogs, was phoned to come and help capture the bear, but the dogs were not at hand and he could not come. He sent for his dogs the next day and went out to hunt and hunt of the bear, but failed to strike its trail where it was fresh enough for the dogs to follow.

#### Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. E. Rippet. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when by our Druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life. Guaranteed best cough and cold remedy by Best Cough Pharmacy, 50c and \$1.00. Trial bottle free."

## GOOD SENSE IN THE USE OF MEDICINE

### How Prepared Household Remedies May Be Intelligently Employed and Proof of What One of Them Has Accomplished.

There are some who will not employ a doctor under any circumstances, and others who argue that we should not so much as take a simple cough mixture without calling on a medical practitioner to prescribe it.

As usual, the truth lies between the two extremes and common sense is all that is required to find it. Safe family remedies, tried by time and proved valuable by experience, will always have their place in the household and there are constantly occurring instances in which they may be properly and intelligently used. A good tonic, safe for use without a doctor's prescription, with complete directions for taking, such as Dr. Williams' Pink Pills, will often save money, time and suffering.

If you feel run down, either through overwork, worry or some great strain on the bodily forces, you cannot do better than to use Dr. Williams' Pink Pills. Mrs. Nellie Mead of 387 Bedford street, Johnstown, Pa., says: "After the birth of my baby I did not get very strong, but grew weaker. I tried anything, as time went on. My little excitement or work, even going up stairs, made me tired out and short of breath. My digestion was poor and I felt hungry. If I forced myself to eat, the gas on my stomach distressed me terribly. I was pale and nervous and often troubled with dizzy headaches and palpitation of the heart."

lost interest in life and became melancholy. The medicine I took for over a year didn't help me, so I began to use Dr. Williams' Pink Pills. Sooner than I had hoped, I noticed a little benefit and continued the treatment until well. My complexion became healthy and blood pure. My appetite came back, digestion was good and gradually my nerves grew strong. I felt better and stronger in every way."

Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box, in boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## WILHELM IS BETTER TIPPER THAN KUROKI

### Japanese Nobleman and Warrior Left Hundreds to the Bad by Swedish Prince.

(United Press Leased Wire.) New York, Sept. 3.—This is how Swede and Jap grade tips:

Prince Wilhelm	General Kuroki	
\$100	Head waiters	\$50
\$50	Prevent	\$10
\$25	Bellboys	\$5
\$10	Hallboys	\$5
\$5	Chambermaids	\$5
\$10	Carriage men	\$10

Prince Wilhelm of Sweden had broken all records for tipping at the Hotel Astor when he packed up last night and started for Boston. He and his wife, accompanied by a couple of hundred dollars in the high-water mark of liberality set by General Kuroki and his entourage when they were at the Astor two months ago, and the servants of the hotel voted the distinguished Japanese soldier as the best tipper they had ever seen. The day Baron Kuroki left he divided \$500 in tips among the hotel employees who means there has not been a tipper since. In any case, the \$500 more was given to his chief of staff from the traveling fund allowed the baron by the Japanese government.

## SALMON WILL REACH ITS RECORD PRICE

(United Press Leased Wire.) New York, Sept. 3.—The Tribune says the price of canned salmon will be higher this year, because the supply will not equal the increasing demand. The present situation is said to be unprecedented. The Columbia river pack is short more than 50 per cent, there has been almost an entire failure of the sockeye catch on Puget sound, and the British Columbia and Alaska red salmon supply is at least 500,000 cases short of last year's pack. When taken in connection with the almost entire depletion of stock, it means there has not been sufficient salmon packed this season to supply the world's normal requirements, and before the 1908 pack is available prices will be higher than ever in the history of the salmon industry.

## PROMINENT PEOPLE TO WED AT ONTARIO

(Special Dispatch to The Journal.) Ontario, Or., Sept. 3.—Two prominent young people of this city will be united in marriage at the home of the bride's parents, County Coroner and Mrs. J. H. Farley, in this city this evening at 8 o'clock, when Frank W. Morgan will be at the altar Miss Lulu Farley. The ceremony will be witnessed by about 30 invited friends and relatives.

#### Eastern Excursions.

September 11, 12 and 13 are the dates. Choice of routes. Stopovers going and returning. Fast train, full equipment. Superb equipment. Grandest scenery in the world. Canadian Pacific is the road. For rates and full particulars call on or address F. R. Johnson, G. A. P. D., Portland, Oregon.

## ORIENTAL RUGS IN A GREAT SALE

A Stirring Special Sale of our Artistic Oriental Floor Coverings in large and small sizes. Small and medium sized rugs or very large ones that will carpet a good sized room. This assortment contains some of the finest gems of the weavers' art, creations that the deft workers of the realms of the Shah and Sultan toiled over sometimes for years. Rugs that are rare triumphs of artistic blendings of several colors or pleasing contrasts, and of masterly skill in the weaving of intricate designs. An assortment that will appeal to the rug connoisseur with irresistible force. They are ornaments to any home. It is a double investment to buy an Oriental rug, for it is increasing in value while you are getting the use of it and have the satisfaction of owning it. The collection contains some of the finest specimens of Kirmenshahs, Sarouks, Tabriz, Bokharas, Khivas, Baloochistans, Daghestans, Shirvans, Mossouls, Kazaks, Bergamos, Anatolias and Kiskilens. Make this your opportunity, for our entire stock of Oriental rugs is reduced in price. We mention here a few sample reductions:
