SAILING RACES

Will Be Called Off If They Are Not Sailed This Afternoon.

PERVERSE WIND IS ILL OR NOT AT ALL

Sportsmen Bitterly Disappointed and Are Game to Wait Till the Wind Serves-Results of Events Pulled Off-Success Financially.

(By J. C. Wallin, Staff Correspondent.) Astoria, Or., Sept. 4 .- The committee on races this afternoon decided to call off the sailboat races for the season if not sailed this afternoon.

Astoria, Or., Sept. 4.-The regatta committee is in a quandary as to how to dispose of the sallboat races booked for this afternoon. Contrary to all prepedents, the wind refuses to blow and without it the races cannot be pulled off. Twice the most interesting events of the regatta have been postponed and It is feared they will have to be called off for the third time this afternoon.

A strong breeze swept over the bay and whipped up a good sea when As-teria awoke this morning and prepared toria awoke this morning and prepared for the day's sports, but it came from the wrong quarter and died down when the tide changed. In former years the wind at this time of year has always blown strong from the northwest, but now it comes in light gusts from the east, which is contrary to all the plans, courses, etc., and even if it consents to blow the races would not prove very interesting.

The yachtsmen are displeased with the outlook and the fishermen who have been hanging around in their boats to win side bets are disgusted. The hats to give up and will probably remain for

to give up and will probably remain for a week if the committee will consent to call the events at the first favorable

International Event Tonight,

The finals of the international tug of war contest will be pulled off this evening at the Foard and Stokes hall, when the Swedish, Finnish and Norwegian teams will pull for blood, each team having gained position for the first place. The preliminaries last night were interesting and well attended, considerable money being wagered on the eutcome. It is said that betting will be heavy tonight.

outcome. It is said that betting will be heavy tonight.
Queen Harriet is keeping busy attending the various events. This morning she viewed the races and the swimming contests from the grandstand, and this afternoon she is the guest of honor at the baseball game.

With 75 entries, including four pairs of twins, the baby show is a feature of today's events. It is being held in the Odd Fellows' temple this afternoon.

Results of Day's Events.

The regatia will close this evening and everybody is paying attention to the carnival in Commercial street. From a financial point of view the regatta has been very successful this year and the weather has been ideal except for the poor wind. or wind. Of the day's events results were as

Strate Ruby, 49:01; Fetty, 49:15; Retthrowing contest—C. Svendrup on. Gasoline launches, handicap—Ruby, first; Betty, second; Pilot, third. Six miles. Time—Ruby, 49:01; Letty, 49:15;

WHISTLING FOR WIND.

List of Speedy Boats That Lie Becalmed-Regatta Ball.

calmed—Regatta Ball.

Astoria, Or., Sept. 4.—The Oregon and Portland Yacht club boats will show what they can do this afternoon unless the wind again fails to show up. The Winged O, an Astoria boat, designed by Captain Bob Austin of Portland, looks dangerous to the Portland contingent, but they hope to defeat her. She is said to carry more canvas than any of the boats brought down from Portland. She looks like a winner.

The Oregon Yacht club is represented by the Zephyr, Comet, Naiad, Hoot Mon, Anona, Dancinisal and Gismonda. The Portland Yacht club is represented by the Corsair, Synamox, Peekaboo and Knawa. The Corsair of the Portland club and the Comet of the Oregon Yacht club are considered the boats most likely to win in their class.

The crew of the large sail boat Gismonda plains sailing across the bay to Ilwaco, for a few days sojourn after the close of the regatta. They also intend paying the bar a visit, if the fine weather condition now prevailing continues. The crew is composed of C. A. Templeton, Captain; J. N. Tanner, M. A. Ross, E. L. Hoozbirk and Ernest Holmberg. The Grimmonday left Portland Friday and arrived here Sunday night during a heavy blow.

A mariner who is probably entitled to more credit for visiting the regatta than any one else here is Frank E. Lowe of Coos bay. Mr. Lowe, with a crew of three, brought the 40-foot gasoline launch Koos here from Marshfield, through a series of blows from the northwest. The course necessarily taken in getting here is considered one of the most treacherous for a small boat to be found anywhere along the

of the most treacherous for a small boat to be found anywhere along the coast, and it happened so this time that

boat to be found anywhere along the coast, and it happened so this time that a strong wind whipped up a boisterous sea. Twice the Koos was compelled to seek shelter—at Umpqua and Yaquina—and from the latter place she made the run to Astoria in 16 hours.

