Man Who Robbed William Winters of Money and Diamonds Pleads Guilty -Him to Pen for Four Years

J. T. Thompson, found guilty of robbing William Winter, his former employe, of several thousand dollars in cash and diamonds, was sentenced by Judge Gentenbein in me circuit court this afternoon to four years in the penitentlary. Winters pleaded that it was als first offense, that he had waived extradition, that he had suffered much and that he had intended to return the

Thompson's trial was to have occurred in the circuit court today. The case was assigned to Judge Gantenbein for trial but when the judge called the case, Attorney T. B. McDevitt, who appears for Thompson, announced that Thompson wished to withdraw his former plea of not guilty and enter a plea of guilty. Thompson then arose and in response to a question announced that he pleaded guilty. Thompson's crime was committed over two years ago. He was employed by William Winter as bartender in his saloon and had access to the safe. One might Thompson disappeared and with him disappeared diamonds and money to the extent of several thousand dollars. A long chase ensued during which Thompson led his pursuers to Mexico, to New York and finally crossed the Atlantic to London, where he was apprehended.

Attantic to London, where he was apprehended.

Winter provided money for bringing Thompson back to Portland and Detective Joe Day went to London to escort the prisoner to Oregon. As the train on which the two were crossing the continent neared Denver Thompson made a desperate effort to escape, temping from the rapidly moving train.

Thompson was severely injured and was recaptured later at Cheyenne, Wyoming. When he reached Portland he was seriously ill, and on his previous appearances in court had to be assisted by the officers when he walked into the courtroom and stood before the bar. He has nearly recovered from his wounds, and when he appeared before Judge Gantenbein today needed no assistance.

Murder and Suicide Figure in Appointment of Administrator.

Whether Harry Conrad Liebe, who killed his wife at The Dalles on August and then committed suicide, or Mrs. Liebe died first is the question raised in the administration of Liebe's estate by a petition filed in the county court this merning asking for the appointment of Samuel M. Mears of Portland as administrator of the estate. Property valued at about \$3,500 was left by Liebe. The petition sets forth that 3-year-old Harold Liebe, son of the couple, is the sole heir. If Mrs. Liebe died first, then the boy is his father's sole heir, but if Mrs. Liebe survived her husband by a few moments, the petition alleges that she died intestate, leaving her son the only heir in any case. The petition was filed by George A. Liebe, a brother of the deceased. in the administration of Liebe's estate

the Port of Columbia bill and have the question voted upon by the people at the election next June.

Judge George H. Williams of the firm of Williams, Wood & Linthicum, attorneys for the Port of Columbia commission, said this morning that the petition for a rehearing will be filed, and that probably no definite action regarding the initiative would be taken until it is known whether the supreme court will grant a rehearing.

The decision of Chief Justice Bean declaring the Port of Columbia act unconstitutional because it was passed by the legislature was handed down on an appeal in a suit brought against the commission by Sylvester Farrell, a member of the present board of pilot commissioners, to enjoin the Port of Columbia commission from issuing the bonds provided for in the act.

The only ground on which it is charged that the act is unconstitutional is that it was passed by the legislature.

charged that the act is unconstitutions is that it was passed by the legislature, and it is contended that the amendment of 1906 to the state constitution prohibited the legislature from creating municipal corporations. Suit was brought on this ground.

In the circuit court Presiding Judge Chalcad dispussed the suit on demurrer.

In the circuit court Presiding Judge Cleland dismissed the suit on demurrer, holding that the municipality created of the counties of Multnoman, Clatsop and Columbia was not a municipal cor-poration within the meaning of the amendment, and that the legislature act-ed within its powers in passing the

bill.

Judge Cleland's decision was reversed by the supreme court. So determined are the people of Multnomah and Columbia counties that the Port of Columbia shall stand, providing means for improving the pilotage and towage service, that talk of initiating the measure is heard on all sides, and it is reported that plans are being laid to circulate initiative petitions at once should the supreme court deny the rehearing.

Complaint about the interstate express rates of fruits has also come from the same source to the railroad commission, and it is probable that the commission will be called on to make a complaint to the interstate commerce commission on the subject. a complaint to the interstate commerce commission on the subject.

It is stated that for years past the Northern Express company has been carrying fruit at estimated weights, pears being billed at 40 pounds per box and prunes at 20 pounds per box. Recently the Northern Express company, without any previous notification to the shippers, increased the billing weight of pears to 50 pounds per box and prunes to 25 pounds per box. This had the effect of increasing the rate 25 per cent, which the fruit dealers declare to be prohibitive to the twin cities.

to be prohibitive to the twin cities, where the old rate was \$2 per hundred It will of course be impossible to secure a change in the rate for the present fruit shipping season, but steps are to be taken to secure a reduction in the express rate which will bring the cost express rate which will bring the cost-to the old figures.

The express company defends its ac-tion by pointing to a rule recently promulgated by the interstate commerce commission, requiring exact weights to be billed on all express shipments.
