

GOLDEN WEDDING OF PIONEERS

Mr. and Mrs. Enoch Wimberly of Roseburg and their children. The children, named from left to right, are: Miss Elva Wimberly, Portland; Mrs. C. L. Clevenger, Grants Pass; L. Wimberly and Elmer E. Wimberly, Roseburg; and Ira Wimberly, Drain.

(Special Dispatch to The Journal.) Roseburg, Or., Sept. 7.—Mr. and Mrs. Enoch Wimberly of this city celebrated their golden wedding September 3. They were married 50 years ago in the log cabin of Andy Chapman on the East Timpqua river by Fletcher Royal of the Methodist church, then of Wilbur, Oregon. Mr. Wimberly crossed the plains in 1846, driving an ox team from Missouri. He located in the Wadsworth hills near Salem, and when the great excitement over the discovery of gold in California spread over the country he

drove the ox team to San Francisco in 1848, and sold the wagon and team for \$1,000. After a year in the mines he came back to Oregon in a sailing vessel. His reason for a return at sea he was 51 days from San Francisco to Portland. At that time San Francisco was only a tent town and Portland had but very few houses. In 1852 he took up a homestead in Douglas county and lived there until 1857, when he moved to Roseburg and has resided here ever since. Mr. Wimberly is now 77 years old and Mrs. Wimberly 69. Mrs. Wimberly, then Miss Marks,

crossed the plains by ox team from Illinois in 1850. Her family located at Salem. Mr. Wimberly fought in the volunteer regiment in the Chinese war, and also in the Rogue River Indian war. He has been in very poor health for the past three years, and is now able to sit up only a portion of the day in his chair. Mrs. Wimberly has very good health. They have five children, Miss Elva Wimberly of Portland, Mrs. C. L. Clevenger of Grants Pass, L. Wimberly and Elmer E. Wimberly of Roseburg and Ira Wimberly of Drain.

STABBING IN NORTH END JAP RESTAURANT

Austrian Receives a Cut in His Back About Nine Inches Long.

In a quarrel with some Japanese over being ordered out of a Japanese restaurant and saloon at 54 North First street, John Supt, an Austrian, was stabbed in the back last night. Supt received a deep cut on the left side of the back about 9 inches long. He was taken to the Good Samaritan hospital for care. He will recover. George Jakle, an Austrian, who was with Supt, was arrested on the charge of carrying concealed weapons. On him was found a knife with a long blade, such as commonly used by hunters. The two Austrians said they had gone into the Japanese restaurant, where Americans are not wanted, and were ordered out. They objected to going,

and were attached by the Japs, according to Jakle. The proprietor of the place where the stabbing occurred and a number of other Japanese were taken to the station by detectives Vaughn and Hoyer who were assigned to the case. U. Tubal, who was in the place when the stabbing occurred, was arrested, and booked on a charge of drunkenness pending a further investigation. All the other Japanese were allowed to go free.

SAYS KIYOSHIMA STOLE HIS WIFE

M. Kiyoshima and Shizu Takagi were arrested yesterday afternoon in a room in the old Paris house by Constable Lou Wagner on a warrant charging them with a statutory crime. The complaint in the case is O. Iwakawa of San Francisco, who alleges that Kiyoshima eloped with his wife, Shizu, last November. The woman is extremely pretty and 24 years of age. According to Iwakawa they were married in Honolulu five years ago and lived happily until Kiyoshima put in an appearance. The accused man maintains that the complaining witness is a blackmailer and announces his intention of fighting the case to the highest tribunal. In default of \$750 bail apiece the couple were locked up in the city prison.

ORGANIZED LABOR TO OUST PUBLIC PRINTER

Stillings Charged With Unjust Reduction of Wages and Law Violation.

(United Press Licensed Wire) Washington, Sept. 7.—Organized labor has begun a fight to force Public Printer Stillings out of office. The current issue of the Trade Unionist, the Central Labor Union's organ, today editorially charges him with unjust reduction of wages, violation of the eight-hour law, and civil service and vindictive suspensions, dismissal of faithful employees and creating intolerable conditions. The first labor journal published in Alaska appeared at Nome last month, and is entitled the "Nome Industrial Worker." It is a four-page weekly representing the Western Federation of Miners.

TROPICAL FRUIT FOR COLORADO

Hawaii Sees Opportunity for Juicy Profits in Island-Grown Pineapples.

