Woman's Exchange, 133 Tenth street, lunch 11:30 to 2; business men's lunch. Come Oil Co. sell safety coal oil and fine gasoline. Phone East 789; B-1007.

DELEGATE TO CINCINNATI GATHERING OF ADVERTISING MEN BOOSTS FOR PORTLAND

The Cincinnati Enquirer of August 27, announces the arrival in that city of Charles Nelson Black, a member of the Portland delegation to the convention of Associated Advertising Clubs of America, and says that he was the first delegate to arrive from the Pacific coast.

Mr. Black on his arrival at Cincinnati "the welcome taking place at the freight depot in the form of something but not much less than an outpouring of advertising matter, a portion of which was immediately moved into one of the parlor rooms of the Grand hotel."

Portland wants the convention next year of the Associated Advertising Clubs of America. We want the convention to meet the first week in June, the time of our Rose Festival, and the week during which the Pacific Coast Advertising Men's association is in annual convention.

Black gave two potent reasons why the big meeting should be held in Portland, as follows: Because as an individual every man who has the capacity which makes him fit for an advertising man should see Oregon, note its resources, and discover what it offers in the line of fresh endeavor and investment.

"Because for the man or men whom he presents with product of his pencil is a word of investment in Oregon. Visit Oregon, that you may tell us of its possibilities in the distribution and advertising of our wares in the great Pacific northwest."

"Portland wants the brainy admen of America to come and visit their city and next June, to witness the grandest of the land of promise; to drink in the jubilant spirit of the mighty coastland, and to go away—if they must—satisfied that the investment in Oregon is the most profitable of any in the world."

GIRL HEROINE OF WILLAMETTE TO RECEIVE TONIGHT FOR BRAVERY

On the engraving bench of W. E. Garretson is a handsome gold chain and locket that, suitably engraved, will be presented tonight to Miss Jessie M. Headley, in recognition of her remarkable courage and strength displayed in rescuing her drowning grandmother from the Willamette river July 2.

On that date the young lady with her aged grandmother in a canoe was crossing the river when the canoe was capsized. The elder woman was sinking for the last time when her young companion, who was an expert swimmer as well as a girl with nerve and presence of mind, succeeded in getting a hold upon the drowning woman and held her head above the water until help could arrive from the shore.

Men along the river, and neighbors of Miss Headley, who subscribed to the purchase of the locket are: G. Campbell, H. Palmer, Charles King, George Tuttle, H. J. Terrier, S. H. Hansen, E. Bierd. The locket is being engraved with the following: "Presented to Jessie M. Headley for bravery by her admirers, July 12, 1907." On the reverse side is an elaborate design showing her monogram.

CIRCUIT COURT CONVENE WITH ALL JUDGES SITTING EN BANC

After two months vacation, the circuit court convened this morning for the September term, the four judges sitting en banc at the opening of court. The jury, which will be in attendance upon the court for over two weeks, presented itself, and many sought preliminary Judge Cleland in efforts to be excused.

The most frequent excuse offered was that of urgent business affairs, the unwilling jurors nodding their heads to emphasize their words in their earnest attempts to convince Judge Cleland that their private business affairs are more important than those of the court. Few were excused, however, and the unwilling jurors nodding their heads to emphasize their words in their earnest attempts to convince Judge Cleland that their private business affairs are more important than those of the court.

NO CREMATORY FOR GULCHERS Organized Opposition to Location of Crematory in Sullivan's Gulch

Organized opposition to the location of a crematory in Sullivan's gulch at East Flanders and East Ninth streets was affected at a meeting of the property owners interested at the Church of Good Tidings yesterday afternoon. Resolutions were adopted vigorously protesting against the action of the health board which the property owners believe has about decided to locate a refuse-burning plant at that point.

A permanent organization was brought about. It is the intention to fight the matter even to the supreme court. It was asserted by different persons present that such a move would be a practical confiscation of property for several blocks in the surrounding territory and could not be justified under any law.

The following resolution was addressed to the board of health: "Whereas, the health committee has evinced a disposition to favor the purchase of the block on East Ninth and Flanders streets, and has been visiting the ground frequently the past few days and evidently favors that location for a crematory by negotiating with the owner."

