(Special Dispatch to The Journal.)
Aurora, Or., Sept. 6.—The hop growers in the Aurora, Hubbard and Hutteville districts are up against it good and hard this year. The weather for the past week or 10 days has been an injurious factor in the ripening of the crop, and in a number of the yards mold has appeared to such an extent that the yards will not be picked. In fact the yards are very scarce where there is not more or less mold.

The prairie yards are the freest from mold, but there are some very fine yards near the timber that so far have shown very little mold, so the theory does not held out that it is the yards close to the timber that are the most susceptible to mold.

So far as can be learned not much more than half the crop in the above districts will be picked. That with the mold unsettled prices and the shortage bear strictest investigation; bonabear strictest investigation; bonaproposition; do not answer this unless

Pickers are scarce for even the limited amount of acreage that will be picked. About 50 per cent more Japs are in the yards this year than last, and most of them are picking by weight, where heretofore they would only use the box system. where heretofore they would only use the box system.

Quite a number of growers have ex-pressed their intention of going out of the hop business and engaging in some other branch of agriculture.

Hop Pickers Scarce.

(Special Dispatch to The Journal.)
Salem, Or., Sept. 5.—The supply of hoppickers from Salem is reported by growers to be practically exhausted and pickers can only be obtained from more distant places, particularly Port and. The heps on most of the yards south of the city are reported to be first class and larger than last year particularly in the region around Independence. Though it is reported that more money may be made than last year, the supply of pickers is short.

Health I AM MASTER OF

Note the announcements of all other specialists and medical institutes and you will see how little they say about their treatment for Men's Weaknesses and how lightly they pass over the subject. Yet one man out of every four has a vital weakness which constantly drains DR. TATLOR his power, and that man must continually force himself along in his everyday path of living. The Leading Spec There is no real joy or happiness that is not marred by his ever-p feeling that he is not as other men. Now to such men I offer he not only hold out a helping hand to lift them up, but I urge them car

entirely convince them of the logical effect of my treatment when I

That there is some functional derangement, the direct result of inflammation, enlargement or excessive sensitiveness of the prostate gland,
brought on by early dissipation or resulting from improperly treated contracted disorder. This condition cannot possibly be removed by internal
medicines, and any tonic system of treatment that stimulates the activity of the function can but result in aggravating the real aliment.
This is a scientific truth I have ascertained after a careful and scientific
study and upon which my own original system of treatment is based. I
employ neither tonics, stimulants nor electric belts. I treat by local direct methods exclusively, and my success in curing even those causes that
others have failed to temporarily relieve with their tonics is conclusive
evidence that my method is the only possible means of a complete, radical and permanent cure.

A Guarantee Worth Something

I do not care what your experience has been with other treatment what guarantees you have, and what promises were unfulfilled in the past, as unsuccessful, unscientific treatments and unreliable concerns at in no way a reflection upon honest, trustworthy business methods live up to in this city by me for twenty years. I have an established reputs tion, and my guarantee means that my patients are indisputably insure of success in their case. There is all the difference in the world between a guarantee of this kind and the premise of those mushroom concern which are continually failing in business. I repeat my straightforward square proposition to wait for my fee until the cure is effected.

VARICOCELE, SPERMATORREES, LOST VIGOR, ORGANIC WHAR-MESS, CONTRACTED DISORDERS, STRICTURES, SPECIFIC BLOOD POISON and PILES I also treat and cure promptly and thoroughly.

The DOCTOR TAYLOR ...

2341/2 Morrison St., Corner Second PORTLAND, OR.

In selecting a physician of specialist, when in need of one, some consideration and thought should be given to the qualifications, experience and length of time an institute or medical man has been located in the city. It stands to reason that an institution that has stood the test of time and numbers its cures by the thousands is far superior to mushroom institutions that spring up in a night, last a few months and are gone. We have been curing men 27 years and are the oldest specialists curing men in Portland.

We invite those who have deep-seated and chronic disorders to cound be examined. Consultation and examination is free, and carries with no obligation to engage our services.

Our offices are equipped with the most modern and scientific mechanical devices for the treatment of chronic diseases. Our charges are reasonable and in reach of any workingman. To the weak, rundown and nervous man no better advice can be given than this:

SEEK HELP WHERE IT IS CERTAIN TO BE FOUND. If you persist in going to those who have no standing professionally. How CAN YOU EXPECT TO BE CURED? This institution has built up its splendid practice more by the free advertising given it by its PERFECTLY SATISFIED PATIENTS, who have received the beneatt of its modern, scientific and legitimate methods, than in any other way. If you are not a perfect man—come to us. Isn't it worth the little time it will take when you are CERTAIN that you will have the benefit of HONEST, SINCERE physicians who never attempt to deceive you in any way? A consultation costs you nothing EXCEPT your own time.

Years' Experience.
