BRITT SAYS HE WILL BEAT GANS

Declares His Own Punch Has Improved and That Gans' Is Overrated.

NELSON ALMOST HAD HIM AT GOLDFIELD

Hearst Pugilistic Expert Gossips About Coming Lightweight Battle. Moving Pictures Pay Better Now-adays Than Do the Real Fights.

By C. E. Van Loan. The Gans-Britt fight will not lack the customary commercial flavor which accompanies all championship battles nowadays. It will be a daylight fight, which means more moving pictures, and unless the photographers fall for the first time, the country will soon be carried for stray halves and quarters, and from Maine to Oklahoma the sports will have a chance to see how it happened—and quarrel about it afterward.

Ten years ago, at Carson city, the moving picture machine was introduced to the fight game and has since been keeping company ever since. A good set of films of an important fight means a fortune for the triple alliance which divides the profits.

On the day of the Nelson-Britt fight at Colima the fog was hanging low and there was no sun. The trouble over the selection of the referee delayed the fight for more than an hour, during which time Nelson stayed outside the enclosure.

Jimmy Coffroth, the promoter of the project, sat on the edge of the ring and looked out over the great crowd. He said that there would be no fight created in the arena row, and one of the reporters, looking up at Coffroth, remarked:

Money in the Pictures. "You seem worried, Jim. Is there anything in this story about Nolan refusing to let Nelson fight?"

"I am worried, but it's not about their fighting. They'll fight all right enough. It's this fog that scares me. If we get good films of this fight today, I've got something bigger than forty fights."

Half an hour later Nelson was hoisted into the ring and the picture men began turning their cranks. The fog did not lift but the pictures were perfect and Coffroth and the Brits got something bigger than forty fights. Nolan sold out for \$5,000 and is still waiting for the money.

With the chance of a winning film always in view, it is certain that the promoters and the fighters will continue to insert the moving picture clause in their articles of agreement. The premier pugilist of today is a business man and whatever else he may lack, he is never without his keen appreciation of a dollar.

What Would John L. Say? What would old John L. Sullivan have said if they had asked him to caper for the moving pictures? John was one fighter who loved his art for its own sake and he would not have stayed his mighty right for all the moving picture privileges of Christendom. But the fighter of the present day is as Jack O'Brien once remarked, "a commercial man."

Coming! Coming! Marvellous Moving Pictures of the Battle of the Century. But, after all, there is one good thing about the moving pictures of a battle. A man can see anything that his little heart desires and after the film has been rolled, he can talk as much as the next man.

A number of eastern critics who were from 2,000 to 3,000 miles away from Goldfield at that memorable afternoon last September looked at the moving pictures and saw plainly that Nelson gave Gans a terrible beating. Odd, isn't it?

September 9th is not very far off and the surprising thing about the approaching contest is the great number of Britt supporters. Jimmy is stronger in his home town than ever before. Of course, the Nelson fight made him a popular idol and the unmerciful beating which he gave the Durable One may have convinced some of the western sports that Britt could win from Gans.

Psychological Healing

Mr. Green will lecture on "The History of His Experience in Rational Divine Healing" and "The Relation of the Subconscious Mind to Physical Healing," September 7 and 14, at 8 p. m., in the Auditorium Hall, 208 1/2 Third street, Portland, Or. Admission free.

Grateful Words

Milwaukie, Or., Aug. 20, 1907. I was troubled with constipation for twelve years and used drugs nearly every day to overcome it. My husband and daughter had been healed by Mr. Green's treatments; I also took a course, and since that—nearly a year now—I have not had to drug myself; my bowels are regular. His treatments are so beneficial in a spiritual way. I heartily recommend his work. MRS. LOUISA SPRING.

Beaverton, Or., Aug. 25, 1907. I spring my eyes gave me so much trouble that I did not dare to read or sew at all; I would get such fearful headaches that I was sick all over. I asked Mr. Green to treat me, and I got help right away. At the end of two weeks' time my eyes were perfectly well and strong and now I can read or sew all day without any distress. His treatments were a great blessing to me in giving me a better understanding of the precious value of God's love. ELLA BRANDT.

COAST LEAGUE BALL IS AGAIN WITH US

Games Six Days a Week Until Last Sunday in September.

Coast League baseball will be resumed at Athletic park tomorrow afternoon. Oakland will line up against Portland in the opening game. The Oaks will stay over another week and the home team will remain until September 29, which will be the final day of the season on the local ground. The season does not close until October 27, but the Beavers will spend the last four weeks in the south.

McCredie and his hired men are playing a game at Medford this afternoon which picked nine from southern Oregon. Pernoll, who was until a few months ago, a favorite amateur twirler of southern Oregon, is scheduled to pitch for Portland at the end of a season.