"Whereas, the location of such a plant in the midst of homes on all sides, would be dangerous to the whole community and amount nearly to confiscation of property, and that the same by the reduction in valuation of the same for many blocks in all directions in East Portland."

"Resolved, by the organization and the people of East Portland, that we protest against any such selection of site for a garbage crematory, and against the location of such plant in any residence district, and demand further that the board of health shall hereinafter be held responsible for purchasing this east side block for such a purpose."

Those present were of the opinion the location of a garbage plant at that point in question was being seriously considered by the health board and that the property owners must strike quickly and effectively.

E. D. Allen was made permanent chairman and Eugene Ferguson secretary. E. D. Allen, Eugene Ferguson, James D. Corby, H. H. Newhall, W. L. Burrage, I. Buchman, A. A. Kaderly, Mrs. A. T. Webb, Mrs. E. H. Parker and Mrs. W. F. Ryan were made a committee to bring action that will prevent the city from locating the garbage plant on the site under discussion.

The plan of Councilman Kellaher of towing the garbage in barges from the city to a point down the river where should be located a modern crematory was much favored and it may be decided to urge this plan on the city. Kellaher's plan was thought to be the most practicable and expedient method so suggested and at the same time least offensive to citizens in or about Portland.

Reduced Rates to Astoria. For the benefit of those wishing to attend the meeting of the Norwegian Singing Society held at Astoria, August 31-September 1, 2, and the 13th annual Astoria regatta, September 2, 3, 4, the Astoria & Columbia River railroad made a round trip from Portland of \$2. Tickets on sale August 30-31, September 1, 2, 3, 4, returning except September 6.

Preferred Stock Canned Goods. Allen & Lewis' Best Brand.

During the month the following plants were inspected by the city ordinance by conducting a slaughterhouse within the city limits. He carried the case to the circuit court, where it is now pending. He claims exemption from the most inspection ordinance. The city attorney assisted by Milton Smith protests the legality of the ordinance.

"Within one week two pieces of diseased meat were brought to me which were bought at the market of Frank L. Smith, 1411 Alder street. The first time I notified him that greater care must be taken. The second time I preferred charges against him, and he was found guilty and fined \$50. He has appealed the case."

"Put into garbage can all animal and vegetable refuse from the kitchen, waste paper, old shoes, rags, floor sweepings and all miscellaneous refuse that will burn. Garbage cans containing water, ashes, tin cans, glassware, crockery or manure will not be emptied by the collector."

"Put into the ash can all ashes, tin cans, broken glass, tin cans containing water, sops, garbage or manure will not be emptied by the collector."

"Provide a sufficient number of cans (both garbage and ash cans) to hold a week's accumulations."

"Drain garbage of all moisture, then wrap it in paper before putting it in the can, and it will neither give out a bad odor in hot weather nor freeze and stick to the can in cold weather. This is done cans will be clean at all times."

"Dead animals should be reported to the city crematory, giving exact location of same."

"Report all complaints to the crematory."

"Any person violating any of the rules of this ordinance should be fined not less than \$5 nor more than \$25."

SHINGLE WEAVERS ONE FEATURE OF PARADE

One of the features of both the Labor day parade and the celebration at the Lewis and Clark fair grounds, yesterday was the display of the shingle weavers local No. 68, a recently organized union of shingle weavers. In the parade every member of the union, in all, was in line, while they had a float representing a shingle packing machine with packers at work.

The contest between members of the union during the afternoon resulted in a victory on points for Edward Murphy who packed something more than eight hundred in the twenty minutes that the contest lasted, a very good record considering the disadvantages under which the contestants labored. C. J. Rowell, of the University Lumber & Shingle company's plant, packed the most shingles but lost through an error. John Monroeg was third and Harry Clifford fourth in the contest.

GARBAGE CANS TO SOLVE PROBLEM TAMALE FACTORIES BREED WITH FILTH

Board of Health Given Full Details by Market Inspector Evans. Superintendent Daggett of the crematory at the board of health meeting this morning stated that the garbage problem had become so acute that some means would have to be taken in its collection and disposal that will safeguard public health. He stated that of the 1008 tons of garbage received at the plant he found it necessary in addition to manure, to dump 71 tons of slop on the ground, to evaporate or dry it.

Members of the board of health are in favor of the recommendations of Superintendent Daggett and the council will be asked to provide the methods of relief suggested by him.
