Athletic Park—Baseball, doubleheader.
Portland vs. Oakland, 3 p. m.

Dr. and Mrs. Wilbur F. Crafts, who have been touring the orient studying the opium traffic, will return to Portland this week. Dr. Crafts is the su-

perintendent of the International Reform Association bureau, with headquarters in Washington, D. C., and will reach Portland Saturday. He will speak at the First Presbyterian church next Sunday on the opium traffic. After leaving Portland Dr. and Mrs. Crafts will lecture through the east on their way to Washington.

Waiting your turn at the barber's is valuable time wasted and counts up in a year. Life is short at the most, so make the most of it. Go to Albert Borne, the druggist, 222 Washington street, and get one of his guaranteed shaving outfits. Save time and money besides enjoying the pleasure and satisfaction that goes to the man that shaves himself.

The Portland Auction company announce in today's issue that there will be an auction of the furnishings of the residence at 224 Davis street, between Sixth and Seventh streets. The furniture is new and of splendid selection. Wednesday, September 11, at 10 a. m. sharp, is the hour set for the sale.

It is in everybody's mouth. Children just love it. It is the talk of the town. It makes the weak strong. Everybody is talking about it. It is good enough for the White House. What? Of course, "Golden Grain Granules" the 100 per cent pure cereal coffee.

Water through hose for sprinkling yards or sidewalks or washing porches or windows must be paid for in advance and used only between the hours of 5 and 8 a. m. and 4 and 7 p. m. It must not be used for sprinkling streets, if used contrary to these rules, or wastefully, it will be shut off.

The position of assistant pastor of the First Presbyterian church, which has been vacant since the resignation of Rev. E. H. Hare, has been filled by the selection of William H. Phelps, B. A. of Iowa. Mr. Phelps is a graduate of Poe college and has completed one year of his theological course. He

comes of a ministerial family, his father being one of the strong preachers of the middle west and formerly president of Poe college. Mr. Phelps comes highly recommended.

ENLARGE EVERY COURSE OF STUDY

Departments Will Permit Greater Scope of Work During Coming Year.

In addition to classifying the standing of students in the high and elementary schools of Portland, the course of study, which has just been received from the printer, shows that the various departments have been enlarged to permit of doing more efficient work this year. Important changes have been made in the course of study, is domestic science, in the primary grades and careless assignment to parts in the upper grades and high schools will be eliminated wherever they occur. Tones need not be loud to be full of life; they need not be soft to be sweet; they must be buoyant and floating to be attractive. In this department of the school work considerable changes will be made to include a greater range than ever before attempted.

Sewing is considered a necessary equipment for a practical and accomplished education for women, as it teaches form, color and accuracy of hand and mind, and it will be the function of the school people to develop this faculty of the girl pupil to a greater degree than carried out heretofore. Another department which the board is thinking of adopting, but which is not referred to in the course of study, is domestic science. A majority of the board members favor this branch of school work and it will probably be adopted at a future meeting.

Beaver Creek Copper.

O. H. Poor, agent for the Champion Group Mining company of Portland, which owns and are developing a group of 12 promising gold quartz claims on Hamburg creek, has bonded for W. D. Daggert, the Beaver Creek copper group, consisting of 14 claims in Gals. Bar district, about seven miles southeast of the famous Blue Ledge copper mine. The property covers about three miles of copper ledge, and is in the same mineral belt as the Blue Ledge.

These claims have one of the finest surface showings of any copper body in the county. The cropping of the ledge shows from 50 to 200 feet in width. The group contains 288 acres and is surrounded by a large body of timber

as fine as there is in the county. The surrounding timber land has been taken up by outside parties. Garretson springs are only a half mile from Beaver creek, and fine water power can be had.

The contract provides for a two-year working bond, and the consideration is fixed at \$45,000. The Champion Group Mining company under the present management, have been advertising the mining resources of Siskiyou county very extensively for several months past in connection with their own group on Humbog, and they can be depended upon to push development of their new copper property just purchased.

The company recently started tunnel No. 4 on their Hamburg group which will tap the ledge at 300 feet. This tunnel will be used for a tram grade to the mill, and at the same time open the mine to great advantage.