Pernoll was worked often while in the south, but did not do as well as he did on the local diamond. Hartman and Kinsey pitched good ball while away, but miserable support prevented them from winning games.

During their trip south the locals played 14 games, lost 11, tied for one and won two, which shows very definitely their class. The McCredies have bought two new players from the South Atlantic league. Rafferty and Johnson, who are expected to report here with the next week, will help to prove themselves stars of the first magnitude at once, it will be up to McCredie to hustle. Good players are more easily gotten at the end of a season than at the beginning. Moreover, next year, the Portland fans will not be so charitable as they have been this.

MINOR LEAGUE NOTES. The Newark (Ohio) team is leading the O. and P. league and looks to be a sure winner.

Pitcher Tate Cromley, the former Indianapolis winner, has been released by Kansas City.

The Memphis team won four of the six games in the last Memphis-Atlanta series.

The Williamsport team has the Tri-State league pennant packed in a box.

Los Angeles still holds the lead in the Pacific Coast league race, with Oakland and San Francisco following close.

In "Scratch" McGuire the McKee-pitcher of the Chicago team is spoken of as a possible successor to Mr. Boyer.

Several South Atlantic league magnates are after President Charlie Hoy's scalp. Hoy is spoken of as a possible successor to Mr. Boyer.

The first four Texas league teams have been traveling along recently with but 30 points separating them. Austin has been leading, with San Antonio, Houston and Dallas at the latch-string.

The Freeport (Illinois) team looks like a cinch for the Wisconsin league pennant. It is the only team in the league outside of the state of Wisconsin.

Pitcher Fairbanks of Albany recently shut out the champion Scranton team of the New York State league in both games of a double-header.

SHEEPSHEAD BAY RESULTS. Six furlongs—Rosen won. Firestone second, King Cole third; time, 1:24 1/4. One mile—Dolan won. Voorhees second; time, 1:42 1-5 (two starters). Six furlongs, the Partridge—Dennis Blak won. Castleton second, Dennis Starford third; time, 1:13 1-5. One and one eighth miles, the Dolgans—Confort won. Smiling Tom second, Kiltroe third; time, 1:37. One and one sixteenth miles, handicap—Wenborne won, Tony Bonero second, Lodd Lavat third; time, 1:47.

LABOR DAY FIGHTS. Young Peter Jackson beat Terry Mustain at Goldfield; decision in seventh round. Charles Neary beat Eddie Tancel at Milwaukie; decision in 10 rounds.

WOMEN PLAY IN TENNIS TOURNAMENT

Fair Racket Welders in Close Matches—Fight in Men's Doubles.

But two men's matches were played in the Irvington club tournament yesterday, most of the day being given over to contests between women players. These developed a number of close matches. With the end of today's games, the women's, as well as the men's events, will be well on toward the finals.

The men's doubles promise to develop a pretty fight in the last several matches, especially in the upper half. Two lower class teams were put out of the play yesterday and there are but six teams now left in the event, four of them being, perhaps, the fastest four in the country. In the upper half Goss and McAlpin, Ewing and Herdman and Wilder and Andrews will make the fight to get into the finals, while the three teams remaining in the lower half are Turner and Rohr, Lawton and Scott and McKenzie and Frohman.

Wilder and Andrews and Ewing and Herdman each won yesterday, but only at the end of three sets.

Kenneth McAlpin and W. W. Benham gave Wilder and Andrews a hard run. The handicap, Ewing and Herdman, the older players were overcautious and lost the first set, 6-3. They were behind the other two in the second set, but managed to pull out of the hole and win, 7-5. The third set they captured easily.

Wesley Ladd and Katz played a whirlwind game at the start and took a set from the old stars, Ewing and Herdman. Their opponents managed to get the next two, however, and the match.

YESTERDAY'S SUMMARY. Men's doubles, open handicap—Wilder and Andrews (owe 40) beat K. McAlpin and W. W. Benham (owe 2) 3-6, 6-1, 6-1. Ewing and Herdman (owe 40) beat Katz and Ladd (owe 3-6) 3-6, 6-2, 6-3.

FOOTBALL RALLY NEXT WEDNESDAY

Will Open Rugby Season at Stanford—Athletic News of College.

(Special Dispatch to The Journal.) Stanford University, Cal., Sept. 4.—A big rally will be held in Encina hall on September 11, and football practice will begin at once.

Rugby is to be the theme and Coaches Lanagan and Presley are reported full of new ideas obtained during their trip through New Zealand and Australia. Games have been arranged with the University of Nevada and several rugby teams of San Francisco.