Mr. Lowe intends Jeaving for Portland tomorrow. The Koos won second place in the gasoline launch race yesterday afternoon, the handlcaps placed against her preventing her from winning first place. The Koos is considered the finest launch of her class at the regatta. She was built by Mr. Lowe, who is foreman at the Holland boat building yards on Coos bay.

The regatta ball last night was a brilliant affair and everybody seemed to brilliant affair and everybody seemed to attend. The hall had been beautifully decorated in regatta colors of blue and white and Brown's orchestra from Portland furnished the music. The ball was the society event of the season. Queen Harriet viewed the dancers from a throne on the platform. A large

number of Pertland people attended the bail.

Yesterday afternoon Queen Herriet, her suite, Admiral Callender and staff and a few invited guests were taken for a ride on the flagship Armeria on the bay, while waiting for the sailboate to finish the race which finally had to be called off because of ne wind, Genial Captain Gregory of the Armeria proved himself a popular bost and all voted the trip one of the most pleasant affairs of the regatta. Brown's band furnished music on the way.

For the second time the sailboat races had to be called off yesterday afternoon because of lack of wind. The committee and sportsmen alike are displeased at this strange behavior of the elements and blame the Portland sailors for bringing with them the light breezes of the Willamette. All summer the winds have blown strong in the afternoon, but on the first day of the regatta they faded away and left the 20 or more white wings to drift block with the tide. Yesterday's drifting match lasted till late in the evening and a couple of the fish boats drifted onto Desdemona sands where they had to await the evening high tide.

PERMANENT COMMITTEE.

BRYAN TO DISCREDIT

TAFT TO OKLAHOMAN

TAFT TO OKLAHOMAN

Bryan to delive two speeches in the territory this weel

PERMANENT COMMITTEE.

Enthusiasts Have Plan to Make the Regatta Regular Event.

Astoria, Or., Sept. 4.—There is talk of organizing a permanent regatta committee, or, if this cannot be agreed upon, then the thirteenth, now being held, will probably mark the close of a feature that has made the city by the sea more or less famous. It is said even by members of the present committee that it is difficult for new men unacquainted with the work to handle the regatta to the bers of the present commandualitied with difficult for new men unacquainted with the work to handle the regatta to the best advantage, and therefore they, tog, seem to favor the election or appointment of a committee or board to serve for several seasons, new members to fill vacancies as they might occur from time to time.

COURT IMPUDIAL (Continued from Page One.)

The proposed plan is only being spoken of tentatively and nothing of an official nature has been given out on the matter, but those closely connected with the affairs of the city say that with the affairs of the city say that steps for a permanent organization will in all probability be taken immediately after the business of the present season has been wound up. Many times in the past talk of abandoning the regatta has been set affoat, especially after a committee has failed to make good for such causes as unusually inclement weather or failure for some reason or other on the part of the public to give enthusiastic support.

City Would Back Project.

In case of a permanent organization, the city would back the undertaking, whereas under present arrangements the business men of the city are called upon to subscribe to the general fund. The plan is said to be to have these sub-scribers take the initiative toward a permanent board at an early date, be-cause there are really few indeed who would like to see the regatta pass into history for all time to come, especially

on its thirteenth anniversary.

Astoria suffered a run on its ice cream parlors yesterday afternoon and guards had to be stationed at the doors to keep the crowds from swamping the refresh-ment resorts in several places. The saloons did little more than an average business, however, so the remarkable rush on the ice cream fountains must be attributed to the large number of vis-

attributed to the large number of visitors of the fair sex.