Denver, Sept. 7.—Denver will be made the distributing point for Hawaiian pineapples for the western states, if the plans of A. E. Higgins, horticulturist for the government experiment station at Hawaii are carried into effect. He is arranging with the local commission men to handle the Hawaiian product, and the indications are that several carloads of the juicy fruit can be handled with profit to both the Denver commission men and the Hawaiian growers. To show how the fruit will keep on its long journey, Mr. Higgins shipped two carloads to Denver last week. Kniffin, 1605 Larimer street, and one crate to Secretary James M. Young of the Colorado Commercial association. The Hawaiian pineapples shipped here by Mr. Higgins are the best seen on the Denver market. They are larger than the Cuban pineapples are juicier and in every way superior to the brand that Denver ordinarily receives. When larger shipments arrive it is anticipated that they will meet with the favor of Denverites, and few of them will find their way to outside points.

USED VIOLENT MEANS TO SECURE AN AUTO

James Mizner, a well-known young man of Mitchell, Oregon, was arrested last night by Detective John Price at Fifth and Washington streets on a charge of carrying a concealed weapon. Some time ago Mizner purchased an automobile from O. Ruddy of 141 1/2-cent street, upon which he paid a deposit of \$100, receiving that a mortgage had been placed on the auto for over \$800. Mizner decided to secure the return of his money, and accompanied by Ruddy, he went to 141 1/2-cent street North, the chauffeur for Ruddy and the owner of the car. Mizner made a trip to the car and last night when Ruddy stopped at the home of his attorney at Seventeenth and East Davis, to consult the latter about the matter, it is alleged that Mizner drew a revolver and ordered Ruddy to drive the machine to town. The chauffeur jumped from the machine and took to his heels, while Mizner, who had fired a shot in the air to stop him. Hearing no police headquarters Ruddy notified the police of the matter. The arrest followed. Mizner was released on deposit of \$50 cash bail and Judge Strode will hear the case Monday morning.

PEOPLE OF ALBANY SUSPECT HARRIMAN

They Think He Is in the Game to Obstruct Welch Franchise for Rival Traction Line.

(Special Dispatch to The Journal.) Albany, Or., September 7.—Additional interest has been added to the fight being waged by the city council to annul the franchise of the Albany Street Railway company. After instructing the city engineer to prepare a franchise for the proposed new electric street car company to have the original franchise declared forfeited, Joseph Hirschberg of Independence appears on the scene and declares that he is the owner of the franchise and that he will fight the matter to the bitter end. Most of the citizens of Albany feel that Hirschberg is not the owner and that he is acting under orders from some outside party interested in valley franchises. Some intimates of the land of Harriman is seen in the movement and that it is a plan on his part to thus frustrate the plans of the electric line being constructed from Portland southward through the valley, fearing the competition that will ensue. Not even the parties in Albany acting in behalf of the old company were aware of the ownership and transfer as claimed by the new owner and his appearance and deft comes as a thunder-clap out of a clear sky. Considering the present status of affairs a large proportion of the citizens favor the granting of a franchise to the new company.

ALL SAY KNESS INVITED HIS DOOM

(Special Dispatch to The Journal.) Lewiston, Idaho, Sept. 7.—That Jack Kness came to his death from the effects of gunshot wounds inflicted by F. E. McBride is the verdict returned by the coroner's jury imposed at Volmer to investigate the shooting in McBride's saloon Monday night. Further than that the jury found that Kness was done in self-defense, the jury made no recommendations. All witnesses testified that Kness fired the first shot, and apparently killed the other, but the general belief that McBride will be cleared.

INDIANS IN IDAHO MURDERING ELK

(Special Dispatch to The Journal.) Lewiston, Idaho, Sept. 7.—A report has reached Lewiston that Indians are slaughtering elk in the Orogrande and Washington creek districts in violation of the law, which prohibits the hunting or killing of these animals prior to September 15, and restricts each hunter to one elk during the open season. The Indians have established a hunting camp and the old men of the tribe say that many elk have been killed and that the hunters are observing no limit on the number per man.

COURT IS HEARING HERMISTON FIGHT

(Special Dispatch to The Journal.) Pendleton, Or., Sept. 7.—Judge H. J. Bean in the circuit court yesterday overruled the defendant's demurrer in the quo warranto proceedings in which J. R. Means and F. B. Swazy are rival claimants for the position of councilman at Hermiston. Swazy must now be filed and on trial the ballot box will be opened and the court will determine who was legally elected.