The Vancouver players will also be brought south and Santa Clara has declared her intention of playing the new game, on account of the death of a player in the last game last season. This last addition to the "rugby colleges" will be offset by the withdrawal of Pomona, who has declared in favor of the old game after giving both a trial. Dr. Jordan, who was in Australia this summer, is very enthusiastic over rugby, and believes more than ever that it is a splendid game for American universities.

State Chairman, Molino and Cheada have not returned to college and Conant, one of the strongest men on the substitute squad last year, will not re-join the team. The veterans are: Forwards, Pemberton, Thorpe, Koerner (captain) and Minturn. Scrum, Holman, wing, Owen; half, Fenton; fullback; Edwards, center.

Stanford field has been widened nearly 100 feet in preparation for this season's training. Grass has been sown and a heavy turf will greet the candidates instead of the sward of past years.

Dad Moulton has announced his intention of having men sign up for fall training in track work. By this he expects to put the squad in fine condition and also get a line on new material. Last year there was no fall training, but Moulton now considers such work very essential to putting the men in the best possible shape for the big meet.

At the first meeting of the executive committee, which will be called in a few days, the question of hiring a rowing coach will come up. Murphy has written that he must have a year's contract. The student body is in favor of retaining Murphy at any price, but those who have control of the treasury say Stanford must stand a steady drain for boating. Graduate Manager Sales will tender his resignation to the committee in a few days. Edwards, varsity football and track man, and Knupp are candidates for the position.

CENTRALIA WILL HAVE RACE MEET NEXT WEEK

(Special Dispatch to The Journal.) Centralia, Wash., Sept. 4.—The Western Livestock and Agriculture association will conduct one of the largest race meetings that was ever held in this part of the state at the Centralia Driving park, September 11, 12 and 13.

Horses have been entered from Butte, Victoria, B. C., Portland, Spokane, Walla Walla, Seattle, Tacoma, Olympia, Montesano, Niles and Centralia. The owners of numerous running horses from the Meadows track, Seattle, have signified their intention of entering the running races.

Expert race men say Centralia has the best half-mile track in the state, and this fact is attracting much attention among horsemen, who think they can make some record time at this meet. The fire chiefs from Canada and the western states will also be in session. Elaborate programs are being prepared by both associations, which will make this by far the greatest local event of the season.

The Lynchburg team of the Virginia league has got out of last place and moved up pretty close to the leaders.

I AM MASTER OF MEN'S WEAKNESS

Note the announcements of all other specialists and medical institutes and you will see how little they say about their treatment for Men's Weakness and how lightly they pass over the subject. Yet one man out of every four has a vital weakness which constantly drains his power, and that man must continually force himself along in his everyday path of living. DR. TAYLOR, The Leading Specialist.

"Weakness" Means Just This

That there is some functional derangement, the direct result of inflammation, enlargement or excoriation of the prostate gland, brought on by early dissipation or resulting from improperly treated contracted disorder. This condition cannot possibly be removed by internal medicine, and any tonic system of treatment that stimulates the activity of the function can but result in aggravating the real ailment.

A Guarantee Worth Something

I do not care what your experience has been with other treatments, what guarantees you have, and what promises were unfulfilled in the past, as unsuccessful, unscientific treatments and unreliable concerns are in no way a reflection upon honest, trustworthy business methods lived up to in this city by me for twenty years. I have an established reputation, and my guarantee means that my patients are indisputably insured of success in their case.

VARIICOCELE, SPERMATORRHOEA, LOST VIGOR, ORGANIC WEAKNESS, CONTRACTED DISORDERS, STRICTURES, SPERMIC-BLOOD POISON and PILES I also treat and cure promptly and thoroughly.

EXAMINATION FREE. I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

DOCTORS THAT CAN CURE MEN

In selecting a physician or specialist, when in need of one, some consideration and thought should be given to the qualifications, experience and length of time an institute or medical man has been located in the city. It stands to reason that an institution that has stood the test of time and numbers its cures by the thousands is far superior to mushroom institutions that spring up in a night, last a few months and are gone.

We invite those who have deep-seated and chronic disorders to call and be examined. Consultation and examination is free, and carries with it no obligation to engage our services.

Our offices are equipped with the most modern and scientific mechanical devices for the treatment of chronic diseases. Our charges are reasonable and in reach of any workman. To the weak, rundown and nervous man no better advice can be given than this: SEEK HELP WHERE IT IS CERTAIN TO BE FOUND.

If you persist in going to those who have no standing professionally, HOW CAN YOU EXPECT TO BE CURED? This institution has built up its splendid practice more by the free advertising given it by its PERFECTLY SATISFIED PATIENTS, who have received the benefit of its modern, scientific and legitimate methods, than in any other way.