Yesterday was the hottest that the city by the sea has experienced for many a day, and this of course had something to do with the ravenous thirst of the wearers of peekaboo waists. In one place the supply of "summer girls," "angel's delight," to numerous to mention, ran out after too numerous to mention, ran out after the fourth onslaught of the crowd and then plain sods had to be substituted. Another place found it expedient to bar the doors until the pressure had been relieved. This resulted in a blockade of the streets until officers succeeded in persuading the thirsty to move on and take in the foot race that was being

tered, and they came up the bay like a pursuing fleet of torpedo-boat destroy-ers. The Koos started scratch and gained steadily on the bunch, which held well together till near the finish. She passed everything, but failed to overcome the handicap favoring the Pilot, and the latter therefore succeeded in getting away with the first prize. The Koos was given second money, and the Louise third. The course, of six and a half miles, was covered in 49 minutes and 21 seconds by the Koos, and the Pilot won by 21 seconds. The Lexington came in fourth, with the Ruby fifth and Betty sixth.

GOVERNMENT WIRES IN POOR CONDITION

(United Press Leased Wire.)
Chicago, Sept. 4.—The wire service of
the board of trade continues poor. The
government today received no weather
reports from Canada, only a few from
the Dakotas and none west of the Missouri river in Nebraska.

CHAUFFEUR ACCEPTS NELSON'S CHALLENGE

W. L. Pearson, a chauffeur who gives his address as the Portland Automobile company, wishes to accept the challenge of Carl Nelson, who beat Major Reid in a mounted broadsword contest on Multnomah field on Labor day. Nelson claims the championship of the world and immediately after his tame and bloodless victory of last Monday he issued a defi to all men harboring ambloodless victory of last Monday he issued a defi to all men harboring ambitions to sling that archaic weapon, the sabre. Pearson witnessed Monday's exhibition and decided that he could beat Nelson. Hence the challenge.

TO OKLAHOMANS

Commoner Engaged to Off-

Oklahoma City, Okla., Sept. 4.-As an offset to the recent visit of Secretary Taft, who condemned the constitution written by the Democratic convention and advocated the election of the Republican candidates for state offices, the Oklahoma Democratic committee has the Okiahoma Democratic committee has engaged William J. Bryan to deliver two speeches in the territory this week. The Nebraskan is scheduled to address the people of Lawton tomorrow, and will be the principal speaker at a big Democratic raily to be held here Friday. He will reply directly to the allegations made in Secretary Taft's address in this city on August 24. He will urge the adoption of the new constitution which he is said to consider the best ever written for any state, and will advocate the election of C. N. Haskell, Democratic candidate for N. Haskell, Democratic candidate for

was a favorite member of the Bo-hemian and Pacific Union clubs. The Bohemian club is Francis J. Heney's club also, and it was the fight of Heney against Glass that aroused the ire of many of Glass' old associates and made Hency somewhat disliked by many of the Glass adherents. Hency, however, held the respect and

esteem of the majority of the Ro-hemians and this morning when the news of the verdict was given out the powerful social organization showed what side it stood upon by the praise of its individual members of Heney's hard-fought and well-earned battle. At the County Jail.

Glass spent his time at the county jail in quiet acceptance of the inevitable. He seemed aware that he would be punished but he did not believe that the sentence would be for more than a few months. The hopefulness of capital and its vaunted faith in the power of wealth made the disgraced telephone official cling to the belief that the al-

orricial cling to the belief that the almighty dollar would guard him and see
him through all of his troubles.

When the news was conveyed to the
prisoner he is said to have all but
broken down. He staggered toward a
chair and seated himself while a few of
his loyal friends gathered about him
and offered him much-needed consolation. The attention for Glass and one tion. The attorneys for Glass and one or two of the convicted man's friends then went into secret session to discuss the next legal step to be taken to prevent the telephone man being sent to San Quentin as a common convict. Sentiment In City.

The opinion about town of the verdict was that it was deserved. The corrup-tion in San Francisco had made all men callous to crime. Crime became a habit which everyone was gradually acquiring and the big men of the city are biamed for not having taken a stand when ap-proached by boodlers that would have given the city opportunity of trapping tome of the men who would undermine some of the men who would undermine every correct principle of government. The Schmitz-Ruef administration had become so rotten that men who did not bow to their demands and pay "the price" were apt to weaken their stand with those who furnished them money with which to do business. The corporations became particularly exacting with reference to self-protection becames of money and many of them were cause of money and many of them were

cause of money and many of them were forced into politics against their will. Glass is looked upon as a victim of circumstances, but as the prosecution today said, "man should avoid circum-stances that are likely to get him into trouble. The bribing of a public offi-cial is one of the most dangerous crimes that could be committed.
"In winning this case the prosecution feels that it has paved the way to the

conviction of Tirey L. Ford, chief counsel for the United Railroads, Patrick Calhoun, president and Thornwell Mulally, vice president of that concern.