LIGHTNING'S TRICK WITH POWER PLANT

(Special Dispatch to The Journal.) Cove, Or., Sept. 7.—Reports from the electric storm of Thursday evening show nothing so serious as that of last Sunday afternoon, when the light and power station at this place failed to work, leaving the town and Union in darkness all that night, unless the disappointment from the destruction of the system of lightning resistors at Hot Lake is considered aside from cash value. The Grande Ronde electric light and

power station here has not before had a breakdown of any nature since being put in three years ago, and that was repaired in two days. The Grande Ronde light and power plant, Fred Roush electrical, which, with its four stations, supplies all of the Grande Ronde valley, is one of the few light and power plants on the Pacific coast owned by local capital. Its Cove station, at the head of Mill creek canyon, has a 300 K. W. General Electric company generator, and the water having a fall of 900 feet makes it the fourth highest head in the Pacific northwest.

ESTEB RESIGNS AS EXECUTIVE OF ECHO

(Special Dispatch to The Journal.) Echo, Or., Sept. 7.—L. A. Esteb, who has been mayor of the town of Echo for several years past, handed in his resignation at the last meeting of the council at this place, the same to take effect at once. The mayor's health is not of the best, and his business duties are too numerous to properly handle the duties of the mayor's office, consequently his resignation, which has not been denied, will be appointed to fill the vacancy.

THIS LAD WENT TO SIZE UP THE WORLD

(Special Dispatch to The Journal.) Spokane, Wash., Sept. 7.—Robert, the long lost son of Mr and Mrs. J. Z. Higgins, has been found. He left June 12 and has visited the Hawaiian islands and traveled extensively elsewhere. He was at San Francisco when found by the police. He is only 12 years old, and ran away from home "just to see what the world was like."

Madison, Monroe and J. Q. Adams found the cabinet a stepping stone to the presidency, but this political history has never repeated itself. It is interesting to note in the same connection that Secretary Taft, Secretary Cortelyou and ex-Secretary Shaw will find no preced-

dent for the elevation of a cabinet officer other than a secretary. Have been in the highest honor in the gift of the people.

Special Buys

\$15,000—Fractional lot with building, near 1st and Madison. A location with a great future. \$12,000—Corner, 80x100, near E. Morrison and Water. T. WILSON, Auctioneer.

FAIR WARNING TO THE PUBLIC

Shares of the Champion Group Mining Company Goes to 75c in a Few Days

THE STORY BRIEFLY TOLD

The following terse telegram, received from our expert miner in the field in Siskiyou county, California, that great mineral section of the Golden State, fully explains itself:

Yreka, Cal., Sept. 2, 1907. Champion Group Mining Co., 207 Couch Bldg., Portland, Ore. Have just secured Beaver Creek group, consisting of 280 acres. I consider this a valuable addition to your holdings; should make a large producer of copper. O. H. POOR.

WHAT THE LOCAL PAPERS SAY OF IT

The Siskiyou County News, published at Yreka, the bustling city only seven miles from our gold mines, speaking of this transaction, remarks:

O. H. Poor, agent for the Champion Group Mining company of Portland, owns and is developing a group of 12 promising gold quartz claims on Humboldt creek, bounded from W. D. Douglass and others the Beaver Creek copper group, consisting of 14 claims in Oak Bar district about seven miles southeast of the famous Blue Ledge copper mine. The property covers about three miles of a copper ledge and is in the same mineral belt as the Blue Ledge. These claims have one of the finest surface showings of any copper body in the county. The cropping of the ledge shows from 50 to 200 feet in width. The group contains 250 acres and is surrounded by a large body of timber as fine as there is in the county. Garretson springs are only half a mile from Beaver creek, and fine water-power can be had.

A PRESENT TO EVERY SHAREHOLDER

Forty-five thousand dollars is the price of this copper buy, and the management of THE CHAMPION GROUP presents it to the stockholders, old and new, of that splendid mining corporation, but within a few days

SHARES WHICH ARE NOW SELLING AT 50c WILL BE RAISED TO 75c EACH

THE CHAMPION GROUP ARE GOLD MINES. They are producing now, and we are selling only shares enough to enable us to enlarge their producing capacity, that we may not be compelled to wait the slow process of expansion by digging the gold out of the earth by the primitive methods of our predecessors.

OUR STOCK OUGHT TO BE AT PAR TODAY

It is worth it. We are confident that it will sell at \$5 the share within a year. It will be 50 cents this week, and the next pop is to 75 cents.

GET YOUR STOCK NOW—DON'T WAIT!
