EVANS' CRIMINAL RECORD WOULD NOT DOWN

RECORD MADE DESPITE A BAD THROW KILLS WIFE THEN SLASHES OWN THROAT

Flanagan of Irish-American Athletic Union Wins the Hammer Event After Wire Handle Had Broke and Crushed Leg of Judge.

H. H. Huff of Chicago Defeats Dan Kelly of Portland and Charles Parsons of the Olympic Club in Hundred-Yard Dash.

(United Press Leased Wire.)
Jamestown, Va., Sept. 7.—A crowd that taxed the capacity of the exposition athletic field assembled this afternoon to witness the events in the senior championships of the Amateur Athletic Union. All the men entered were in fine fettle and everybody was looking for record-breaking feats.

John Flanagan of the Irish-American Athletic club, won the 14-pound hammer event from his rival, McGrath of the New York Athletic club.

On Flanagan's first throw the wire handle of the hammer broke and the lead ball fell off at the anvil. John Walsh, of the Pastime club, New York, the judge was standing just behind the circle, only 15 feet away. The hammer struck him in the right leg half way between the knee and ankle, breaking the bone with a snap that could be heard all over the grounds. Walsh was knocked down. Rolling over, he tried to jump up but the broken leg doubled under him.

A guard remained with the family until last night when Fish's doctor disarmed apprehension and he was released. On awakening he prodded a shotgun and emptied a shell into his

body. Flanagan broke the world's record with the hammer by throwing it a throw of 58 feet 6 inches. Melville Shepard of the Irish-American Athletic club, New York, set the crowd wild by winning the half mile dash in 1:55 1-5.

Owing to the confusion yesterday in the junior events, the club showings were announced this afternoon. The New York Athletic club scored 47 points and the Irish-American 45 points.

H. H. Huff, Chicago Athletic association, won the 100-yard run defeating Dan Kelly of the University of Oregon, the former champion, and Charles Parsons of the Olympic club, San Francisco.

In the broad jump, Ralph Rose, Olympic club of San Francisco, broke the world's record by half an inch. His put was 49 feet 6 1/8 inches.

Hundred-yard dash—Won by H. J. Huff, Chicago Athletic club; W. D. Eaton, Boston, second; Charles Parsons, Olympic, California, third; Time, 10 1-5 seconds.

220-yard dash—Won by H. J. Huff, Chicago Athletic club; P. C. Gehardi, Olympic, California, second; Charles Bentz, New York Athletic club, third; Time, 21 1-5 seconds.

440-yard dash—Won by J. R. Taylor, University of Pennsylvania, G. B. Ford, New York Athletic club, second; Andrew G. Larned, Olympic, California, third; Time, 51 seconds.

Half-mile run—Won by M. V. Shepard, I. A. A. C.; Andrew G. Kerner, Half-mile run—Won by M. V. Shepard, I. A. A. C.; Andrew G. Kerner,

AMERICANS BREAK ALL RECORDS WITH RIFLE

United States Team Wins
Palma Trophy From
Britons at Ottawa.

(United Press Leased Wire.)

Ottawa, Ont., Sept. 7.—Beating all previous records, American marksmen practically won the Palma trophy. Sergeant Bryant of New York and Major Winders of Ohio both scored 219 out of a possible 225, beating all individual records.

The total scores out of a possible 6,800 were:

Australians 1,712, Canadians 1,644, Australians 1,653, Great Britain 1,580.

At 600 yards—Americans 590, Canadians 568, Australians 570, Great Britain 552.

At 1,000 yards—Americans 549, Canadians 551, Australians 550, Great Britain 503.

National Firemen's Association of Amer-

ica selected Chicago for the convention city in 1908.

ESCAPED EARTHQUAKE TO BECOME AN EASY VICTIM OF THE FIRE FIEND

PHOTOGRAPHS OF THE CLIFF HOUSE TAKEN FROM SUTRO HEIGHTS. FIGURES IN FOREGROUND ARE THOSE OF STATUES IN SUTRO PARK, 150 FEET ABOVE THE CLIFF HOUSE SITE. THE WELL KNOWN SEAL ROCKS ARE ALSO SHOWN IN THE PICTURE

CREMATORY NOT WANTED THERE

East Side Improvement As-sociations and Property Owners Oppose Plant.

There will be no city garbage crematory erected within the city limits of the east side if it is possible for the taxpayers and residents there to prevent it.

From the Willamette to Mount Tabor and from Sellwood to the southern boundary of St. Johns east side residents are up in arms against the proposal to establish the institution within the confines of the residence or business districts. The roadway for the establishment of a municipal plant which is short one-half mile is clear and unobstructed, has suddenly become a pathway of objections.

Practically every improvement association east of the Willamette has entered a strenuous protest against the building of a crematory on the proposed site. Many protests are being lodged against the erection of a crematory anywhere within the city limits.

Last night the East Twenty-eighth Street Improvement association went on record in opposition to the proposed plant and draft a protest against the proposed work of the city. Individual property owners will wait upon the council, council committees and health board to protest against an east side plant.

In addition to entering these wedges it was stated last night at the meeting of the association that from the pulpits of the various east side churches today, ministers will ask congregations to attend the special meetings and vote on the east side's objection.

President Matter appointed a committee consisting of M. Pugh, F. Dubois and R. A. Reid to draw up the protest which will be presented the first of this week.

With 3,000 members, all of whom are voters determined to use the ballot if necessary to prevent the location of the new garbage crematory on the east side between the Steel and Madison street bridges. Multnomah camp No. 77, Woodmen of the World, has appointed

Famous Cliff House Destroyed After Pass-ing Safely Through the Ordeal of April 18, 1906

DEATH WILL AID PATIENT LOVERS

Divorced Wife of James Doyle Rapidly Nearing Banks of River Styx.