Merchants Supported Him. Some of the most influential mer-chants in the city supported Glass in his defense, morally and otherwise. They believed after the first trial that there believed after the first trial that there was a decided element of doubt as to who was the responsible one in the franchise bribery case. The evidence at first tended to show that Glass was deserving of the benefit of a doubt and that Henry T. Scott, president of the company, might possibly have had knowledge of the bribery transactions. The second case against Glass wiped out many doubts in the minds of the business community and the evidence secured by Detective Burns, circumstancured by Detective Burns, circumstantial in a large degree, was very con-

The first requisite of a good mother is good health, and the ex-perience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good

Preparation for healthy mater-nity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ul-ceration and inflammation, and the

result is less suffering and more children healthy at birth. For more

Lydia E. Pinkham's Vegetable Compound has been the standby of American mothers in preparing for childbirth.

Notewhat Mrs. James Chester, of 427 W. 35th St., New York says in this

letter: - Dear Mrs. Pinkham: - "I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me.

I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations. Weak Back Walling and Displacements. Inflammation. Hierarchy.

tions, Weak Back, Falling and Displacements, Inflammation, Ulcera-tions and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

SALEM GRANTS RAIL FRANCHISE TO WELCH

(Special Dispatch to The Journal.)

Salem, Or., Sept. 4 .- The city council enacted several important ordinances last night, the most important being the granting of a franchise to A. Weich for the construction of a street railway over several streets including Front, Ferry and Mill streets. This franchise has been granted for 25 years. A condition is that the company give a \$5,000 bond that at least two miles of track will be completed within a period of two

will be completed within a period of two years.

An ordinance was passed enacting that the names of certain streets of Salem be changed, as follows: Terry street, in Knight's addition, changed to Union; Waverley, in Waldo's addition, to Capital; Oak, in Highland Avenue addition, to Columbia; A, B and C streets, in Picasant Homes addition, to Lafelle, Cross and Wilbur streets, respectively; Pine, in Compton's First addition, to Fourth; Alder and Pine, in Riverview Park addition, to Pine and Hickory, respectively; Highland avenue to Hazel avenue and the part of Washington between High and Berry streets to Howard street. The street committee was instructed to attend to the necessary changes in the signs on the corner posts. ner posts.

ner posts.

A resolution was passed requesting the city attorney to make a thorough investigation of the charges arising in connection with the compromise with the General Contracting company in settlement of the dispute over the North Mill Creek bridge. This is the bridge on the road leading from the city to the fair grounds. the fair grounds.

NEW MACHINE READS BUMPS ON YOUR HEAD

(Journal Special Service.)

New York, Sept. 4-No longer is it secessary for a man the surface of whose head resembles a miniature mountain range to supmit himself to a phrenologist, so that the meaning of various excrescences may be explained. The "automatic electrical phrenometer" will do all of that for him, and do it too in half a minute. Not only does the machine measure bumps, but it records the exact proportions but it records the exact proportions of the moral qualities corresponding to hose excrescences.

those excrescences.

The bump machine is a heavy steel helmet suspended from a movable bar, above the electrical mechanism, and fitted inside with a great number of steel prongs or fingers. The subject is placed underneath, the helmet is lowered, the steel fingers close tightly upon the cranium, a steel prong catches hold of his nasal organ with a strong and resolute grip, and there he is, looking for all the world like a prisoner in a torture chair of the

he is, looking for all the world like a prisoner in a torture chair of the Spanish Inquisition.

The operator winds a little handle, there is a whirr of the machinery, and in thirty seconds the bump machine has not only dissected a character, but has, by the printing contrivance beneath, put it down in black and white, on clean paper. Those who have tried it have found it mose ingenious, and occasionally embarrassing.

BONDS FOR SCHOOL BUILDING IN CROOK

(Special Dispatch to The Journal.) Prineville, Or., Sept. 4 .- Officers of school district No. 57, in this county, have made arrangements to issue bonds to build a \$1,200 scholhouse at Paulina, in the central part of the district. The in the central part of the district. The bonds are three in number and are payable 10 years from date, drawing 6 per cent interest, payable semi-annually. Arrangements have been made in the district for the placing of the bonds, and Clerk S. W. Miller announces that work will be started on the new building at once. Contractor G. A. Wilson will have charge of the work.

Paulina is the central point in a large. Paulina is the central point in a large and thriving community.

HELD FOR ATTEMPT TO ASSAULT CHILD

(Special Dispatch to The Journal.)
Spokane, Wash., Sept. 4.—John W. McEacheron is under arrest charged with attempting criminal assault on the 10-year-old daughter of M. S. Adams. The child, with three of her playmates and her brother, were at the park when the attempt at assault was made. None of the children spoke of the affair to their parents for some days. An investigation led to Mc-Eacheron's arrest.

YEAR ROUND WORK

(Continued from Page One.)

Reid believes in Chinese labor and tells his experience with both Japanese and Chinese. "The Chinese is an ideal farm hand.
would trust him to the work about the farm in preference to many others and certainly before a Japanese. I can handle my product each year with eight or ten Chinamen in eight weeks. I hire the same crew each year. Once I tried Japanese. I hired 42 before the crop was all in.

Orientals Going Home.

"The Chinese are going back to China very rapidly, and staying there. Chinese labor is becoming exceedingly scarce. I have just heard of one of my men, Chung who left me a year or two ago. He now owns an orchard in China, raises nuts for the trade and is getting rich. He knew more about horticulture than I and taught me many valuable little tricks."

ble little tricks."

The same is true of Bing of the Seth
Lewellyn place. Bing was the Chinaman after whom the now famous Bing
cherry was named.

He now owns an orchard in China,

raises fancy nuts and fruit and is getting rich. Chinese are leaving Oregon in great numbers every year and this fact also tends to the scarcity of labor for all kinds of work.

Railroad work requires a large number of many a does the lumbering in

ber of men; so does the lumbering in-dustries. Unless some of the foreign immigration that rushes to the crowded districts to New York City can be di-verted to the far west the labor con-dition promises to reach an acute stage.

JOHN GOW AT LAST WEDS MRS. FARMAN

(Special Dispatch to The Journal.) Vancouver, Wash., Sept. 4 .- Believing that the path of life of a married man is much smoother than that of one single, John Gow, an almond-eyed native of the far-off east, yesterday succeeded in marrying Miss Rilla Farman. Gow is from Portland and his bride from Cottage Grove, Oregon.

Gow has been endeavoring to secure

Gow has been endeavoring to secure a license to wed Miss Farman for the past two months. At Portland he was turned down flat-footed by the county clerk. Three times he had appeared before County Auditor Kles in this city. Now the state law does not prohibit such marriages, but Auditor Kles has a shyness when it comes to such cases and when Gow first appeared he persuaded him to go elsewhere in quest of his piece of paper. A second time Gow his piece of paper. A second time Gow appeared, but was put off. Yesterday Gow consulted an attorney and with him went to the auditor's office and de-manded a license issue. It was granted.

PERSONAL

Kikujire Ishii, in charge of the bureau of foreign commercial affairs of Japan was the guest of honor at luncheon yesterday at the Arlington club. Those present were: Mr. Ishfii, T. B. Wilcox, Vice-Consul Matsubara, T. M. Scurin, J. F. Watson, W. W. Cotton, W. B. Ayer, J. C. Ainsworth. Consul Aiba, Mayor Lane, H. Ohta, Thomas Kerr, W. W. Fenton, S. Bann, W. Mac-Master, William Ladd, D. MacKenzie, General Greeley, W. D. Wheelwright. Rev. Dr. J. Bloch left yesterday for Tacoma, Washington, where he is called to officiate during the Jewish Holydays. Mrs. Bloch accompanied him. Dr. A. R. Cavaller, secretary of the British Zenana Bible and Medical mission, who was to give an address tomorrow evening under the auspices of the Y. W. C. A., is prevented by illness from keeping his engagement.

Mgr. Diomede Falconio, the apostolic delegate, will attend the seventh bien-nial convention of the St. Boniface league of Iowa, which will meet in Dubuque from September 8 to 12.