(United Press Leased Wire.)

Denver, Colo., Sept. 7.—After being denied the right to marry without being excommunicated by the Catholic church of which they are devout members, death is about to step in and help "Portland" James A. Doyle, a millionaire mine owner of Cripple Creek, and Miss Marie Duffy, a beautiful telephone operator of Denver, out of their dilemma.

In the palmy days of Cripple Creek just as Doyle was merging from the poverty class into the ranks of millionaires through fabulous gold strikes in the Portland mine at Victor, he met Doyle, forgave her youthful sins after their first fling, married her, and the whole lower part of the building was on fire. Fanned by a breeze, the flames soon spread and enveloped the whole structure, so that small buildings near the fire also caught. The flames were checked within 20 minutes, but the roof had collapsed. The loss is estimated at \$100,000.

EMBEZZLEMENT CAUSES BIG FIRM TO GO UNDER

(United Press Leased Wire.)

Chicago, Sept. 7.—Appointed receiver for the Erie Heating company, revealing a prominent business man as a fugitive from justice and accused of embezzeling \$100,000. The liabilities are said to be \$25,000.

NORTHERN EXTENSION PROMISED.

(Special Dispatch to The Journal.)

Vancouver, B. C., Sept. 7.—D. D. Mann, head of the Canadian Northern Railway, who is in Vancouver, today announced that his company would build a line from Vancouver to northern British Columbia and that construction would probably be commenced soon.

HAD THREE WIVES AND LOST TWO

One Attempted Suicide and
Mother-in-Law Had Word
That Caused Trouble With
Another — Arrested for
Disturbing Peace.

District Attorney Has Pos-
session of Letter Written
by Dr. Owens Which Of-
ficial Construes as Black-
mail.

(Pacific Coast Press Leased Wire.)
Los Angeles, Sept. 7.—One more wife than he admitted having had is placed to the credit of J. Whyte Evans and one more alleged blackmailing letter from the facile pen of Dr. J. S. Owens than has hitherto appeared, were two of the revelations today in the cause celebre involving the impulsive doctor and the pyrotechnic promoter.

Prior to claiming Mrs. Minna Hance Evans and Mrs. Gertrude Dewitt Evans as wives, Evans had married a woman in California whose home was in Tulara.

Evans married his first wife in San Francisco. The pair moved to Tulara where he started a business college. The pair had a child soon after the birth of which the woman left him. He followed and found her. They related his mother-in-law advanced into the apartment and what resulted Evans was arrested and charged with disturbing the peace.

This infidelity gave his wife the opportunity to proclaim that he had served time in the penitentiary, and that story was published at that time in a Tulara newspaper.

The first Mrs. Evans of the three known to have existed was divorced in San Francisco. Evans had returned to Tulara and another couple eloped with and married Miss Lucyette, daughter of a well-known Tulara family.

Evans lived with this wife several years and to them a girl baby was born. Shortly before she secured a divorce, Mrs. Dewitt Evans is said to have attempted suicide. She is said to be in the left shoulder and Dr. Owens, who was one of her witnesses in the divorce trial, was authority for the suicide story. Owens attended Mrs. Evans as her physician and had her confidence to such a degree that in a fit of pique at her husband she exposed the stain upon his record. So much for Evans' wives.

Dr. Owens, who appeared before Justice Schip, this morning to have the divorce case set for trial, gave an explanation on the charge of attempted suicide. The attorney who was author of another letter which Deputy District Attorney Paul J. McCormick, who has charge of the prose-cution, construes as a blackmailing epistle.

This letter was written three years ago from Chicago, the man addressed being J. V. McNeil of 3577 Dayton avenue, this city. While the contents of this letter are not to be made public for the present, McCormick says it represents an effort on Owens' part to obtain money by holding a threat over

RENAULT CAR WILL WIN ENDURANCE RACE

Berni and Lacroix Will Be
Victors Unless They
Have Accident.

(United Press Leased Wire.)

Morris Park Race Track, N. Y., Sept. 7.—Driven by Berni, the professional, and Lacroix, a millionaire, Renault car 35-42 at 10 o'clock tonight had assured its victory in the 24-hour endurance race, barring accident.

Some times reaching 60 miles an hour and dropping below 25, they had evened up space and at that hour had covered 971 miles or 20 miles ahead of the American record.

Two hours ago, Mrs. Whitlay married Charles Henner, a rich mining man of Blair, Nevada, and went to Honolulu with him. Mrs. Hepner's liberal views on life led to a divorce.

Mrs. Doyle next became friendly with Kid McCoy, the pugilist, who borrowed a \$1,000 diamond ring from her and lost it, he claimed.

Two years ago, Mrs. Doyle, still beautified by her marriage to McCoy, was a manufacturer named Whitley and toured the world with him. Again domestic life became irksome to the dashing young woman and after her husband found ample reason to divorce her.

Charles Henner, a rich mining man of Blair, Nevada, and went to Honolulu with him. Mrs. Hepner's liberal views on life led to a divorce.

On the night she had become af-

flicted with consumption, Ten days ago she came to Denver, her old stamping ground, for one "last" good time. Now her death is hourly expected in a local hospital and when her soul passes to the great beyond the romance of Jimmie Doyle and Marie Duffy will be consummated in marriage.

The big cars were taken off the track for three hours today so that a number of unimportant local contests could be decided and when the races were resumed the six cars remaining in the contest ran around the course at a great pace.
